6. **Fair Office**
   c. Discussion: Fairgrounds Update

Ms. Dargatz provided additional information: Brochure, Activity Review and 2013 Premium Book

Ms. Dargatz informed the Committee she is continuing to engage young people and young families to the Fair. She stated that billboards for the Fair will be geared toward Facebook, Twitter and Pintrest because young people are mobile and use social media. She further stated that print, radio and television will also be used. She described an opportunity with Fox 47, The Morning Blend. She noted she continues to look for new ways to reach out and talk about the Fair along with the many events held during the year.

Ms. Dargatz described the condition of the Fair’s buildings and explained there will be a focus on sustainable building practices. She explained that materials like poly-resin will be used for signage, vinyl for fascia and solar will be used to reduce heating and ventilation costs.

Ms. Dargatz announced some of the 2013 Fair Sponsorships and Donations. She described the annual coloring contest and Project RED (Rural Education Day). She noted that the Fair’s gate attendant’s t-shirts will be new this year.

Ms. Dargatz overreviewed the capital improvements including: the Community Hall roofing project, campground upgrades, dance floor replacement, quartz flooring system in the main arena, bathroom and showers. Upcoming improvements include: a covered practice arena and the main arena heating project. She described the advantages of a covered practice arena including an increase in revenue.
Ms. Dargatz overviewed grants received, new partnerships and events. The Committee asked when the Extreme Canines Stunt Dog Show will be held. Ms. Dargatz stated September 21, 2013.

Chairperson De Leon thanked Ms. Dargatz for the report stating it is exactly what the Board of Commissioners wants to see and acknowledged there is so much potential for the Fair. Ms. Dargatz stated that she has drawn on the strengths of everyone involved.

Comm. Koenig asked for more information on the Covered Practice Arena. Ms. Dargatz described the design and engineering stating the money spent to date is for engineering. Comm. Koenig thanked Ms. Dargatz for reaching out and coordinating events with County Departments such as the Animal Control and Parks Departments. Comm. Koenig stated she would like to see more Departments do the same.

Chairperson De Leon asked that Ms. Dargatz email the Calendar of Events to the Commissioners. Ms. Dargatz agreed to do so and stated there can be a few emails a month. She noted that Mr. Cypher receives a bi-weekly email with Fair updates.

The Committee suggested that men should be encouraged to enter the Homemaker of the Year Contest.

10. Board Referral - Letter from Lansing Mayor Virg Bernero Regarding the City of Lansing Parks and Recreation Department’s Intention Not to Renew the License Agreement Between the City of Lansing and Ingham County for the Kenneth A. Hope Soccer Complex Property

Comm. Nolan informed the Committee that a follow-up letter was sent to the Mayor as discussed in caucus that clarified the first letter.

Comm. Nolan expressed her concern that there is a misconception of the County’s interest in the Hope Soccer Complex property and it did not need to be saved.

The Committee discussed the grant funding for development, ownership, lease terms, lease extension, mutual agreements, existing commitments and/or contracts along with the Parks Commission discussions and communications. The Committee expressed their concern that this is a regional facility that was developed with public grant funding and will be managed by a private entity. In addition, they expressed their concern of increased costs including parking.

The Committee agreed the County would be ready to take on the complex then discussed the impact to the budget and noting it would be minimal.

The Committee asked to be notified with the response to the second letter.

The Board Referral was received and placed on file.
Announcements
Comm. Nolan informed the Committee that the Ingham County Health Department 75th Anniversary event went well.

Comm. Maiville informed the Committee that the employees recognized that Comm. Nolan was in attendance for the entire event and that was received well.

Comm. Maiville thanked Comm. Nolan for bringing Ms. Schmidt to the Human Services Meeting stating it was a pleasure to meet her.

Public Comment
Chuck Gray, UAW, stated in regard to Agenda Item #5 he would like to thank the Board of Commissioners for thinking of the employees and Human Resources willingness to talk. He stated this will help offset other concessions that employees made.

Comm. De Leon reminded the Committee this is the last meeting before the summer schedule and the next meeting will be July 16, 2013. Comm. Holman stated there may be some Department of Transportation and Roads issues that will need to be addressed this summer.

The meeting adjourned at approximately 6:59 p.m.

Respectfully submitted,

Julie Buckmaster
ACTION ITEMS:

7e. **Facilities – Resolution Authorizing Entering into a Contract with John E. Green Company for the Replacement of the Cooling Tower at the Ingham County Jail**

This resolution authorizes a contract with John E. Green Company to provide replacement of the cooling tower at the Ingham County Jail. The unit is over 30 years old and is leaking. The unit is beyond repair and at the current rate of deterioration, the unit will fail and the Jail will be left without air conditioning. The John E. Green Company, who submitted the lowest responsive and responsible bid of $123,235, was chosen after going through a competitive bidding process, and has the recommendation of both the Purchasing and Facilities Departments. The Facilities Department would also like to ask for a $6,000 contingency for any unseen conditions that may arise with this type of project. Funds for this project are available in 2013 budget.

8a. **Department of Transportation & Roads - Resolution to Rename the Ingham County Department of Transportation and Roads to the Ingham County Road Department**

This resolution changes the name of the Department of Transportation and Roads to the Ingham County Road Department.

8b. **Department of Transportation & Roads - Resolution to Approve the Special and Routine Permits for the Ingham County Department of Transportation and Roads**

This resolution approves several special and routine permits for the Ingham County Department of Transportation and Roads. Please see the attachment to the resolution for more details.

8c. **Department of Transportation & Roads - Resolution to Execute Waterborne Centerline Pavement Marking Agreements with Aurelius Township, Locke Township, Onondaga Township, Stockbridge Township, and Williamstown Township**

This resolution authorizes 10-year agreements with Aurelius Township, Locke Township, Onondaga Township, Williamstown Township and Stockbridge Township to provide centerline pavement marking for their local roads.

8d. **Department of Transportation & Roads - Resolution to Approve a Cost Agreement for Traffic Signal Control with the Michigan Department of Transportation**

This resolution authorizes entering into a Cost Agreement for Traffic Signal Control with Michigan Department of Transportation for the Zimmer Road and M-43 (Grand River Avenue) traffic signal equipment modifications, maintenance, and operation costs. The maintenance costs are estimated to be $336 annually and is budgeted under the county road fund for signal operation and maintenance.

8e. **Department of Transportation & Roads - Resolution to Authorize Approval of the Preliminary Plat of Whitehills Lakes South No. 2**

This resolution approves the proposed cul-de-sac length variance and approves the Whitehills Lakes South No. 2 Preliminary Plat (lots 14 through 34) for a period of two years, in accordance with state statute.

8f. **Department of Transportation & Roads - Resolution Authorizing an Agreement with Michigan State University for Michigan Department of Natural Resources Grant Funded Use of Crumb Rubber Modified Asphalt Paving Mixture**

This resolution authorizes entering into a subcontract with Michigan State University for the placement of the CRMA research test strips on the Cornell Road project and to receive the MDNR CRMA grant funds in the amount of $192,000.
8g. Department of Transportation & Roads - Resolution Authorizing an Agreement for Adding Branches to the Hannah Farms County Drain Pursuant to Sections 425 and 433 of Act No. 40 of the Public Acts of 1956, as Amended for the Department of Transportation & Roads

This resolution authorizes entering into an agreement with the Drain Commissioner on behalf of the Drainage District, and the Developer to have the Branches as described in the resolution be established as part of the Hannah Farms County Drain and to license and permit the Drainage District, its assigns and successors in interest, for purposes of constructing, improving and maintaining the Branches, which include the Eyde Parkway road drainage system, and to allow said Drain to be constructed in and occupy any and all granted road rights-of-way held by the ICDTR necessary for the construction, improvement and maintenance of the Drain, constructed in the road rights-of-way.

9. Controller’s Office - Resolution Authorizing Adjustments to the 2013 Ingham County Budget

This resolution authorizes to the Ingham County budget for the second quarter of fiscal year 2013. The total increase to the General Fund is $82,550. Adjustments that affect three county departments relate to staffing changes at the Potter Park Zoo. Position changes and additions related to the Zoo Director, the Curator and the Security Coordinator have all been approved by previous resolutions. This resolution will approve the necessary budget adjustments. In addition, the Parks Director and Financial Coordinator are no longer being allocated to the Zoo. The general fund cost related to this change will be covered for the most part by a new reimbursement from the Zoo Fund for 10% of the cost of the Facilities Director and Manager and an increase in the indirect cost reimbursement as calculated in the most recent cost allocation plan.

Another sizable adjustment is the establishment of a budget for the Community Development Block Grant (CDBG) Fund. This budget was inadvertently omitted from the 2013 Adopted Budget. The 2013 budget does include a transfer of $40,000 from the Delinquent Tax Revolving Fund to the CDBG Fund for administrative costs. This resolution will increase that transfer to $75,000. This is the current estimate from the Treasurer’s Office and Financial Services of the amount necessary to balance the fund.

OTHER ITEMS:

1. Treasurer – CDBG Status Update

10. Board of Commissioners - Resolution Calling for the Legislature to Support Same-Sex Marriage in Michigan
Agenda Item 2

Introduced by the County Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO CONTRACT WITH LEGAL SERVICES OF SOUTH CENTRAL MICHIGAN TO TAKE CLIENT REFERRALS FROM INGHAM COUNTY REGISTER OF DEEDS AND INGHAM COUNTY TREASURER

WHEREAS, Ingham County and its residents have been hit especially hard by the foreclosure crisis; and

WHEREAS, Ingham County Register of Deeds Curtis Hertel Jr. has uncovered potential fraudulent documents in his office that call into question the legality of thousands of foreclosures in his office; and

WHEREAS, the foreclosure crisis has directly impacted the county budget by lowering property values across the county and increased the counties tax foreclosure costs; and

WHEREAS, Legal Services of South Central Michigan has served over 250 Ingham County Residents in the last 2 years based on the county’s funding; and

WHEREAS, Legal Services and the Register of Deeds Office was part of a dozen town halls across the County helping to explain the problem foreclosures present to our communities, and to find victims of illegal foreclosures; and

WHEREAS, Legal Services has helped uncover cases of notary and foreclosure fraud that have been referred to the Attorney General’s office and FBI for investigation.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes the Register of Deeds office and the County Treasurer to continue its contract with Legal Services of South Central Michigan, to refer clients who have been effected by this crisis in the amount of $60,000 to be taken from the delinquent tax fund.

BE IT FURTHER RESOLVED, that the Chairperson of the Board of Commissioners and County Clerk are hereby authorized sign any necessary documents after approval as to form by the County Attorney.
Memo to County Services Committee and Finance Committee

From: Patrick E. Lindemann, Ingham County Drain Commissioner

Re: Maple Shade Drain Petition Project

July 2, 2013

I am requesting that the Board of Commissioners grant full faith and credit of the County for the Note or Bonds that will finance the Maple Shade Drain petition project. Such action by the Board is customary because it helps to obtain a lower interest rate on the debt, resulting in lower costs for the municipalities and property owners of the drainage district who are liable to pay for the project. The municipality with benefit at-large for this Project is the Township of Williamstown. The County of Ingham will receive an at-large assessment for benefit to county roads. There are 68 properties within the Special Assessment District for this project.

The project results from a petition submitted by property owners of the Maple Shade subdivision to alleviate flooding of their properties. The subdivision is located north of Williamston west of the intersection of Williamston Road and Sherwood Road. The Project includes extension of two branches of the drain to serve more properties directly, repairs of each branch, and repair of the drain outlet at Coon Creek.

Bids have been opened and the total computation of cost is prepared. My consulting engineers and financial advisors are comfortable with the amount of $300,000 as the total cost of the Project. Construction is expected to commence in August, 2013 and to be completed by October, 2013.

The Project bid documents contain contract requirements for nondiscrimination and prevailing wage, all pursuant to my adopted policies and consistent with the Board of Commissioners’ resolutions.

I plan on attending your Committee meetings on July 16th and July 17th, and the Board meeting on July 23rd to answer questions. Thank you for consideration of my request.

It is an honor and privilege to serve the citizens of Ingham County.
The following percentages are estimates and are based on an analysis of the S.E.V. of Ingham County and Williamstown Township, the municipality in the Maple Shade Drain Drainage District. The S.E.V. values of the land in the Drainage District are based on the Ingham County Equalization SEV of the parcels within the drainage district to the total of the S.E.V. for the municipality.

The requested, not to exceed, full faith and credit is $300,000. The Total S.E.V. for Ingham County is $7,313,047,709.00, based on 2013 numbers. The Total S.E.V. for Williamstown Township is $231,211,680.00, based on 2013 numbers. The Total S.E.V. for the parcels in the Drainage District is $5,565,700.00, based on 2013 numbers. Using these numbers, the following relationships are realized:

The requested, not to exceed, full faith and credit of $300,000 represents 0.0041% of the S.E.V. property value of Ingham County, while providing the maintenance and improvement for drainage of 0.01722% of land in Ingham County.

The requested, not to exceed, full faith and credit of $300,000 represents 0.1298% of the S.E.V. property values of Williamstown Township, while providing for the maintenance and improvement for drainage of 0.3313% of land in the township.

The requested, not to exceed, full faith and credit of $300,000 represents 5.3902% of the S.E.V. property values of the Maple Shade Drain Drainage District, while providing for the maintenance and improvement for drainage of 100% of land in the drainage district.

Senior Engineer  
LSG Engineers & Surveyors
WHEREAS, pursuant to a petition filed with the Drain Commissioner of the County of Ingham, State of Michigan (the “Drain Commissioner”), proceedings have been taken under the provisions of Act 40, Public Acts of Michigan, 1956, as amended (the “Act”), for the making of certain intra-county drain improvements referred to as the Maple Shade Drain Petition Project (the “Project”) which is being undertaken by the Maple Shade Drain Drainage District (the “Drainage District”) in the Maple Shade Drain Special Assessment District (the “Special Assessment District”); and

WHEREAS, the Project is necessary for the protection of the public health, and in order to provide funds to pay the costs of the Project, the Drain Commissioner intends to issue the Drainage District’s note or notes (the “Notes”) or bonds (the “Bonds”) in an amount not to exceed $300,000 pursuant to the Act; and

WHEREAS, the principal of and interest on the Bonds or Notes will be payable from assessments to be made upon public corporations and/or benefited properties in the Special Assessment District; and

WHEREAS, the Ingham County Board of Commissioners (the “Board”) may, by resolution adopted by a vote of two-thirds of the members of the Board, pledge the full faith and credit of Ingham County (the “County”) for the prompt payment of the principal of and interest on the Notes pursuant to Section 434 of the Act; and

WHEREAS, the Board may, by resolution adopted by a majority of the members of the Board, pledge the full faith and credit of the County for the prompt payment of the principal of and interest on the Bonds pursuant to Section 276; and

WHEREAS, the pledge of the full faith and credit of the County to the Bonds or Notes will reduce the cost of financing the Project and will be a benefit to the people of the County.
NOW, THEREFORE, IT IS RESOLVED as follows:

1. The County pledges its full faith and credit for the prompt payment of the principal of and interest on the Notes or Bonds in a par amount not to exceed $300,000. The County shall immediately advance sufficient moneys from County funds, as a first budget obligation, to pay the principal of and interest on any of the Notes or Bonds should the Drainage District fail to pay such amounts when due. The County shall, if necessary, levy a tax on all taxable property in the County, to the extent other available funds are insufficient to pay the principal of and interest on the Notes or Bonds when due.

2. Should the County advance County funds pursuant to the pledge made in this Resolution, the amounts shall be repaid to the County from assessments or reassessments made upon benefited properties in the Special Assessment District as provided in the Act.

3. The Chairperson of the Board, the County Clerk, the County Treasurer and any other official of the County, or any one or more of them, are authorized and directed to take all actions necessary or desirable for the issuance of the Notes or Bonds, and to execute any documents or certificates necessary to complete the issuance of the Notes or Bonds, including, but not limited to, any applications including the Michigan Department of Treasury Application for State Treasurer's Approval to Issue Long-Term Securities, any waivers, certificates, receipts, orders, agreements, instruments, and any certificates relating to federal or state securities laws, rules or regulations.

4. All resolutions and parts of resolutions are, to the extent of any conflict with this resolution, rescinded to the extent of the conflict.

MEMORANDUM

TO: County Service and Finance Committees

FROM: Stacy Byers, Farmland and Open Space Preservation Board

DATE: July 1, 2013

SUBJECT: Resolution authorizing contracts with appraisal, survey, engineering, ecological, and title company contractors for the Ingham county farmland and open space preservation program

Project Description:
The Ingham County Farmland and Open Space Preservation Program requires the service of many servicers to effectively administer the program. The FOSP Board wishes to engage contracts with appraisal, survey, engineering, ecological and title company contractors. All contractors submitted proposals to the County Purchasing Department through the RFP Process, and were selected based on criteria established by the Purchasing and FOSP Director’s. The FOSP Board has allocated funds for these specific services in the 2013 and the 2014 budget.

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION AUTHORIZING CONTRACTS WITH APPRAISAL, SURVEY, ENGINEERING, ECOLOGICAL, AND TITLE COMPANY CONTRACTORS FOR THE INGHAM COUNTY FARMLAND AND OPEN SPACE PRESERVATION PROGRAM

WHEREAS, the Ingham County Board of Commissioners adopted the Ingham County Farmland and Open Space Purchase of development Rights Ordinance in July 2004; and

WHEREAS, appraisals, title searches, baseline reports, phase I environmental assessments and surveys are required due diligence to close conservation easements; and

WHEREAS, the Purchasing Department sought proposals from experienced contractors, and after review and evaluation, the Evaluation Team is recommending that three year contracts be issued with the contractors, who were determined to be the most qualified candidates.

MEMORANDUM

TO: County Service and Finance Committees
FROM: Stacy Byers, Farmland and Open Space Preservation Board
DATE: July 1, 2013
SUBJECT: Resolution amending Resolution #12-382

Project Description:
The Ingham County Board of Commissioners authorized closing on the Villareal/Mehlhaff Open Space Conservation Easement per resolution #12-382. The appraised value of the Villareal/Mehlhaff Easement was $60,000.00 with a 10% donation of $6,000.00 making the purchase price $54,000.00. After consultation with their CPA, the landowner has petitioned the Farmland and Open Space Preservation Board to amend their donation commitment of $6000.00 to $1000.00 due to tax implications. IRS guidelines, for a deduction of real property, states that any donation over $5000.00 requires a state certified appraisal of the easement donation. The cost of the appraisal for the landowners was quoted at $2500.00 – which makes the donation counter intuitive for them. It is the intent of the Farmland and Open Space Preservation Board to allow the landowners to amend their donation commitment to $1000.00. This amendment will change the easement purchase price from $54,000.00 to $59,000.00 a $5000.00 difference.
Introduced by County Services and Finance Committee of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION AMENDING RESOLUTION #12-382 TO ADJUST THE PURCHASE PRICE OF THE KIRK MEHLHAFF AND WENDY VILLAREAL EASEMENT ACQUISITION

WHEREAS, the Ingham County Farmland and Open Space and the County Board of Commissioners approved proceeding to close on the Kirk Mehlhaff and Wendy Villareal Property, per Resolution #12-382; and

WHEREAS, the property owners wish to amend their donation from $6,000.00 to $1,000.00 in light of new tax implications associated with the donation; and

WHEREAS, the Farmland and Open Space Preservation Board discussed and approved the donation amendment at their April 16, 2013 meeting.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners approve amending resolution #12-382 to reflect a $1,000.00 donation bringing the County’s portion of the easement purchase to $59,000.00.

BE IT FURTHER RESOLVED, that the County Clerk and the Chairperson of the Board of Commissioners are hereby authorized to sign any necessary contract documents on behalf of the County after approval as to form by the County Attorney.

RE: RESOLUTION AUTHORIZING A CONTRACT WITH MICHIGAN STATE UNIVERSITY REMOTE SENSING AND GEOSPATIAL INFORMATION SYSTEMS TO CONDUCT MAPPING SERVICES FOR THE FARMLAND AND OPEN SPACE PRESERVATION BOARD

Project Description
The Ingham County Farmland Preservation Board wishes to contract with MSU RS&GIS in the Geography Department for mapping services. The FOSP Board and the County Board of Commissioners annually approves the selection criteria for ranking applications received by the FOSP Program. The purpose of the selection criteria is to prioritize properties for protection through the purchase of a conservation easement.

Many variables are used to develop this comprehensive document. The Selection Criteria consists of four categories, Agricultural Characteristics, Development Pressure, Additional Ag Protection Efforts and Other Criteria. These categories each have variables that require data for application to the selection criteria. The end product is a qualitative score that is used to objectively rank and prioritize properties for protection.

These data sets are not easily discovered or user friendly. Although most data sets are available, they are not always in a usable format or there is a significant amount of interpretation that must occur before the information is relevant to the selection criteria, leaving room for error. MSU RS&GIS has access to these required data sets and the expertise and resources to interpret them into a usable format for the FOSP Board use.

MSU RS&GIS will reduce the opportunity for subjectiveness to arise in the ranking and streamline the process to allow for better use of available data sets and technology.

SUBJECT: Proposal Summary for a GIS Contractor for the Farmland and Open Space Preservation Board

Project Description:
The Farmland and Open Space Preservation Board is charged with Scoring and Ranking landowner applications based on criteria developed by the FOSP Board and approved by the BOC on an annual basis. The scoring criteria is an objective method for prioritizing applications based on specific characteristics such as size, soil, proximity to services etc. Much of the scoring criteria is based on data that must be developed and analyzed. The Ingham County FOSP Board sought a contractor to find/develop data pertinent to the selection criteria and to develop a system for prioritizing applications based on that data using Geospatial data or GIS. The contractor will report back to the FOSP a “score” after analyzing the data and farm characteristics, which the FOSP Board will use to rank the applications. Furthermore, the awarded contractor will create objective, repeatable and accurate GIS methods that will quickly sort through considerable amounts of geospatial data and score parcels according to the approved selection criteria and staff.

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION AUTHORIZING A CONTRACT WITH MICHIGAN STATE UNIVERSITY REMOTE SENSING AND GEOSPATIAL INFORMATION SYSTEMS TO CONDUCT MAPPING SERVICES FOR THE FARMLAND AND OPEN SPACE PRESERVATION BOARD

WHEREAS, the Ingham County Board of Commissioners adopted the Ingham County Farmland Purchase of Development Rights Ordinance in July 2004; and

WHEREAS, the Ingham County Farmland Purchase of Development Rights Ordinance authorized the establishment of the Ingham County Farmland and Open Space Preservation Board to oversee the Farmland Preservation Program; and

WHEREAS, the voters of Ingham County approved a millage for Farmland and Open Space Preservation in August 2008; and

WHEREAS, the Selection Criteria approved for ranking applications to the FOSP Program, requires numerous data sets, such as soils, parcel size, geographic location, proximity to other protected properties, to calculate an objective score; and

WHEREAS, the Purchasing Department sought proposals from experienced GIS Contractors, and after review and evaluation, the Evaluation Team is recommending that a contract be awarded to Michigan State University Remote Sensing and Geographical Information Systems (MSU RS&GIS), who were determined to be the most qualified candidates; and

WHEREAS, the cost of this service is estimated at approximately $20,000.00 and the FOSP Board has money in the budget to cover this expense.

THEREFORE BE IT RESOLVED, the Ingham County Board of Commissioners authorizes a three year contract with MSU RS&GIS, not to exceed $20,000.00 for the purpose of data collection and preparation, geospatial modeling and the development of land use cover maps.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners authorizes the Board Chair and the County Clerk to sign any necessary documents that are consistent with this resolution and approved as to form by the County Attorney.

RE: Acceptance of Michigan Municipal Risk Authority RAP Grant Funds

The bathroom flooring in the Main Arena at the Ingham County Fairgrounds had a failing epoxy covering system, and the epoxy system was peeling and slippery.

The Michigan Municipal Risk Management Authority provides 50% project reimbursement grants for risk mitigation projects (RAP Grant), and the Ingham County Fair submitted a grant proposal for 50% reimbursement of the new quartz flooring system installed in the Main Arena bathrooms in February 2013. The new quartz flooring system is slip-resistant and eliminates the risk of pathogen transfer.

The Ingham County Fairgrounds received formal RAP grant award notification on June 10, 2013, for the amount of $2,485.

RE: Position Status Change for Dan Burnham

In support of the Board of Commissioners RESOLUTION # 13 – 186, which provides guidance for the development of the 2014 budget and activities for the county staff, the Fair Board would like to request the status change of our part-time lead maintenance employee, Dan Burnham, to a full-time lead maintenance employee, beginning August 1, 2013.

Moving Mr. Burnham to full-time supports our ability to provide a full service approach to the continued development of the expanding recreational offerings on the Fairgrounds throughout the year and during the week of Fair. The ability to deliver outstanding customer service for the events being produced on the Fairgrounds increases the revenue stream and allows the Fairgrounds to improve the overall financial well-being of the department.

The UAW TOPS #2256 chair, Chuck Gray, formally supports the request for status change for Dan Burnham, from part-time to full-time lead maintenance employee.

As the Fair does not require financial support from the General Fund, the status change does not require appropriation of funding from any general funds and has a total budget impact for 2013 of $24,764.00 and is included in the personnel costs for the 2014 proposed budget.

Sincerely,

Sandra Dargatz
Manager, Ingham County Fair
(517) 676-2857
RESOLUTION AUTHORIZING POSITION STATUS CHANGE FOR THE PART-TIME LEAD MAINTENANCE EMPLOYEE TO FULL-TIME LEAD MAINTENANCE EMPLOYEE AT THE INGHAM COUNTY FAIRGROUNDS

WHEREAS, the Ingham County Fairgrounds has increased the recreational offerings and expanded the quantity of events on a go-forward basis; and

WHEREAS, the Ingham County Fair Board voted to support the position status change and the UAW formally supports the request for position status change for the part-time lead maintenance employee; and

WHEREAS, the Ingham County Fair does not require financial support from the General Fund, the position status change does not require appropriation of funding from any general funds and has a total budget impact for remainder of 2013, of $24,764.00 and is included in the personnel costs for the 2014 proposed budget; and

WHEREAS, moving this position to full-time supports the Fair’s ability to provide a full service approach to the continued development of the expanding recreational offerings on the Fairgrounds throughout the year and during the week of Fair. The ability to delivery outstanding customer service for the events being produced on the Fairgrounds increases the revenue stream and allows the Fairgrounds to improve the overall financial well-being of the department.

THEREFORE BE IT RESOLVED, the Ingham County Board of Commissioners hereby authorizes the position status change for position number 760016 from part-time lead maintenance employee to full-time maintenance employee, effective August 1, 2013.

BE IT FURTHER RESOLVED, the Ingham County Board of Commissioners authorizes the Board Chairperson and the County Clerk to sign any necessary documents that are consistent with this resolution and approved as to form by the County Attorney.

WHEREAS, the current cooling tower is over 30 years old, leaking and is in need of replacement; and

WHEREAS, the unit is beyond repair and at the current rate of deterioration it will fail, leaving the Jail without air conditioning; and

WHEREAS, the Purchasing Department submitted proposals and after careful review of the bids, it is the recommendation of both the Purchasing and Facilities Departments to award a contract to John E. Green Company who submitted the lowest responsive and responsible bid of $123,235.00 to provide the cooling tower replacement at the Jail for a base bid amount of $106,998.00 plus alternate #1 in the amount of $16,237.00 for the replacement of condenser pumps; and

WHEREAS, the Facilities Department would also like to request a contingency in the amount of $6,000.00 for any unseen conditions that may arise; and

WHEREAS, the funds for this project are available within the approved CIP Line Item 245-31199-976000-3FC01 which is for the cooling tower replacement at the Jail and has a balance of $162,100.00.

THEREFORE BE IT RESOLVED, the Ingham County Board of Commissioners hereby authorizes entering into a contract with John E. Green Company 1125 North Cedar Street, Mason, Michigan 48854 to replace the cooling tower at the Ingham County Jail for a total not to exceed cost of $129,235.00.

BE IT FURTHER RESOLVED, the Ingham County Board of Commissioners authorizes the Board Chairperson and the County Clerk to sign any necessary documents that are consistent with this resolution and approved as to form by the County Attorney.
Introduced by the County Services Committee of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO RENAME THE INGHAM COUNTY DEPARTMENT OF TRANSPORTATION AND ROADS TO THE INGHAM COUNTY ROAD DEPARTMENT

WHEREAS, as of June 1, 2012, the Ingham County Road Commission became the Ingham County Department of Transportation and Roads per Resolution #12-123; and

WHEREAS, the name Department of Transportation of Roads may be potentially confusing.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners approves renaming the Ingham County Department of Transportation and Roads to the Ingham County Road Department effective upon approval of this resolution.
Introduced by the County Services Committee of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO APPROVE THE SPECIAL AND ROUTINE PERMITS FOR THE INGHAM COUNTY DEPARTMENT OF TRANSPORTATION AND ROADS

WHEREAS, as of June 1, 2012, the Ingham County Road Commission becomes the Ingham County Department of Transportation and Roads per Resolution #12-123; and

WHEREAS, the Ingham County Road Commission periodically approved Special and Routine permits as part of their roles and responsibilities; and

WHEREAS, this will now be the responsibility of the Board of Commissioners to approve these permits as necessary.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners approves the attached list of Special and Routine Permits dated July 2, 2013 as submitted.

MEMORANDUM

To: County Services Committee

From: Robert Peterson, Director of Engineering
Department of Transportation & Roads

Date: June 21, 2013

Subject: 10-Year Township Centerline Pavement Marking (Painting) Agreements

The Ingham County Purchasing Department solicits unit prices annually for contractor applied waterborne pavement markings. We use the bid unit prices and an estimated quantity of pavement markings to determine and recommend a contractor for the work. Once under contract, the contractor applies waterborne pavement marking paint to refresh the yellow centerline and white edgelines that define our roadway laneage. When finished, the contractor is paid for the quantity of work actually performed using the unit prices contained in their bid.

We refresh the centerline and edgeline paint on all 433 miles of our primary roads every year. We also invite the City of Mason, City of Leslie, City of Williamston, and the Village of Webberville to participate in the program, for which, they pay for the work performed. Lastly, we have long-term (either 10 year or 20 year) agreements with 10 of our 16 townships to apply centerline pavement markings, on a two-year cycle, to various local roads within the respective townships. Similar to the cities and village, the townships pay for the work performed.

The reason for this memo is to execute new long-term agreements for those existing agreements that expire this year (Aurelius Township, Locke Township, Onondaga Township, and Williamstown Township) and to execute a new long-term agreement with Stockbridge Township to provide centerline pavement marking for their local roads.

Approval of the attached resolution is recommended.
WHEREAS, the Ingham County Purchasing Department solicits unit prices annually for contractor applied waterborne pavement markings, on behalf of the Road Department; and

WHEREAS, the Road Department uses the bid unit prices and a estimated quantity to determine and recommend a contractor to perform the work; and

WHEREAS, the Road Department refreshes the centerline and edgeline paint on all 433 miles of our primary roads every year. We also invite the City of Mason, City of Leslie, City of Williamston, and the Village of Webberville to participate in the program, for which, they pay for the work performed; and

WHEREAS, the Road Department has long-term agreements with 10 of our 16 townships to apply centerline pavement markings, on a two-year cycle, to various local roads within the respective townships, for which, the townships pay for the work performed.

WHEREAS, four of our long-term centerline pavement marking agreements expire in 2013 and Stockbridge Township desires to enter into a long-term agreement for biennial local road centerline pavement marking application.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes entering into long-term biennial local road centerline pavement marking agreements with Aurelius Township, Locke Township, Onondaga Township, and Williamstown Township to replace the agreements set to expire in 2013.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners authorizes entering into a long-term biennial local road centerline pavement marking agreement with Stockbridge Township to initiate the centerline pavement marking program in the township.

BE IT FURTHER RESOLVED, that the Chairperson of the Ingham County Board of Commissioners and the County Clerk are authorized to sign any contract documents consistent with this resolution and approved as to form by the County Attorney.

DATE:  June 14, 2013
SUBJECT:  Cost Sharing Agreement for Traffic Signal at the Zimmer Road and M-43 (Grand River Avenue) Intersection

Earlier this month, the Michigan Department of Transportation (MDOT) and Ingham County entered into an agreement to install a traffic signal at the intersection of Zimmer Road and M-43 (Grand River Avenue) as part of the road department’s Zimmer Road reconstruction project.

Initial installation of the signal is to be funded by MDOT, but pursuant to standard practice, all subsequent signal equipment modifications, maintenance, and operation costs are to be split evenly between MDOT and Ingham County. The costs are split evenly because two of the four approaches to the intersection are MDOT jurisdiction and two of the four approaches to the intersection are Ingham County jurisdiction.

The reason for this memo and resolution is to execute the MDOT and Ingham County, Cost Agreement for Traffic Signal Control.

Approval of the attached resolution is recommended.
Agenda Item 8d

Introduced by the County Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO APPROVE A COST AGREEMENT FOR TRAFFIC SIGNAL CONTROL WITH THE MICHIGAN DEPARTMENT OF TRANSPORTATION

WHEREAS, the Michigan Department of Transportation and Ingham County entered into an agreement to install a traffic signal at the intersection of Zimmer Road and M-43 (Grand River Avenue) as part of the road department’s Zimmer Road reconstruction project; and

WHEREAS, the initial installation of the signal is to be funded by the Michigan Department of Transportation; and

WHEREAS, pursuant to standard practice, all subsequent signal equipment modifications, maintenance, and operation costs are to be split evenly between the Michigan Department of Transportation and Ingham County. The Ingham County maintenance costs are estimated to be $336 annually, which is budgeted under the county road fund for signal operation and maintenance.

THEREFORE BE IT RESOLVED, the Ingham County Board of Commissioners authorizes entering into a Cost Agreement for Traffic Signal Control with Michigan Department of Transportation for the Zimmer Road and M-43 (Grand River Avenue) traffic signal equipment modifications, maintenance, and operation costs. For which, the maintenance costs are estimated to be $336 annually and is budgeted under the county road fund for signal operation and maintenance.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners authorizes the Board Chairperson to sign any necessary Agreements that are consistent with this resolution and approved as to form by the County Attorney.

Subject: Whitehills Lakes South No. 2 Subdivision Preliminary Plat Variance and Approval

Background: Much of the process by which a platted subdivision is developed follows state statute. The platting process essentially starts with development of a Preliminary Plat of the subdivision that shows the overall road and lot configuration, how it fits into the lands that surround it and the proposed public utilities serving those lots. Pursuant to state statute, said Preliminary Plat is concurrently reviewed and acted on by the necessary stakeholders (Township, Road Department, Drain Commissioner, etc). Once a Preliminary Plat is approved by the various stakeholders, the proprietor can then develop detailed construction plans that also go through an approval process. Once the construction plans are approved by the various stakeholders, construction can begin. After construction is completed, an acceptance process can be initiated to make the roads, drains, and township utilities part of the public domain.

The Whitehills Lakes South development is a 34 unit single-family subdivision located on 29.43 acres, north of Lake Lansing Road and west of I-69 BR (Saginaw Street). The subdivision is part of the Southwest ¼ of Section 4 and Southeast ¼ of Section 5, Meridian Township, Ingham County, Michigan. Phase 1 of the subdivision (lots 1 through 13) was constructed and accepted following the process described above. The proprietor wishes to proceed with the final phase of the subdivision (lots 14 through 34). The reason for this memo is to revive the platting process and work towards developing the remaining phase of the subdivision. The original Preliminary Plat approval was granted in April of 2006. Per state statute, the approval expired in April 2008. The proprietor is requesting approval of a new preliminary plat called Whitehills Lakes South No. 2 that illustrates a revision to the original Preliminary Plat road layout, which requires a Board of Commissioners variance approval.

Variance Request:
The original Preliminary Plat illustrated a proposed road (Southridge Road) stretching from Whitehills Lakes Drive through to Lake Lansing Road, which complies with our public road development regulations. The new preliminary Plat truncates the road short of Lake Lansing Road and provides a cul-de-sac at its end. The variance, which is fully defended in the attached letter, violates the Ingham County Department of Transportation and Roads cul-de-sac length and connectivity requirements. To compensate, the proprietor intends to provide a non-public second access to the long cul-de-sac, from Lake Lansing Road, that can be used by emergency responders in case there is a blockage of the public road. Said non-public second access makes sense because of the topography of the site, has been vetted through the township planning staff, and will need to be approved by the township board.

RECOMMENDATION:
Road Department staff worked with the proprietor and Meridian Township to develop the proposed Preliminary Plat of Whitehills Lakes South No. 2, as submitted, and recommends approval.
RESOLUTION TO AUTHORIZE APPROVAL OF THE PRELIMINARY PLAT OF WHITEHILLS LAKES SOUTH NO. 2

WHEREAS, on April 4, 2006, the former Road Commission, now Ingham County Department of Transportation and Roads approved the Preliminary Plat for the residential subdivision called Whitehills Lakes South. The subdivision is part of the Southwest ¼ of Section 4 and Southeast ¼ of Section 5, Meridian Township, Ingham County, Michigan; and

WHEREAS, Phase 1 of the Whitehills Lakes South plat (lots 1 through 13) was subsequently built and the roads accepted into the county road system; and

WHEREAS, the two-year Preliminary Plat approval period, dictated by state statute, has expired and the proprietor, The Eastbrook Homes, is requesting approval of a new Whitehills Lakes South No. 2 Preliminary Plat (lots 14 through 34); and

WHEREAS, the new Whitehills Lakes South No. 2 Preliminary Plat (lots 14 through 34) contains a reasonable revision from the original road layout that exceeds the county’s cul-de-sac length requirements, which requires a Board of Commissioners variance approval.

THEREFORE BE IT RESOLVED, that upon the recommendation of Road Department staff, the Ingham County Board of Commissioners approves the proposed cul-de-sac length variance and approves the Whitehills Lakes South No. 2 Preliminary Plat (lots 14 through 34) for a period of two years, in accordance with state statute.

Re: Whitehills Lakes South No. 2 – Variance Request

Mr. Peterson:

This letter is a request for a variance for Whitehills Lakes South No. 2. The variance is being requested on behalf of our client, Eastbrook Homes. The owner would like to construct Southridge Road as a cul-de-sac, instead of connecting to Lake Lansing Road, just West of M-78. According to the Board of County Road Commissioners May 2009 Procedures and Guidelines for Developing Public Roads, dead-end roads, ending in cul-de-sacs, shall not be less than 250 feet or greater than 660 feet in length as measured from the intersecting road centerline and the center of the cul-de-sac.

The length of cul-de-sac from the intersection of Whitehills Drive and Southridge Road, to the center of the cul-de-sac is 1,960 feet. The variance request is to allow an additional 1,300 feet for the proposed cul-de-sac. This variance is requested for the following reasons:

1. The existing terrain from Lake Lansing Road to the cul-de-sac location is approximately a 20' drop. To construct Southridge Road to Lake Lansing Road would require the terrain to be severely altered or the road to be installed at a steeper grade than normal (5-7%). The road commission manual suggests that 5% should be the maximum slope for road design. This could make for a potentially unsafe, steep road coming out to Lake Lansing Road.
2. Site vision at the intersection of Lake Lansing and Southridge Drive could also be a potential safety issue. There is a 10-15' embankment immediately adjacent to Lake Lansing Road. This would have to be significantly altered to provide safe sight vision for cars pulling out onto Lake Lansing Road.
3. There are potentially 20-30 mature trees that would have to be eliminated to construct the connection to Lake Lansing Road.
4. Lastly, the distance from a potential new entrance on Lake Lansing Road to the Lake Lansing-M-78 intersection would only be 300-350 feet.
The main reasons for keeping the cul-de-sac lengths relatively short are for winter maintenance and for emergency responses. In regards to emergency responses, the developer would keep the existing access driveway in place (Out to Lake Lansing Road) to serve as an emergency entrance to the far end of the cul-de-sac. The driveway would be improved to ensure it would be wide enough for a fire truck or ambulance to use in the case that a tree or debris might be blocking the street. In my opinion, the ability to access the cul-de-sac from both ends would provide emergency responders the means necessary to provide safe and adequate protection.

As far as winter maintenance goes, there could potentially be a few days a year that are difficult for some homeowners to navigate, but I don't think it is full reason to disallow a longer cul-de-sac. From my perspective (living on a cul-de-sac), I have found that homeowners are willing to work together to help clear/plow/shovel what is necessary to provide access to their homes when county maintenance has been delayed.

RE: PROPOSED RESOLUTION AUTHORIZING AN AGREEMENT WITH MICHIGAN STATE UNIVERSITY FOR MICHIGAN DEPARTMENT OF NATURAL RESOURCES GRANT FUNDED USE OF CRUMB RUBBER MODIFIED ASPHALT PAVING MIXTURE.

As the Board of Commissioners is aware, Meridian Township has proposed improvements on Cornell Road, M-43 to Orlando Drive in Meridian Township, to include, among other road improvements, asphalt resurfacing of Cornell Road as part of the Department of Transportation and Roads (Road Department) 2013 Local Road Program. Road Department staff supports this project. Other items on this meeting cycle’s agenda propose resolutions authorizing a local road program agreement with Meridian Township and a construction contract based on recently taken bids for the Cornell Road project.

The Michigan Department of Natural Resources (MDNR) has made available grant funding in the amount of $192,000 in 2013 for the Cornell Road project for implementation and use of crumb rubber modified asphalt paving mixture (CRMA), which incorporates ground, post-market vehicle tire rubber into the asphalt mixture in order to improve the asphalt pavement’s performance and longevity, and to help foster a market for used vehicle tires, which have been a solid waste disposal problem. In the recent past, the Road Department has accepted this funding and has placed CRMA on several county road projects including Waverly Road, Miller to Jolly Roads, and Haslett Road, Park Lake to Marsh Roads. So far CMRA is performing as expected and is ultimately expected to outlast conventional asphalt. However, since it is new to the market place, additional cost is involved for contractors to obtain the necessary equipment and materials to produce CRMA. Thus MDNR offers the CRMA grant program to help foster this market.

The remainder of the Cornell Road project’s proposed paving, which is to be funded through Meridian Township and the Road Department’s local road program from County Road Funds, constitutes the required local match for the MDNR CRMA grant, and no other unplanned costs are to be incurred for using the CRMA.

Michigan State University (MSU) has entered into an agreement with MDNR to research and develop the CRMA proposed for use on the Cornell Road project and to be the prime recipient of the MDNR CRMA grant funds, and in turn MSU wishes to subcontract with the County on behalf of the Road Department to implement field trial of the CRMA and to pass through the related MDNR CRMA grant funding in the amount of $192,000 intended for the field implementation phase of the research effort.

Road Department staff has worked with MSU research staff and has reviewed and understands MSU’s research findings that the CRMA is expected to provide enhanced performance and longevity to the proposed asphalt pavement, and therefore recommends that the County enter into the requested subcontract with MSU to allow the placement of the CRMA research test strips on the Cornell Road project and to receive the MDNR CRMA grant funds intended for this purpose.
Introducing the County Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION AUTHORIZING AN AGREEMENT WITH MICHIGAN STATE UNIVERSITY FOR MICHIGAN DEPARTMENT OF NATURAL RESOURCES GRANT FUNDED USE OF CRUMB RUBBER MODIFIED ASPHALT PAVING MIXTURE

WHEREAS, Meridian Township has proposed improvements on Cornell Road, M-43 to Orlando Drive in Meridian Township, to include, among other road improvements, asphalt resurfacing of Cornell Road as part of the Department of Transportation and Roads (Road Department) 2013 Local Road Program.

WHEREAS, Road Department staff supports the Cornell Road project and proposes other resolutions on the current meeting agenda authorizing a local road cost sharing agreement with Meridian Township and a construction contract based on recently taken bids for the Cornell Road project; and

WHEREAS, the Michigan Department of Natural Resources (MDNR) has made available grant funding in the amount of $192,000 in 2013 for the Cornell Road project for implementation and use of crumb rubber modified asphalt paving mixture (CRMA), which incorporates ground, post-market vehicle tire rubber into the asphalt mixture in order to improve the asphalt pavement’s performance and longevity and to help foster a market for used vehicle tires; and

WHEREAS, the remainder of the Cornell Road project’s proposed paving, which is to be funded through Meridian Township and the Road Department’s local road program from 2013 budgeted County Road Funds, constitutes the required local match for the MDNR CRMA grant, and no other unplanned costs are to be incurred for using the CRMA; and

WHEREAS, Michigan State University (MSU) has entered into an agreement with MDNR to research and develop the CRMA proposed for use on the Cornell Road project and to be the prime recipient of the MDNR CRMA grant funds, and in turn MSU wishes to subcontract with the County on behalf of the Road Department to implement field trial of the CRMA and to pass through the related MDNR CRMA grant funding in the amount of $192,000 intended for the field implementation phase of the research effort; and

WHEREAS, Road Department staff has worked with MSU research staff and has reviewed and understands MSU’s research findings that the CRMA is expected to provide enhanced performance and longevity to the proposed asphalt pavement, and recommends therefore that the County enter into the requested subcontract with MSU to allow the placement of the CRMA research test strips on the Cornell Road project and to receive the MDNR CRMA grant funds intended for this purpose.

THEREFORE BE IT RESOLVED, the Ingham County Board of Commissioners authorizes entering into a subcontract with Michigan State University for the placement of the CRMA research test strips on the Cornell Road project and to receive the MDNR CRMA grant funds in the amount of $192,000 intended for this purpose,

RE: Proposed Agreement for Adding Branches to the Hannah Farms County Drain

Attached is a proposed resolution authorizing entering into an agreement with the County Drain Commissioner on behalf of the Hannah Farms County Drain District to add branches to this county drain which drain, among other areas, Eyde Parkway, a county road between Hagadorn Road and Hannah Boulevard. Eyde Parkway and its drain system were previously constructed by a developer along with various other land development in that area.

The Road department incurs no cost by entering into this agreement which transfers future maintenance responsibility of the Eyde Parkway Drainage system to the Hannah Farms County Drain District. The Road Department has been entering into these types of agreements with the Drain Commissioner in order to have road drainage systems become part of, and therefore be maintained by, the County Drain Districts to which the roads drain.

Road department staff recommends Board of Commissioners approval of the attached resolution authorizing this agreement.
Introducing by the County Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION AUTHORIZING AN AGREEMENT FOR
ADDING BRANCHES TO THE HANNAH FARMS COUNTY DRAIN
PURSUANT TO SECTIONS 425 AND 433 OF ACT NO. 40 OF
THE PUBLIC ACTS OF 1956, AS AMENDED
FOR THE DEPARTMENT OF TRANSPORTATION & ROADS

WHEREAS, the Hannah Farms County Drain District (Drainage District) is an established body corporate in the County of Ingham and State of Michigan pursuant to Act 40 of the Public Acts of 1956 of the State of Michigan, as amended (“Drain Code”); and

WHEREAS, the Ingham County Drain Commissioner, pursuant to the provisions of the Drain Code is acting on behalf of the Drainage District and has complete legal jurisdiction of the Hannah Farm Drain (“Drain”), an established county drain, which services the properties in the Drainage District; and

WHEREAS, as part of the construction of Eyde Parkway, from Hagadorn Road to Hannah Blvd. in Meridian Township, a County road under the jurisdiction of the Department of Transportation & Roads (ICDTR), a road drainage system, feeding into, but separate from, the Hannah Farm Drain was constructed within the dedicated right-of-way of Eyde Parkway; and

WHEREAS, the ICDTR and Drain Commissioner agree to cooperate to assure proper drainage from properties and roads in the Drainage District and to transfer the jurisdiction and responsibility for the Eyde Parkway road drainage system to the Hannah Farm Drain; and

WHEREAS, the Developer of Eyde Parkway and certain surrounding properties, East Lansing II, LLC, (Developer) and the ICDTR, pursuant to Sections 425 and 433 of Act No. 40 of the Public Acts of 1956, as amended, wish to add branches to be known as Eyde Parkway South Branch, Eyde Parkway North Branch, and Branch 1 of Eyde Parkway North Branch, of the Hannah Farm Drain (“Branches”), to the existing Drain and to provide drainage service to the Branches and have requested that the Branches be established as part of the Drain under the jurisdiction of the Drain Commissioner; and

WHEREAS, the Developer has been advised, understands and agrees to assume the total costs necessary, and has obtained all permits required by local, state or federal law, to add the Branches to the Drain, including any engineering, inspection, easement acquisition, legal and administrative expenses and costs attendant to this Agreement; and

WHEREAS, the Developer has obtained, at its own expense, an affidavit from a registered professional engineer satisfactory to the Drain Commissioner to the effect that the Drain is the only reasonable available outlet for the Branches proposed to be added and it has sufficient capacity to provide adequate drainage service without detriment or diminution of the drainage service which the drain currently provides.
THEREFORE BE IT RESOLVED, the Ingham County Board of Commissioners authorizes entering into an agreement with the Drain Commissioner on behalf of the Drainage District, and the Developer to have the above described Branches be established as part of the Hannah Farms County Drain and to license and permit the Drainage District, its assigns and successors in interest, for purposes of constructing, improving and maintaining the Branches, which include the Eyde Parkway road drainage system, and to allow said Drain to be constructed in and occupy any and all granted road rights-of-way held by the ICDTR necessary for the construction, improvement and maintenance of the Drain, constructed in the road rights-of-way.

BE IT FURTHER RESOLVED, that the Board of Commissioners authorizes the Board Chairperson to sign any necessary Agreements that are consistent with this resolution and approved as to form by the County Attorney.

MEMORANDUM

July 2, 2013

TO:    Finance and Liaison Committees
FROM:  Teri Morton, Budget Director
RE:    Second Quarter 2013 Budget Adjustments and Contingency Fund Update

Enclosed please find the recommended adjustments to the Ingham County budget for the second quarter of fiscal year 2013. The total increase to the General Fund is $82,550.

The quarterly budget amendment process as authorized by the Board of Commissioners is necessary to make adjustments to the adopted budget. Usually, adjustments are made as a result of updated revenue and expenditure projections, grant revenues, reappropriations, accounting and contractual changes, and general housekeeping issues.

Adjustments that affect three county departments relate to staffing changes at the Potter Park Zoo. Position changes and additions related to the Zoo Director, the Curator and the Security Coordinator have all been approved by previous resolutions. This resolution will approve the necessary budget adjustments. In addition, the Parks Director and Financial Coordinator are no longer being allocated to the Zoo. The general fund cost related to this change will be covered for the most part by a new reimbursement from the Zoo Fund for 10% of the cost of the Facilities Director and Manager and an increase in the indirect cost reimbursement as calculated in the most recent cost allocation plan.

Another sizable adjustment is the establishment of a budget for the Community Development Block Grant (CDBG) Fund. This budget was inadvertently omitted from the 2013 Adopted Budget. The 2013 budget does include a transfer of $40,000 from the Delinquent Tax Revolving Fund to the CDBG Fund for administrative costs. This resolution will increase that transfer to $75,000. This is the current estimate from the Treasurer’s Office and Financial Services of the amount necessary to balance the fund.

There are also some increases for replacement computer equipment where costs are recouped through chargebacks to user departments as well as a reappropriation of Animal Control donation funds collected but not spent in 2012. Finally, there is a transfer from the MIS consultant’s line item to temporary salaries to provide staffing for a much needed inventory update.

Also included is an update of contingency fund spending so far this year. The current contingency amount is $260,671. The attached document details how the Board has allocated the contingency funds throughout the year, beginning with a balance of $353,259.

Introduced by the Finance Committee of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION AUTHORIZING ADJUSTMENTS TO THE 2013 INGHAM COUNTY BUDGET

WHEREAS, the Board of Commissioners adopted the 2013 Budget on October 23, 2012 and has authorized certain amendments since that time, and it is now necessary to make some adjustments as a result of updated revenue and expenditure projections, fund transfers, reappropriations, accounting and contractual changes, errors and omissions, and additional appropriation needs; and

WHEREAS, the Liaison Committees and the Finance Committee have reviewed the proposed budget adjustments prepared by the Controller’s staff and have made adjustments where necessary; and

WHEREAS, Public Act 621 of 1978 requires that local units of government maintain a balanced budget and periodically adjust the budget to reflect revised revenue and expenditure levels; and

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners hereby directs the Controller to make the necessary transfers to adjust revenues and expenditures in the following funds, according to the attached schedules:

Introduced by the County Services Committee of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION CALLING FOR THE LEGISLATURE TO SUPPORT
SAME-SEX MARRIAGE IN MICHIGAN

WHEREAS, Michigan voters in 2004 amended the state’s Constitution to solely recognize the union of one man and one woman in marriage as the only agreement recognized as marriage or similar union for any purpose; and

WHEREAS, Michigan Public Act 297 of 2011 restricted the offering of domestic partner benefits to public employees; and

WHEREAS, the intention of this legislation and amendment represents nothing less than an unconscionable attack on the rights of Michigan's gay and lesbian citizens, by purposefully and disproportionately affecting the ability of individuals of a minority sexual orientation to access the rights and benefits conferred by marriage; and

WHEREAS, until Michigan Public Act 297 of 2011, Ingham County progressively offered some version of benefits to the same-sex partners of its employees; and

WHEREAS, public sentiment nationally reflected through public polls has grown increasingly in support of same-sex marriage; and

WHEREAS, the United States Supreme Court in June 2013 struck down the federal Defense of Marriage Act and opened the door to same-sex marriage in California; and

WHEREAS, as of July 2013, thirteen states, the District of Columbia, and five Native American tribes have legalized same-sex marriage; and

WHEREAS, several pieces of legislation have been introduced in the Michigan legislature to allow same-sex marriage in Michigan.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners calls on the legislature to enact HB 4742, a bill to repeal 2011 PA 297, the Public Employee Domestic Partner Benefits Restriction Act.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners calls on the legislature to enact SJR W, a bill to amend the Michigan Constitution by removing language prohibiting same-sex marriage.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners calls on the legislature to enact SB 405, a bill to make changes to Michigan’s marriage laws to allow for same-sex marriage.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners calls on the legislature to enact SB 406, a bill to recognize same-sex marriages that were licensed in other states.
BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners calls on the legislature to enact other legislation supportive towards same-sex marriage.

BE IT FURTHER RESOLVED, that the County Clerk shall send copies of this resolution to Governor Rick Snyder, the Ingham County State Legislative Delegation, and the Michigan Association of Counties.
