Comm. De Leon questioned if the Sheriff’s Office was within the budget savings requirement because of the number of waivers requested and approved. Chief Deputy Harless stated that although he does not have that percentage the Sheriff’s Office is well within or has exceeded what was expected of them. Chief Deputy Harless explained the only positions that are being filled are because of retirements and promotions and there are still vacancies that are not being filled. He estimated that there will be seven open positions before the end of August. Comm. De Leon questioned the need for the waiver before the retirement date. Chief Deputy Harless explained that the Sheriff’s Office does not announce a promotion until it knows the Board has approved the waiver in addition to training.

Comm. De Leon stated that most requests use the language affect safety, supervision, liability, and securities making it seem somewhat common she then asked for the reason behind the language. Chief Deputy Harless explained that the Department has been cut to the bone over the past years and it has been a struggle to keep things functioning while protecting the staff and community. He provided examples of why they cannot afford a further reduction of staff and the need to reduce overtime. Comm. De Leon thanked Chief Deputy Harless for answering her questions helping her better understand the Sheriff’s Office situation and needs.

Comm. Grebner asked if they are hiring from within and if so is it contractual. Chief Deputy Harless stated it is contractual to hire from within provided there is the ability. He noted that the Sheriff’s Office has not been in the position in the recent past to hire from the outside.

Schor asked if this the most vacancies the Court has seen. Mr. Easterday answered yes stating there have been and will be retirements. He noted that the two requests are not new positions.

Board Chairperson Copedge asked if the positions will be posted. Mr. Easterday answered yes; the position will be posted and the applicants will go through the interview process. Board Chairperson Copedge asked if an internal employee fills the position will the vacancy create another request for waiver. Mr. Easterday explained the memo addresses that concern to backfill a position. Comm. De Leon asked if the Circuit Court will realize their recommended budget savings or will it exceed the projection. Mr. Easterday stated that the General Trial Division did meet the recommended budget target while the Friend of the Court and Juvenile Division did not. Comm. De Leon asked how many Deputy Clerk II positions are open. Ms. Taylor answered three but only one position is requested. She overviewed the job duties. Ms. Brinson explained insurance premiums whereby experts worked on cost ratios using only the Michigan Market, in addition, the loan is for 30 years with a projected payoff in 15 years.

Ms. Brinson explained that the Co-op will contract with the County, promote community affordable health care and optimize networking with providers. The County will only be providing back office support much like with the County Health Plans.

Chairperson Holman asked if this will burden the existing staff. Dr. Branch Canady explained the IHP work will be declining as the ACA takes effect. She noted health plans are going away the system is changing and this is an opportunity to transition service and generate revenue. Dr. Branch Canady stated that if the relationship shifts they will come forward with another proposal. Ms. Lannoye expressed her concern of short term agreements and County legacy costs. Ms. Brinson stated she was open to moving County employees to the non-profit if that is how the
Board would like to move forward. Dr. Branch Canady explained what made this agreement attractive is it generates revenue and keeps people employed as County positions may be declining. Additionally, the Co-op may have a difficult time steering through the requirements without the County.

MOTION TO TABLE FAILED with Comms. Holman, Grebner and Vickers Voting “no”.

Chairperson Holman stated it is appropriate to start with the part-time body and this is a plan that she believes the constituents will find fair.

Comm. Schor stated he will be voting no on this only because it is his opinion it should be reviewed with the other plans that are being negotiated. Comm. Celentino echoed Comm. Schor. Mr. Parsons informed the Committee if approved it will take 30 days to get the paper work in place.

Comm. Grebner stated this is setting the Hybrid Plan only for the Board of Commissioners and Elected Officials and the Board has the ability to make the decision rather than bargaining. He expressed his budget concerns.

Comm. De Leon stated she will not support anything with a 1% multiplier and would like to receive an example of an employee’s retirement that is making $30,000. Comm. Grebner stated that each unit could have a different multiplier and the BOC and Elected Officials are different than the employees. He noted that it makes sense that the BOC and Elected Offices have a portable plan.

MOTION TO APPROVE THE RESOLUTION FAILED with Comms. Schor, De Leon and Celentino Voting “no”.

Announcements:

Ms. Lannoye stated that interviews will begin on Friday for the IT Director. Comm. De Leon asked if progress has been made on the consulting. Ms. Lannoye stated a team has been put together and has begun by developing a scope of work to avoid unnecessary costs. A consulting contract should be ready for the Commissioners to review at the next meeting.

Ms. Lannoye informed the Committee that records could not be recovered for the County Clerk’s Office, state records are not available and additional records will need to be scanned. She noted there will be an increased scanning cost and scanning will begin next week.

Board Chairperson Copedge expressed his concern with the 911 Center start up and asked that the Law Enforcement Committee and all Commissioners receive a synopsis of all the difficulties that have been experienced and how they are being resolved. Ms. Lannoye will check with Mr. Neilsen if Comm. Tsernoglou has been kept informed about the transition.

Chairperson Holman asked the Committee to consider splitting the County Services meeting into Community Services Committee and a Properties/Infrastructure Committee in addition to combining Law Enforcement and Judiciary.

6b-f. Department of Transportation and Roads - Resolutions to Approve Local Road Agreements with Five Townships

Attached are five resolutions that authorize entering into local road improvement projects (LRP) agreements with Meridian, Delhi, Lansing, Leroy, and Williamstown townships. Please refer to the respective resolutions for details on each of 2012 proposed projects.

6g-n. Department of Transportation and Roads—Resolutions to Award Construction Contracts included in Approved LRP Agreements.

Attached are bid tabulations and recommended resolutions to award contracts to bidders on various projects, which will be constructed by contractors. These are projects that require more asphalt paving than the Road Department is equipped to perform economically. The bid tabulation and resolutions reflect bids received for Road Department bid proposal #1639, which included 8 separate projects or “items” to bid on. These 8 projects will require 8 separate contracts and thus involve the 8 separate resolutions, as they involve differing work and/or are in differing townships. The 8 projects involve pavement recycling and asphalt resurfacing on various streets, listed in the resolutions, within Meridian, Delhi and Lansing Townships, an asphalt road resurfacing in Vevay Township, and asphalt paving of an existing gravel road in Stockbridge Township.

6o-r. Department of Transportation and Roads - Resolutions Approving Waterborne Pavement Marking Agreements with the Village of Webberville and the Cities of Leslie, Mason, and Williamston.

There are 4 resolutions included on your agenda that authorize pavement marking agreements. The agreements would authorize the Department to apply pavement markings on roads under the jurisdiction of the individual unit. The Department will be reimbursed for the full amount of their pavement costs.

6s. Department of Transportation & Roads - Resolution to Approve the Special and Routine Permits for the Ingham County Department of Transportation and Roads.

8. Farmland & Open Space Preservation Board—Resolution Approving the Farmland & Open Space Preservation Board’s Recommended Selection Criteria (Scoring System) for the 2012 Farmland and Open Space Application Cycles.

The ordinance passed in 2004 requires Board approval of ranking criteria. This resolution authorizes the 2012 scoring criteria. The Board would still need to approve the actual purchases.

9a. Health Department - Resolution to Accept Funds from the U. S. Department of Health and Human Services, Division of Health Resources and Services Administration for the Healthy Start Grant and Establish Perinatal Systems Project Coordinator/Senior Public Health Nurse and Health Educator II Positions

This resolution accepts funds from the U.S. Department of Health and Human Services (HHS), Division of Health Resources and Services Administration (HRSA) in support of the Healthy Start Project. This national project addresses the significant disparities in the health of mothers and babies experienced by racial and ethnic minorities in communities that face many challenges. The Health Department has been awarded an amount of
up to $965,000 for the period June 1, 2012 through May 31, 2014 and creates the establishment of two new positions: Perinatal Systems Project Coordinator/Senior Public Health Nurse, PHN Grade 4 ($56,938 - $68,343) and a Health Educator II, ICEA Grade 7 ($49,848 - $59,841) for the period of the grant.

This resolution converts Otto Community Health Center from a school-based health center to a Community Health Center and establishes a primary care physician. The remaining staff at the center will be transferred from other locations within the CHC network. There may be a need to modify the lease agreement with the Lansing School District. This resolution is silent on that. Should there be a need for an amended agreement; a substitute resolution will be brought to the Human Services meeting.

10. Financial Services - Resolution Authorizing Signature for Western National Life Deferred Comp Plan

The County has an old deferred comp plan which was originally administrated by AIG and has not been used for many years. Since that time, the plan has been acquired by American General Annuity and in 2009, by Western National Life. We have a former employee who has been trying to withdraw her money from this plan and Western National Life has been extremely uncooperative. They refuse to withdraw her proceeds or even discuss this account without a formal resolution authorizing representation. Attached is a resolution authorizing the Director of Financial Services and the Director of Human Resources to represent and sign for the County on this account.

11. MIS - Resolution to Approve the Contract Amendment with AT&T to Provide Network Connectivity to the Road Department Administrative Building and Sexton High School.

This resolution authorizes an amendment to our connectivity contract with AT&T by adding these two additional locations. The annual cost for the Road circuit is $9,072 and $6,960 for the Sexton circuit.

13b. Facilities - Resolution Awarding a Contract to Camelot Services Co., to Provide Carpet Cleaning Services to Various County Facilities.

The resolution authorizes a contract to Camelot Services, Co., to provide carpet cleaning services to several county locations. After going through a competitive bidding process, both the Purchasing and Facilities Departments agree that a contract is awarded to Camelot Services Co., who submitted the lowest responsive and responsible bid of $100,083.00 for a three year contract beginning September 1, 2012 through August 31, 2015 with an optional two (2) year renewal. Funds for this contract are available within the appropriate operating budgets.

13c. Facilities - Resolution Awarding a Contract to Pro Tech Environmental Services for the Removal of Mold, Clean Up of the Crawlspace, and Encapsulation of the Crawlspace Floor and Wall in the Courthouse.

The resolution before you authorizes awarding a contract to Pro Tech Environmental Services for the removal of mold, clean up of the crawlspace, and encapsulation of the crawlspace floor and walls of the Ingham County Courthouse. The cost for this project will be $14,750.00, as well as a $2,500.00 contingency, for a total cost, not to exceed $17,250.00. Pro Tech Environmental Services submitted the lowest responsive and responsible bid and come highly recommended. The funds for this project are available in the approved CIP line Item.

It has been determined the snow park hill at Hawk Island has significant soil erosion issues. The resolution approves a contract with Anderson-Fisher for the grading, scarification, polymer, drill seed, mulch, and mulch anchor necessary to correct the soil erosion and safety issues. The contract with Anderson-Fisher & Associates, Inc. of Mason, Michigan for the grading and landscaping of the Hawk Island Snow Park will be in the amount of $42,712, with an additional contingency amount of $6,500. Total project cost will not exceed $49,212. Contract payments will be made from the Parks 450-75600-71000 account in the amount of $44,811 and the Parks Capital Fund (450) Undesignated Balance in the amount of $4,401.

14c. Parks - Resolution Approving a Contract with Superparks LCC (Planet) to Design, Construct, and Manage the Hawk Island Snow Park.

It has been determined the Hawk Island Snow Park would benefit significantly from the expertise and involvement of Ryan Neptune, an internationally known figure in the winter sports community, and his company, Superparks LCC (Planet). His company manages and oversees many ski resorts and events around the United States including one in Gaylord, Michigan. This resolution authorizes entering into a contract with Superparks LCC (Planet) whereby the gross receipts collected at the Hawk Island Snow Park, with the exception of vehicle entrance fees, would be split in the amount of 25 percent to Ingham County and 75 percent to Superparks LCC (Planet). Planet would be responsible for working with and managing partners for the Hawk Island Snow Park in the seasonal preparation for all outside operations with respect to the venue and would look to hire as many local seasonal workers as possible. Please refer to the memo from Willis Bennett for additional information.

14d. Parks - Resolution Approving an Increase in Soccer Usage Fees for the Hope Soccer Complex.

This resolution approves field fee increases at the Hope Soccer Complex for fall 2012 games. Before the Hope Soccer Complex was constructed the Ingham County Board of Commissioners and the Ingham County Parks and Recreation Commission agreed that the Complex would be self-supporting. At the request of the Soccer Advisory Board cost projections to significantly increase the quality of the fields at the Hope Soccer Complex were completed by Parks Department staff and have shown the need for an increase in future field fees. Based on the results of those cost projections the Soccer Advisory Board and Parks Commission recommend an increase in fees that would generate $76,000 per year.

OTHER ACTION ITEMS

14a. Parks - Resolution Authorizing the Renewal of the Agreement with the City of Lansing for the Maintenance of Certain City Parks. (Referred from the Parks & Recreation Commission).

The Parks and Recreation Commission supported this renewal with the passage of a resolution at their July meeting. Failure to renew this contract will result in an additional $40,000 general fund appropriation in 2013. In July, at the instruction of the Board, I notified the City that this contract may not be renewed. It is set to expire on September 30, 2012. If the contract is not renewed the City will simply add these Parks to their new contract for Parks maintenance services for other City Parks. Absent a Board resolution authorizing a one-year renewal, this contract will simply expire so there would be no need for Board action if the decision is not to renew.
15c. Board of Commissioners - Lansing Township is requesting that Ingham County Pledge our full faith and credit to cover environmental clean up costs so that the Former Anchor Motor Freight/Lease way Properties can be redeveloped. The request is for the County to borrow $400,000 to $500,000 from the Michigan Department of Environmental Quality Revolving Loan Fund. The fund offers low interest rates to local units of government (i.e. no payment for 5 years and an interest rate of 1.6%). The funds would be paid back with tax capture from a newly created Brownfield TIF District. The township does not wish to borrow the funds themselves because they are too close to their debt limit. The County has pledged our full faith and credit in the past to townships, but they have primarily involved water system upgrades that are paid back with assessments to their local users. Approval of this could set a troubling precedent. This matter has been referred to the County Brownfield Redevelopment Authority for their review and recommendation. They meet on Thursday August 16. I will forward materials under separate cover after the meeting.

15a. Board of Commissioners - Resolution Designating September 24, 2012 “Family Day - A Day to Eat Dinner with Your Children” in Ingham County.

15d. Board of Commissioners - Resolution Naming Lady Margaret Groves as the Recipient of the Ingham County Women's Commission’s 2012 Lucille E. Belen Everyday Heroine Award.

RE:    Extending Temporary Principal Residence Auditor

The County Treasurer proposes to extend the Temporary Principal Residence Exemption Auditor position during FY 2012. This position was initially authorized by Board Resolution #12-59 for an amount not to exceed $5,000. The funding for this position is from Delinquent Tax Fund 520. The amount originally authorized is nearly exhausted; however, this position has produced over $10,000 in county revenue. I believe that extending this position until the end of FY 2012 at an amount not to exceed, $2,500, will produce another $5,000 in county revenue.

Thank you for your consideration of the Resolution.
INTRODUCED BY THE COUNTY SERVICES AND FINANCE COMMITTEES OF THE:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION AUTHORIZING AN EXTENSION OF TEMPORARY PRINCIPAL RESIDENCE AUDITOR ASSISTANT

WHEREAS, the Ingham County Treasurer has the authority to audit claims of Principal Residence Exemption per PA 105 of 2003 [MCL 211.7cc(10) et. Seq.]; and

WHEREAS, the Ingham County Treasurer’s Office was authorized by Board Resolution #12-59 to create a Temporary Principal Residence Auditor Assistant for FY 2012 at an amount not to exceed $5,000; and

WHEREAS, this position has generated over $10,000 in County interest revenue based on 40 Principal Residence Exemption Denials to date; and

WHEREAS, there are 30 or more potential denials under audit at this time and with continued auditing there will be an increase in County and local school district revenue for FY 2012; and

WHEREAS, the Ingham County Treasurer has determined there is good cause to extend the Temporary Principal Residence Auditor Assistant position to assist in the requirements of PA 105, under the Treasurer’s supervision, through December 31, 2012.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners approves the funding for extending the Temporary Principal Residence Auditor Assistant position for the remainder of 2012 in the Treasurer’s Office at an amount not to exceed $2,500.

BE IT FURTHER RESOLVED, that continued funding for this position will come from Delinquent Tax Fund 520.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners authorizes the Controller to make the necessary budget adjustments and position allocation list amendment in the Treasurer’s 2012 budget.

County Services Committee  
Chairperson Dianne Holman

Dear Chairperson Holman:

The Ingham County Sheriff’s Office is requesting a waiver of the 2012 hiring freeze and hiring delay for an open Corrections Deputy position.

The Ingham County Sheriff’s Office, received a retirement letter, effective August 24, 2012 from a Corrections Deputy. This position was funded for the 2012 Sheriff’s budget.

I am requesting a waiver of this committee on the 2012 hiring freeze and hiring delay so we can fill this position.

If this position is not filled, it will affect the safety and supervision of our inmates, thus increasing liability for the county. Additionally, overtime will increase in order to maintain a safe and secure jail.

Sincerely,

Sheriff Gene L. Wriggelsworth  
Ingham County Sheriff

Dear Chairperson Holman:

The Ingham County Sheriff’s Office is requesting a waiver of the 2012 hiring freeze and the hiring delay for an open Detective Position.

The Ingham County Sheriff’s Office, had a Detective vacancy occur, effective July 19, 2012. This Detective position was funded for the 2012 Sheriff’s budget.

I am requesting a waiver of this committee on the 2012 hiring freeze as well as a waiver for the hiring delay period so we can fill this position with a promotion as well as backfill the Deputy’s vacant position that will result in the promotion.

Sincerely,

Sheriff Gene L. Wriggelsworth

    Index Clerk–Register of Deeds Office

I am respectfully requesting that an exception to the hiring freeze be granted for the position of document processor – Register of Deeds Office which was vacated due to an unexpected death in my office. At this moment I am only requesting the position be waived. This position is crucial as the real estate market is recovering and we are seeing an increase in filing in my office. Further with 10% of my staff being vacant we are falling behind on our current work load.

RE: Suspension of Hiring Freeze and Hiring Delay for Accountant/Child Care Position

The Family Division accepted the resignation of the employee in the Accountant/Child Care position effective August 3, 2012. It is essential to the operation of the Family Division of the Circuit Court, as well as Ingham County, that the hiring freeze and the hiring delay be lifted to fill this position as quickly as possible.

The person in the Accountant/Child Care position is responsible for monitoring and balancing the Family Division’s general ledger accounts within the County General Fund, Child Care Fund, Juvenile Justice Millage and Trust and Agency funds. State Child Care Fund reporting requirements are complex, and the Family Division receives in excess of $4 million annually through proper reporting.

Many times, the person in this position finds additional revenue by closely examining state and other financial documents for accuracy and provides other recommendations to spread costs in order to gain the most benefit from the state’s reimbursement requirements. For example, the Accountant reviews the monthly charge report where the State charges the County for its share of out of home placement costs of youth. Overcharges are found almost every month which result in requests for reimbursement from the State.

In addition, the Accountant prepares the budgets for the Family Division, making sure that we follow State requirements and maximize our allowable reimbursement from the Child Care Fund. The Accountant ensures that all costs billed to the state for reimbursement are properly documented so that no costs are questioned during the Child care Fund review performed annually by the State.

This position was reclassified from a full time position to a half time position due to budget reductions at the start of 2010. With the assistance of Financial Services, this position can remain a part time one. To be without someone acting in this role for any period of time will cause a hardship with potential for financial catastrophes.

The Accountant/Child Care position is funded with General Fund dollars reimbursed 14% by the State’s Child Care Fund. The Family Division understands the financial position of the county and respects the need to look at all positions in the budgetary process. This part time position is one that must be filled, with little or no vacancy time, in order for the Family Division to stay fiscally constant.

Re:         Proposal #1637, Stump Grinder

I recommend that we accept the low bid of $33,149.00 for Proposal #1637, Stump Grinder from Vermeer of Jackson MI. The low bid reflects providing a 2012 demonstrator unit having 47 service hours on the machine. This unit is bid $2,100.00 less than a new (0 hours) unit. The full manufacturer’s warranty applies to the demonstrator unit. It is also virtually identical in operation and function to our current unit, #596, which has served us well, and was the brand preferred by our operators in previous demonstrations.
Stump grinders are typically subject to extremely harsh service due to vibration, dust etc. and require service and or replacement at shorter intervals than most other equipment. #596, (current unit) is a 1999 model and has 2853 hours. I would expect the replacement to have similar service life expectancy.
Three vendors participated for a total of four bids.
Bid price was $33,149.00 less $7,000.00 trade in allowance for a total net cost of $26,149.00. This purchase is part of our 2012 equipment budget.
Bid tabulation is attached.

Recommendation:
The Evaluation Committee recommends awarding a Purchase Order to Vermeer of Michigan in an amount not to exceed $26,149 (includes $7,000 for trade-in) for the purchase of the stump grinder.

Advertising:
Prior to the merger with the County, the Ingham County Road Commission, in addition to sending the bid directly to 9 vendors, posted the solicitation on the Ingham County Road Commission webpage.
WHEREAS, the Department of Transportation and Roads needs to replace its existing stump grinder which has aged past the point of economical serviceability; and

WHEREAS, the Department of Transportation and Roads adopted 2012 budget includes in capital road equipment expenditures funds for this purchase as it is also included in the 2012 road equipment replacement plan; and

WHEREAS, bids for stump grinders were solicited and evaluated by the Ingham County Purchasing Department, and it is their recommendation, with the concurrence of Road Department staff, to purchase a Vermeer demonstrator stump grinder from Vermeer Equipment of Jackson, Michigan at a cost of $26,149.00 net of $7,000 trade in value offered by Vermeer for the existing unit being replaced.

THEREFORE BE IT RESOLVED, the Board of Commissioners accepts the bid, and authorizes the purchase of the Vermeer demonstrator stump grinder from Vermeer Equipment of Jackson, Michigan at a cost of $26,149.00, net of $7,000 trade in value offered by Vermeer for the existing unit being replaced.

RESOLUTION TO APPROVE LOCAL ROAD AGREEMENT WITH MERIDIAN TOWNSHIP FOR
THE INGHAM COUNTY DEPARTMENT OF TRANSPORTATION AND ROADS

WHEREAS, Meridian Township desires that improvements be performed on the streets listed after this
resolution, a total distance of approximately 4.17 miles, to include Hot In Place Recycling and complete paving
of one course asphalt at 1 inch thickness, with curb and gutter repair and manhole adjustment where necessary
at an estimated cost of $600,137.43; and

WHEREAS, the Road Department is willing to cause said improvements to be undertaken and to pay for a
portion of the cost of said improvements; and

WHEREAS, the Township is willing to pay the remaining portion of the cost of said improvements; and

WHEREAS, in the event the final cost of the improvements is greater than twice the maximum Road
Department match amount set forth below, the excess cost will be paid solely by the Township, provided,
however, that the Township excess payment will not exceed five percent (5%) of the Township contribution
amount established in the Agreement, unless the Township agrees otherwise.

THEREFORE BE IT RESOLVED, that the Road Department shall cause the improvements identified above
and incorporated herein by reference to be performed under contract to be let during the construction season of
the 2012 calendar year.

BE IT FURTHER RESOLVED, that for 2012, the Road Department has allocated to Meridian Township’s

MEMORANDUM

TO: County Services and Finance Committees
FROM: William Conklin, Managing Director, Department of Transportation & Roads
DATE: August 8, 2012
SUBJECT: 2012 Local Road Program Bid Recommendations & Resolutions

The annual Local Road Program involves both contracted, outsourced road construction and Road Department crew-performed work to complete construction and heavy maintenance on the county local (as opposed to primary) road system. As discussed in a prior cover memo for Township match funding agreements, PA 51 of 1951 requires Act 51 funds expended by the Road Department on local roads is to be matched by funds from other sources - typically the Townships. Agreements with Townships, on both the current and prior meeting agendas, have been submitted for approval for this purpose. Projects and their proposed treatments are selected by Road Department staff and the respective Townships, based on the needs and conditions of the roads.

Attached is a bid tabulation and recommended resolutions to award contracts to bidders on various projects, which will be constructed by contractors. These are projects that require more asphalt paving than the Road Department is equipped to perform economically. The bid tabulation and resolutions reflect bids received for Road Department bid proposal #1639, which included 8 separate projects or “items” to bid on. These 8 projects will require 8 separate contracts and thus involve the 8 separate resolutions, as they involve differing work and/or are in differing townships. The 8 projects involve pavement recycling and asphalt resurfacing on various streets, listed in the resolutions, within Meridian, Delhi and Lansing Townships, an asphalt road resurfacing in Vevay Township, and asphalt paving of an existing gravel road in Stockbridge Township.

The attached bid tabulation shows all bids received for each of the 8 projects and, in bold print, the low bid for each project. All of the bidders are MDOT pre-qualified, well experienced and equipped for their type of work.

Pavement recycling will be done using the “Hot In Place” method which involves two large truck drawn, propane-fired heaters heating the existing asphalt pavement to its melting temperature, followed by addition of an asphalt rejuvenating liquid, remixing in place, re-screeding (smoothening) and re-compaction (rolling). This method saves considerable cost, time and road user inconvenience besides preserving existing road material rather than having it hauled away for recycling or land-filling. In separate contracts, the recycled pavement is then overlaid or resurfaced with an average of an inch of new asphalt. The paving contracts also include other miscellaneous repair work such as damaged curb replacement if any, manhole casting adjustment and repairs, and shoulder graveling if the road has shoulders, etc.

Approval of the attached resolutions is recommended.

MEMO

August 9, 2012

To:  County Services Committee

From:  Stacy Byers, Director FOSP Board

________________________________________

Summary of Proposed Action:
This resolution approves the 2012 Farmland and Open Space Selection Criteria’s (Scoring System) for ranking landowner applications. The Ingham County Farmland and Open Space Preservation Board recommends the County Board of Commissioners adopt the 2012 Selection Criteria’s for both the Farmland and Open Space Preservation application cycles.

Financial Implications:
There will be future costs associated with proceeding with a 2012 Farmland and Open Space Application Cycle, including, but not limited to, postage and mailings, newspaper announcement costs and staff time to score and rank applications. Once all Applications, both new and old, are scored and ranked the FOSP Board will recommend approval of the top ranked applicants by the Board of Commissioners and will seek matching funds from the Federal Farm and Ranch Land Protection Program. Those costs are included in the 2012 budget.
Introduced by the County Services Committee:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION APPROVING THE FARMLAND AND OPEN SPACE PRESERVATION BOARD’S RECOMMENDED SELECTION CRITERIA (SCORING SYSTEM) FOR THE 2012 FARMLAND AND OPEN SPACE APPLICATION CYCLES

WHEREAS, Ingham County desires to provide for the effective long-term protection and preservation of farmland in Ingham County from the pressure of increasing residential and commercial development; and

WHEREAS, the Ingham County Board of Commissioners adopted the Ingham County Farmland and Open Space Preservation Ordinance in July 2004 and amended it in 2010 (10-99); and

WHEREAS, the Ingham County Farmland and Open Space Preservation Ordinance authorized the establishment of the Ingham County Farmland and Open Space Preservation Board to oversee the Farmland and Open Space Preservation Program; and

WHEREAS, Ingham County voters passed a millage of .14 mils in 2008 to fund purchases of agricultural conservation easements through the Ingham County Farmland and Open Space Preservation Program; and

WHEREAS, in the course of implementing the Ordinance, the Ingham County Farmland and Open Space Preservation Board has established Selection Criteria for ranking landowner applications to the Ingham County Farmland and Open Space Preservation Program; and

WHEREAS, the Ingham County Ordinance requires that the Farmland and Open Space Selection Criteria’s be approved by the Ingham County Board of Commissioners.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners approves the attached 2012 Farmland and Open Space Selection Criteria’s developed by the Ingham County Farmland and Open Space Preservation Board as set forth in the Farmland and Open Space Preservation Ordinance passed July 27, 2004.
Selection Criteria for Farmland Preservation Program
2012 Application Cycle

Tier I Criteria
Agricultural Characteristics  57 points
Development Pressure  48 points
Additional Ag Protection Efforts  38 points
Other Criteria  10 points
Tier I Total Points  153 points

AGRICULTURAL CHARACTERISTICS (57 POINTS)

1)  Agricultural Productivity – Prime and Unique Soils  Maximum Points: 20
Prime and Unique Soils
Prime under all circumstances  20 points
Prime if adequately drained  15 points
Not prime or unique  0 Points

Example: 70% of parcel is prime under all circumstances (0.70 x 20 pts) = 14 points
30% of parcel is prime if adequately drained (0.30 x 15 pts) = 4.5 points
Total points = 18.5 points

2)  Size of Parcel(s)  Maximum Points: 20
Points for parcels between 40 and 200 acres are calculated by multiplying 0.1 times the parcel size. Any parcel above 200 acres receives 20 points. Parcels that are 0-39.99 acres receive 0 points.

Example: Parcel size is 150 acres: 150 x 0.1 = 15
Example: Parcel is 85 acres: 85 x 0.1 = 8.5
Example: Parcel is 350 acres: 350 x .1 = 35; 20 points, the maximum possible
Example: Parcel is 32 acres: (0 points for parcel less than 39.99 acres)

3)  Additional Agricultural Income  Maximum Points: 5
Points will be awarded to operations that have “value-added” agriculture either through animal related production or through production of a specialty crop (crops other than corn, wheat, soybeans), or both, with total sales over $10,000.00 annually.

Example: Parcel is integral to farm operation that produces a specialty crop, which grosses over $15,000 annually. Total Points = 5 points

4)  Proximity to Existing Livestock Farms  Maximum Points: 5
A livestock operation for this purpose means a farm with more than 50 animal units (EPA definition: 1000 lbs = 1 unit)

Parcel is contiguous to an existing livestock operation  5 points
Parcel is located between 0.5 miles and 1 mile of an existing livestock operation  3 points
Parcel is located further than 1 mile from an existing livestock operation  0 points

*Contiguous for this section means no other parcel is located between the parcels. Parcels separated only by a road are considered contiguous.
5) **Amount Of Undeveloped* Land In The Surrounding Area**

A circle with a 1 mile radius and with a centroid (center point) generated by computer is used to calculate the points in this section.

- 75% or more of the surrounding area is undeveloped land: 7 points
- 50% or more but less than 75% of the surrounding area is undeveloped land: 5 points
- 25% or more but less than 50% of the surrounding area is undeveloped land: 2 points
- Less than 25% of the surrounding area is undeveloped land: 0 points

*For the purposes of this section, “undeveloped” is intended to mean no permanent buildings, residential, commercial, industrial or otherwise.

---

**DEVELOPMENT PRESSURE (48 POINTS)**

6) **Proximity To Existing Public Sanitary Sewer Or Water, Or Both**

Linear (straight line) distance to existing, usable public sanitary sewer, or water services, or both, will result in the following scoring options:

- Less than one-half (1/2) mile from sewer or water: 5 points
- One-half (1/2) mile or more but less than 1 mile: 7 points
- One (1) mile or more but less than 2 miles: 10 points
- Two (2) miles or more but less than 5 miles: 5 points
- More than 5 miles: 0 points

Example: Parcel is located 3 miles from existing sewer lines. Total points = 5 points.

---

7) **Proximity To Designated Population Center In Ingham County (As Defined In “Regional Growth: Choices For Our Future”, Summary Report, Tri-County Regional Planning Commission, September 2005)**

Farm boundary is 1 mile from, or within the population center: 30 points
Farm boundary is within 1 to 2 miles from population center: 28 points
Farm boundary is within 2 to 3 miles from population center: 26 points
Farm boundary is within 3 to 4 miles from population center: 24 points
Farm boundary is within 4 to 5 miles from population center: 22 points
Farm boundary is more than 5 miles from population center: 0 points

Example: Farm is located 2 miles from “designated population center”. Total points = 28 points

---

8) **Road Frontage (paved or gravel)**

Emphasis is placed on parcels with greater linear distance of road frontage, placing the farmland under a greater threat of fragmented development. Frontage can be gravel, paved, or both and must be adjacent to the subject parcel.

- Road frontage of 5280 feet (1 mile) or more: 8 points
- Road frontage of 2640 feet (1/2 mile) to 5279 (just under 1 mile): 6 points
- Road frontage of 1320 feet (1/4 mile) to 2639 (just under ½ mile): 4 points
- Road frontage less than ¼ mile: 0 points

Example: Parcel has 1 mile of road frontage. Total points = 8 points
**ADDITIONAL AGRICULTURAL PROTECTION EFFORTS (38 POINTS)**

9) **Location To Protected Property**

Parcel is near other private land which has been permanently protected from development through a conservation easement or deed restriction (development rights may have been purchased, transferred or donated). Linear distance is used from nearest farm boundary.

- Parcel is adjacent to protected land: 20 points
- Parcel is not adjacent but within 1/2 mile of protected land: 15 points
- Parcel is not adjacent but within 1 mile of protected land: 10 points
- Parcel is not adjacent but within 2 miles of protected land: 5 points

*Example:* Parcel is adjacent to property under a permanent conservation easement = 20 points

10) **Agricultural District Zoning**

Additional points are given to a parcel that is in a designated agricultural district.

- Exclusive Agricultural District A-1: (Restricts residential development) = 3 points
- General Agricultural District A-2: (Rural residential zoning) = 1 point
- Non-Agricultural District = 0 points

*Example:* Parcel has been designated as an exclusive agricultural district, A-1 (maximum density 1 unit per 20 acres) under current zoning. Total Points = 3 points

11) **Block Applications**

Emphasis is placed on applications which consist of one or more landowners who create a 50-acre or more block of contiguous farmland. Contiguous blocks of farmland have a greater potential for creating a long-term business environment for agriculture. Parcels included in a block application must be contiguous (touching but may be separated by a road). Each applicant in the block application will receive points for this section.

- One or more landowners apply together to create 1000 or more contiguous acres: 15 points
- One or more landowners apply together to create 750 to 999 contiguous acres: 10 points
- One or more landowners apply together to create 500 to 749 contiguous acres: 8 points
- One or more landowners apply together to create 300 to 499 contiguous acres: 6 points
- Contiguous acreage of 299 acres or less: 0 points

*Example:* Four landowners, with varying parcel acreage, submit a block-application of about 800 contiguous acres. (Each of the four landowners would receive 10 points for this section).

*Note:* If a parcel in a block application is preserved, the remaining landowners will continue to receive full points for this section of the scoring criteria in future cycles, provided they still wish to participate in the block application.

**OTHER CRITERIA (10 POINTS)**

12) **Additional Agricultural Characteristics**

Additional agricultural characteristics are USDA certified organic farm or Centennial farm.

- Parcel has one or more additional agricultural features: 5 points
- Parcel does not have an additional agricultural feature: 0 points
13) **Michigan Agricultural Environmental Assurance Program (MAEAP)**

Participation in the MAEAP demonstrates a commitment to environmental stewardship above and beyond a conservation plan. The State Agriculture Preservation Board has identified the MAEAP as a priority to providing matching funds. Farms verified under the MAEAP must show *verification* to receive points.

- Farm is MAEAP verified: 5 points
- Farm is not MAEAP verified: 0 points

RE: Recommendation to Accept Funds From the United States Department of Health and Human Services, Division of Health Resources and Services Administration for the Healthy Start Initiative

This is a recommendation to accept funds from the U.S. Department of Health and Human Services (HHS), Division of Health Resources and Services Administration (HRSA) in support of the Healthy Start Project. This national project addresses the significant disparities in the health of mothers and babies experienced by racial and ethnic minorities in communities that face many challenges. The Health Department has been awarded an amount of up to $965,000 for the period June 1, 2012 through May 31, 2014.

The Health Department’s Healthy Start Project is designed to reduce infant mortality and disparities in infant mortality for African Americans living in Ingham County, Michigan. Healthy Start will address disparities in perinatal health outcomes through direct services, perinatal system coordination, and community mobilization.

The funds will be utilized to establish two new positions: A Perinatal Systems Project Coordinator (PHN4) and a Health Educator II (PRO7). The Perinatal Systems Project Coordinator will provide overall coordination for the project, including outreach and connection within the broader community. The Health Educator position will provide weekly educational sessions at Lansing Housing Commission sites, and will refer eligible women to case management services. The Human Resources Department has reviewed the proposed job functions in the grant and established the job descriptions and levels. The PHN/ICEA and ICEA bargaining groups are in support of these positions.

In addition, grant funds will support the work of an existing full-time Family/Child/Infant Advocate, and .50 FTE of an existing full-time Public Health Nurse to provide enhanced case management.

We are also requesting authorization for the following subcontracts:

1) The Lansing Housing Commission to provide support to assist with meeting logistics for the Health Education sessions; as well as stipends for community residents to assist with project development. The amount of the subcontract will be $60,000 for the period of June 1, 2012 through May 31, 2014.

2) Dr. Ellen Whipple, of Michigan State University’s School of Social Work will conduct an overall project evaluation. The amount of the subcontract will be $38,000 for the period of June 1, 2012 through May 31, 2014.

I recommend that the Board of Commissioners accept the funds from HRSA for the Healthy Start Grant.

RE: Resolution to Authorize the Conversion of Otto Community Health Center from a School-Based Health Center to a Community Health Center and Establish a Primary Care Physician

The Ingham County Health Department, in partnership with community members and other organizations established the Otto Community Health Center (Otto) in 1996 to address the need for access to health care for students attending the C.W. Otto Middle School of the Lansing School District. In 2003, Otto was designated as a Federally Qualified Health Center Look-Alike site. The C.W. Otto Middle School was closed by the Lansing School District in June 2012. This is a recommendation to authorize the transition of Otto from a School-Based Health Center that serves the adolescent population to a Community Health Center, which will serve the general population.

In response to a 2011 study completed by Capital Link, a non-profit organization dedicated to assisting community health centers in planning and financing capital projects, the Ingham Community Health Center Board of Directors recommends that the Otto Community Health Center remain open as a community health center that serves the primary health care needs of medically vulnerable residents on the North side of Lansing. The 2011 study revealed that one of the greatest needs for primary health care services is on North side of Lansing. The Lansing School District has agreed to allow the Ingham Community Health Centers to continue to run Otto as a primary health care service site for the general population surrounding the health center.

Otto currently provides primary health care to approximately 300 adult patients each year. This will allow the Ingham Community Health Center to provide primary health services to approximately 800 new patients through much needed increased capacity. This is essential as all of our current Community Health Centers are challenged to accept new patients.

Current staff of the Otto School-Based Health Center Network will be realigned to a new school-based health center, which will be located within the Lansing School District’s Eastern High School as required by the Michigan Department of Community Health.

To effectively provide primary health care services for the general population at the Otto Community Health Center, existing positions will need to be realigned within the Community Health Centers, including an existing clinic assistant and a nurse. A vacant Program Specialist position will also be reassigned to Otto. A Primary Care Physician, MCF Grade C - $137,136 - $164,564, position also needs to be established.
This project will also require the purchase of licenses and fees related to the Electronic Health Record, which will not exceed $18,000. A copy of the budget and revenue projections is attached for your review. The budget shows that Otto, as a general community health center, will be self sustaining through patient revenues generated as a result of serving as a medical home for residents of that community.

I recommend that the Board of Commissioners approve this resolution and authorize the transition of the Otto Community Health Center from a School-Based Health Center to a general Community Health Center, the establishment and hiring of a new primary care physician, the realignment of an existing clinic assistant and a nurse, and the reassignment of the vacant Program Specialist position to Otto.

RE: Western National Life Deferred Comp Plan

The County has an old deferred comp plan which was originally administrated by AIG and has not been used for many years. Since that time, the plan has been acquired by American General Annuity and in 2009, by Western National Life.

We have a former employee who has been trying to withdraw her money from this plan and Western National Life has been extremely uncooperative. They refuse to withdraw her proceeds or even discuss this account without a formal resolution authorizing representation. Attached is a resolution authorizing the Director of Financial Services and the Director of Human Resources to represent and sign for the County on this account.

I know you may have many questions such as: How many former employees have funds? How much money is invested? When was the last withdrawal? Unfortunately, we are unable to answer any of these questions since Western National refuses to provide any information without this authorization.

If you have any other questions or wish to discuss, please let me know.
Intended by the County Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

WHEREAS, the Financial Services and Human Resources Directors are the authorized representatives with the County’s current Deferred Comp vendors.

THEREFORE BE IT RESOLVED, that the Financial Services and Human Resources Directors (who are currently Jill Rhode and Travis Parsons) are authorized to represent and sign for the County on all issues related to the County’s Western National Life Insurance Deferred Compensation account.

Re: Resolution to Amend the Contract With AT&T To Provide Network Connectivity to the Department of Transportation and Roads Administrative Building and Sexton High School

The MIS Department has been working with the Department of Transportation and Roads and the Ingham County Health Department to determine their network connectivity needs. We have determined that two AT&T OPTEMAN circuits, one to the Department of Transportation and Roads Administrative Building and one to Sexton High School, will satisfy the needs presented.

By way of this resolution I am seeking authorization to amend our agreement with AT&T to add these needed network connections.

The cost of the new OPTEMAN connection to the Department of Transportation and Roads will be $756.00 per month, an annual cost of $9,072.00. The cost of the new OPTEMAN connection to Sexton High School will be $580.00 per month, an annual cost of $6,960.00. When the new OPTEMAN circuits are installed new 3-year agreements will begin.

The above are State of Michigan co-operative contracts and the new OPTEMAN connections will be added to an existing AT&T contract.

Thank you in advanced for your consideration. Please feel free to contact me if you have any questions.

Re: Request to waive hiring freeze and delay on a vacant Animal Control Position to be filled with two part-time positions and provide backfill if necessary.

An ICAC officer has accepted a position with the Ingham County Sheriffs Office thereby leaving a position vacant at ICAC effective August 17, 2012. He will be a great loss for our department.

I am proposing filling that position with two part-time positions to be filled by two separate employees. This change in position will increase the department’s ability to meet the obligations of the department while reducing costs. Both positions are within the authority of the director to change.

Funds are available in the General Fund. ICAC is requesting to fill a Step I part-time kennel operator and Step I part-time animal control officer in place of the vacant full time animal control officer position. This change will provide budget savings and most importantly it will provide the necessary staffing to accomplish the priorities of the department.

The animal control officer is responsible for responding to citizen complains and the kennel operator is responsible for the care and maintenance of over 200 animals daily as well as the maintenance of the shelter facility and the euthanization of animals necessary to ensure available room for incoming animals.

This vacancy creates a severe hardship on all aspects of the department. There are three full time kennel operators and six full time road officers. With this vacancy it puts two vacancies at ICAC as one officer position is currently vacant due to FMLA. ICAC cannot meet the demand for kennel space or care for the animals and the maintenance of the facility without these positions being filled. It will hinder the department’s ability to adequately and humanely process and care for the animals. Officers are already working in the kennels due to the shortages.

The minimum total personnel costs (salary and fringes) to maximum personnel costs for the two positions (part-time):
PT Animal Shelter Operator range from $32,668 including fringe benefits to total maximum cost is $38,530 including fringe benefits
PT ACO position range from $32,646 to total maximum cost is $40,124 including fringe benefits.
FT ACO position range from $63,338 to $80,900 including fringe benefits.
The overall savings for the two positions compared to one full time position at Step 5 would be $2,246. However ICAC is planning on hiring at Step I. Further savings will be gained as a result of less overtime being used. The reason I mention Step 5 savings is because at Step 1 we are $1975 over budget for this proposal — however as the Steps go up so do the savings. As for the overage of $1975—we will recoup those funds in savings to our overtime budget which takes the biggest hit from staff shortages. This reorganization will reduce salary costs and overtime.

SERVICE IMPACTS

- Decline in the quality of care and services provided to animals and citizens
- Decline of effectiveness of staff
- Threat to the safety and health of the staff, the public, and the animals.
- Increase in customer complaint
- Inability to meet the minimum standards of the Department of Agriculture which could result in fines and penalties.
- Inability to accept animals as a result of inability to euthanize animals in a timely manner adequate for emptying kennels to make room for the new animals arriving.

Kennel Operators work seven days per week and cover 8-10 hour shifts each day. Animal Control Officers work six days per week and shifts vary from 7:30 am - 8pm Monday through Sat. Trustee labor is frequently used but not always available. The use of trustee labor is limited to simple tasks as they are not trained or skilled to do the work kennel operators perform. They are not a viable substitute. The training and skill required to perform a kennel operator’s duties involve disease control, medical knowledge, the handling of vicious animals, criminal cases and the maintenance of facility operations.

These positions require a well trained individual with the skills to handle complex duties such as euthanasia, vaccinations, aggressive animals, medical treatments, report writing, and coordination efforts with the health department on communicable diseases, search warrants and numerous issues to many to include here.
INTRODUCED BY THE LAW ENFORCEMENT, COUNTY SERVICES AND FINANCE COMMITTEES OF THE:

RESOLUTION TO REORGANIZE ANIMAL CONTROL POSITIONS AND WAIVE THE HIRING FREEZE AND PROVIDE BACKFILL

WHEREAS, an Animal Control Officer position has recently become vacant; and

WHEREAS, based on the current budget situation, duties of various positions were analyzed to determine if any cost savings could be realized; and

WHEREAS, through the reorganization of duties and sharing of personnel resources, a FTE Animal Control Position can be eliminated from Animal Control Department.

THEREFORE BE IT RESOLVED, that upon passage of this resolution, the following staffing changes shall take place and the hiring freeze and delay be waived for the new part time positions and any current positions that backfill the new positions:

• Eliminate one FTE Animal Control Officer #421004 ($63,338 - $80,900).
• Establish a part-time Animal Control Officer - (FOP, $32,646 - $40,124).
• Establish a part-time Shelter Operator # (FOP, $32,668 - $38,530).

BE IT FURTHER RESOLVED, that the estimated General Fund savings from this reorganization as the position increases to Step 5 will be approximately $2,246.

BE IT FURTHER RESOLVED, that the Controller/Administrator’s Office is authorized to make any necessary budget adjustments and Position Allocation List adjustments consistent with this Resolution.

Re: Request for recommendation to waive hiring freeze and delay on vacant Shelter Operator Position

The position of Animal Shelter Operator (animal care technician) will be vacant effective Sept. 3, 2012. The employee has obtained another position. This position is responsible for the care and maintenance of over 200 animals daily as well as the maintenance of the shelter facility and the euthanization of animals necessary to make the space for additional incoming animals.

This vacancy will create a severe hardship on all aspects of the department and will contribute to an accumulation of excessive overtime while it is vacant. This position is essential to meeting the fundamental needs of the department. ICAC cannot meet the demand for kennel space nor care for the animals and the maintenance of the facility without it. It will hinder the department’s ability to adequately and humanely process and care for the over-4000 animals to be received in 2012. This position was not slated to be cut in 2012 and funds are available in the general fund.

The minimum total personnel costs (salary and fringes) to maximum personnel costs cost for the FT Animal Shelter Operator range from $62,918 including fringe benefits to total maximum cost is $74,556 including fringe benefits. ICAC is planning on replacing this position at the minimum cost for 2010. This position is fully funded by the General Fund.

ICAC is one of the busiest and most heavily populated shelters in Michigan. With only three full-time kennel operators to attend to over 200 dogs, cats and miscellaneous animals daily, the staff is already below suggested staffing levels. This vacancy will impede ICAC’s ability to meet the Department of Agriculture’s minimum standards for care of animals in a shelter.

Kennel Operators work seven days per week and cover 8-10 hour shifts each day. The use of trustee labor is limited to simple tasks as they are not trained or skilled to do the work kennel operators perform. They are not a viable substitute. The training and skill required to perform a kennel operator’s duties involve disease control, medical knowledge, the handling of vicious animals, criminal cases and the maintenance of facility operations.

SUBJECT: RESOLUTION AUTHORIZING ENTERING INTO A CONTRACT WITH PRO TECH ENVIRONMENTAL SERVICES FOR THE PURPOSE OF PROVIDING MOLD REMEDIATION SERVICES AT THE INGHAM COUNTY COURTHOUSE

The resolution before you authorizes awarding a contract to Pro Tech Environmental Services for the removal of mold, clean up of the crawlspace, and encapsulation of the crawlspace floor and walls. The cost for this project will be $14,750.00, as well as a $2,500.00 contingency, for a total cost, not to exceed $17,250.00.

Recommendation:
The Evaluation Committee recommends awarding a contract to Pro-tech Environmental, Inc. in an amount not-to-exceed $17,250, which includes $2,500 for contingency for any unforeseen issues that may arise during the project.

The considerable price differential between Pro-Tech’s bid and those of Ace’s and McCardel’s has been discussed with our Consultant and Pro-Tech, and we are confident that Pro-tech fully understands the scope of work and can complete the work in the time frame required by the County at the cost quoted.

Pro-Tech has been in business since 1991, is licensed and insured, referenced, and is recommended by the County’s consultant, Bonus Environmental.

RE: Resolution Approving a Contract with Superparks LCC (Planet) to Design, Construct, Maintain, and Manage the Hawk Island Snow Park

It has been determined the Hawk Island Snow Park would benefit significantly from the expertise and involvement of Ryan Neptune, an internationally known figure in the winter sports community, and his company, Superparks LCC (Planet). His company manages and oversees many ski resorts and events around the United States including one in Gaylord, Michigan.

This resolution authorizes entering into a contract with Superparks LCC (Planet) whereby the gross receipts collected at the Hawk Island Snow Park, with the exception of vehicle entrance fees, would be split in the amount of 25 percent to Ingham County and 75 percent to Superparks LCC (Planet).

Planet would be responsible for working with and managing partners for the Hawk Island Snow Park in the seasonal preparation for all outside operations with respect to the venue and would look to hire as many local seasonal workers as possible.

Planet would report directly to the Parks Director and areas of management and oversight duties would include, but would not be limited to: vehicle and slope maintenance, lift operations, grooming, snowmaking, terrain and tubing park crew, risk management, ski school, rental, food and beverage and retail. Planet would also help design, consult, and explore the development of alternative action sports related venues to be added on the hill such as mountain bike trails, skateboards, BMX, and Zip Line type venues with the prior approval of the Parks & Recreation Commission. In addition, Planet will make recommendations regarding marketing materials and the cost of all marketing will be paid by Planet.

The term of the contract would be for 3 years terminating on August 31, 2015 with a two year option to renew.

This resolution approves field fee increases at the Hope Soccer Complex for Fall 2012 games. Before the Hope Soccer Complex was constructed the Ingham County Board of Commissioners and the Ingham County Parks and Recreation Commission agreed that the Kenneth A. Hope Soccer Complex would be self-supporting. Resolution #08-01, passed by the Parks & Recreation Commission on April 26, 2001, set the initial rates for field fees beginning the Spring 2001 season, Resolution #23-05 increased field fees, Resolution #31-10 added additional fees to the fee schedule, and Resolution #11-11 eliminated the for-profit/non-profit fee designation.

At the request of the Soccer Advisory Board cost projections to significantly increase the quality of the fields at the Hope Soccer Complex were completed by Parks Department staff and have shown the need for an increase in future field fees. Based on the results of those cost projections and the subsequent increase in revenue, a total of approximately $76,000 will be generated in user fees, the Soccer Advisory Board recommended the Parks & Recreation Commission forward the recommended increases in field fees.

The Soccer Advisory Board will review the effect of the new fees and consider feedback from the various leagues at their February 2013 meeting and determine whether or not another increase would be appropriate. This resolution supersedes all previous resolutions relating to soccer fees at the Hope Soccer Complex.
