Discussion.

Chairperson Holman asked the Committee if it would still like to act on this resolution at this meeting considering that Meridian Township will be discussing/voting on it on April 15. She inquired if the Committee would like the results of that meeting first.

Bill Conklin, Managing Director of the Road Department, stated that he wasn’t planning to bring this resolution forward to the Committee so soon, but the next County Services meeting is after the deadline required. He suggested approving the resolution subject to the approval of Meridian Township as well.

The following amendment was made to the resolution:

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners hereby endorses the above authorized grant applications, contingent on approval by the Meridian Township Board.

This was considered a friendly amendment.

11. Information - ORV Laws for Southern Michigan

Chairperson Holman asked if the Committee would like to pursue the request made by a Stockbridge resident to look into establishing an Ingham County Off-Road Vehicle Ordinance. She asked if the Committee would like the Road Department and the Sheriff to weigh in on this request.

Commissioner Crenshaw stated that he would like an initial investigation conducted on how it would impact the Road Department and Sheriff’s Office and who would enforce the requested ORV ordinance.

Commissioner Celentino stated that he knows of concerns among the Sheriff’s Office and also that local townships and municipalities have the option of adopting their own ORV ordinances as well.

Commissioner Tsernoglou agreed and stated that she is not against an ordinance, but said research needs to be done.
Commissioner Crenshaw recommended having the Stockbridge resident and Sheriff Gene Wriggelsworth at the same future meeting to provide insight for informational purposes. He said a possible resolution could come later after that.

Tim Dolehanty, Controller, spoke of his experience with establishing an ORV ordinance in Isabella County from when he was employed there.

Commissioner Maiville suggested obtaining an opinion on this request from the Michigan Farm Bureau as well to see if this is advantageous to local farmers.

Commissioner Nolan stated that she thought the County Services Committee has enough on its plate right now and recommended referring the Stockbridge resident back to Stockbridge Township to make this request specifically to those local leaders.

The consensus of the Committee was to continue to obtain further information regarding this request.

The meeting was adjourned at approximately 7:21 p.m.
ACTION ITEMS:
The Controller/Administrator recommends approval of the following resolutions:

2. **County Clerk** – Discussion Item - Resolution to Authorize Reorganization within the Ingham County Clerk’s Office – Draft for Review and Consideration Only

Following a recent position vacancy, the County Clerk’s office proposes to reorganize two positions in order to efficiently meet workload demands. This proposal would reclassify the Clerical Services Supervisor (MCF 8) as Chief Deputy County Clerk (MCF 10), and reclassify the Chief Deputy/Election Coordinator (MCF 10) as Election/Clerk Coordinator (MCF 7). The long term financial impact of the proposed position allocation will be an annual decrease of $6,101 in salaries and fringe benefit costs.

3. **Friend of the Court** - Resolution to Authorize a Reorganization in the Friend of the Court

This resolution would authorize a reorganization in the Friend of the Court Office to better meet the current business model needs in the organization. In order to better distribute the need for enforcement of medical and non-medical provisions of support orders among existing FOC personnel, the existing job descriptions of Senior Enforcement Specialist-Medical and Senior Case Examiner would be consolidated into a revised Senior Case Examiner position. Under this proposal there would be three employees with the revised consolidated Senior Case Examiner job description, and each employee would be responsible for both medical and non-medical enforcement provisions on approximately one-third of the FOC caseload. The revised consolidated description of the Senior Case Examiner position was developed with the Human Resources Department. There would be no change in the current ICEA Court PRO6 classification for the three employees in question so this reorganization is cost neutral to the County. The ICEA Court Professionals union have been informed about this proposed reorganization and have voiced no objection.

4a. **Facilities Department** - Memo from Facilities Director Regarding the Replacement of Heat Exchanger Coil at the Ingham County Jail

On February 27, 2014, a heat exchanger coil at the Ingham County Jail completely failed and was in need of immediate replacement to avoid a loss of heat. Consistent with Section 10 of the Purchasing Procedures Manual, the Controller determined immediate purchase of a new heat exchanger coil was essential to prevent detrimental impacts on jail employees and inmates. An attached report jointly filed by the Purchasing Director and Facilities Director sets forth the nature of this emergency and the necessity for action. Subsequently, a purchase order was issued to Myers Plumbing and Heating for a total cost of $21,168.98. Funds for this purchase were previously allocated to a budgeted line item earmarked for jail heating repair. No further action is necessary beyond the County Services Committee receipt of this report.
4b. **Facilities Department** - Resolution Entering into a Contract with JH Construction, Inc. for the Removal and Replacement of the Walkway at the Potter Park Zoo Bird House

The walkway at the Potter Park Zoo Bird House has deteriorated over time, is beyond repair, and in need of replacement to ensure the safety of guests and employees of the zoo. JH Construction, Inc., a local company, submitted the lowest quote to remove and replace the walkway at a cost not to exceed $5,910.00. Funding for the project is available within an approved CIP line item. The Facilities Department seeks approval of the proposal as submitted.

5a. **Road Department** - Resolution to Authorize Approval of the Preliminary Plan of Bennett Village Condominium Development

The Ingham County Road Commission approved a preliminary plan for the residential development called Bennett Village Condominiums on March 25, 2004. The development consists of 41 units within two phases of construction. The most recent two-year preliminary plan approval period has expired and the proprietor, Dunn and Balesky Development, LLC, formally requests re-approval for a period of two years. The Road Department is in agreement with the request.

5b. **Road Department** - Resolution to Approve the Special and Routine Permits for the Ingham County Road Department

The Ingham County Board of Commissioners periodically approves special and routine permits submitted by the Road Department as necessary.

6. **Economic Development Department** - Resolution Setting a Public Hearing for a Brownfield Plan for Dunkin Donuts/Sunoco Development, 3440 Okemos Road and 2221 University Park Drive, Alaiedon Township, Michigan

The Ingham County Brownfield Authority (ICBA) recommended approval of a brownfield plan for the Dunkin Donuts/Sunoco Development located at 3440 Okemos Road and 2221 University Park Drive in Alaiedon Township. This site is the location of a former Mobile gas station and Denny’s Restaurant. The Board of Commissioners must also hold a public hearing on the plan prior to its adoption. The Economic Development Department recommends approval of the attached resolution to schedule a public hearing for May 13, 2014 at 6:30 p.m.

7a. **Controller** - Resolution Establishing Priorities to Guide the Development of the 2015 Budget and Activities of County Staff

This resolution would establish areas of priority to guide fiscal year 2015 activities and budget development. The resolution was developed from recent discussions regarding the status of current areas of priority and departmental perspectives regarding areas of importance for 2015.
The recommended resolution includes proposed changes from the 2014 resolution establishing areas of priority that are indicated through bolded and struck-out language. The adopted resolution will be distributed to departments and offices for their information as they prepare their proposed budgets and activities for 2015, and will be used to guide the development of the Controller/ Administrator’s Recommended Budget.

It is necessary for the Board of Commissioners to take action on this item to remain on schedule with the budget calendar authorized by Resolution 14-087.

7b. **Controller** - Discussion Item - Resolution Updating Various Fees for County Services

The Controller's Office completed an annual review of the County fee schedule and recommends adjustments for consideration by the Board of Commissioners. This information is presented at the current round of committee meetings as a discussion item for input from the Board. A resolution recommending fee adjustments will be presented at the next round of meetings for adoption. A draft version for discussion is included in this packet.

8a. **Board of Commissioners** - Resolution Honoring Zeta Phi Beta Sorority, Incorporated Theta Rho Zeta Chapter

M E M O R A N D U M

TO: LAW & COURTS AND COUNTY SERVICES COMMITTEES
FROM: HARRY MOXLEY, INTERIM DEPUTY COURT ADMINISTRATOR/FOC DIRECTOR
RE: RESOLUTION TO REORGANIZE THE FRIEND OF THE COURT
DATE: APRIL 1, 2014
CC: SHAUNA DUNNINGS, CIRCUIT COURT ADMINISTRATOR; JEAN ANN HAMLIN, ICEA LOCAL 30 PRESIDENT; HUMAN RESOURCES DEPARTMENT

Currently there are three FOC positions assigned to senior enforcement: two are Senior Case Examiners who are each responsible for more complex and/or non-routine enforcement measures on half of the FOC caseload (approximately 25,000 cases in total). Examples of such measures are asset seizure and forfeiture, license suspension, and monitoring cases where the payer of support is in bankruptcy. More importantly, the Senior Case Examiners are responsible for coordinating coverage and backup among the eleven Enforcement Specialist (caseworker) positions, and for conducting pre-hearings on Orders to Show Cause, which is the primary enforcement mechanism used by Friend of the Court if a case is non-compliant. Most Orders to Show Cause are resolved at the pre-hearing level, and pre-hearings for Orders to Show Cause are typically conducted twice a week.

The third senior enforcement position, that of Senior Enforcement Specialist-Medical, is responsible for enforcing medical support and medical insurance provisions of support orders on the entire FOC caseload. While classified at the same level as the two Senior Case Examiners (ICEA Court PRO6), this position was created with a different description than the other two senior enforcement positions in order to obtain eligibility for a State of Michigan medical enforcement grant. This grant ended approximately ten years ago, and since then the Senior Enforcement Specialist-Medical has been funded through the Cooperative Reimbursement Program (CRP), under which the county receives 66% reimbursement from the federal government for child support enforcement positions. All FOC positions, including the two Senior Case Examiners, are eligible for at least partial CRP reimbursement.

Due to staff reduction and reorganization, the number of FOC personnel who conduct pre-hearings on Orders to Show Cause has declined from five (two Enforcement Supervisors and three Senior Case Examiners) to three (one Enforcement Supervisor and two Senior Case Examiners). This reduction has resulted in the number of cases selected for support hearings to decline from approximately 200 per week to approximately 120 per week. Because of this, FOC collections have remained flat for the past five years, and the performance of Ingham FOC relative to the rest of the state has suffered. Each county receives additional funding from the federal government based on five performance incentive factors. Two of the factors, collections on cases currently charging support, and collections on cases with arrears, are directly related to FOC support enforcement efforts. Per the budget office, in 2009 Ingham County received $439,510 in funding for incentive performance factors. As of 2013 this amount had dropped to $392,107, or over a 10% decrease.

At the same time that FOC efforts to enforce non-medical provisions on support orders has lagged, the need for enforcement of medical support provisions has decreased due to the State of Michigan assuming responsibility for the processing of National Medical Support Notices, the primary medical enforcement mechanism, which notifies employers of the necessity to provide medical coverage for dependent parties if available. In addition, the implementation of the Affordable Care Act will make coverage available for a significant portion of the FOC caseload which has previously been uninsured.
In order to better distribute the need for enforcement of medical and non-medical provisions of support orders among existing FOC personnel, we are proposing that the existing job descriptions of Senior Enforcement Specialist-Medical and Senior Case Examiner be consolidated into a revised Senior Case Examiner position. Under this proposal there would be three employees with the revised consolidated Senior Case Examiner job description, and each employee would be responsible for both medical and non-medical enforcement provisions on approximately one-third of the FOC caseload. We believe this will allow for better backup and coverage in the senior enforcement area, and will also allow for additional enforcement on non-medical support provisions of support orders without adding to staff. We have reviewed the revised consolidated description of the Senior Case Examiner position with the Human Resources Department, and have been advised that there would be no change in the current ICEA Court PRO6 classification for the three employees in question (and thus no change in the current cost to the county). We have also reviewed this change with the ICEA Court Professionals union and they have no objection.

Thank you for your consideration. A representative of FOC will be in attendance at the April 17 Law & Courts Committee and April 22 County Services Committee to answer any questions.
Human Resources has analyzed the current FOC Senior Enforcement Specialist – Medical and FOC Senior Case Examiner job descriptions to be consolidated into one job description. By consolidating the positions, position numbers #142021, #142022 and #142023 current job descriptions would be re-placed with an updated job description titled FOC Senior Case Examiner. The changes made do not change the level of work that is being performed. The consolidated FOC Senior Case Examiner would remain an ICEA Court Professional 6. If any of the above information is incorrect, please let me know. Otherwise, please feel free to use this memo as acknowledgement of Human Resources’ participation, and analysis of your proposal.

Subject: Bennett Village Condominiums Preliminary Plan Re-Approval

Background: Much of the process by which a condominium development is developed follows state statute. The process essentially starts with development of a Preliminary Plan of the development that shows the overall configuration, how it fits into the lands that surround it, public utilities serving the lots, and the phases of construction planned to complete its development. Once a Preliminary Plan is approved by the stakeholders (Township, Road Department, Drain Commissioner, etc.), construction plans can be developed, which are also approved by the stakeholders. Once the construction plans are approved, construction can begin. After construction is completed, an acceptance process is normally initiated to make the roads, drains, and utilities public.

The Bennett Village Condominium development is a 41 unit single-family development located on 25.57 acres, north of Bennett Road and east of Hulett Road. The development is part of the Southwest ¼ of the Southwest ¼ of Section 28, Meridian Township, Ingham County, Michigan. The development has followed the process described above for the first of its two phases illustrated on the previously approved Preliminary Plan. Phase 1 (Highland Terrace) was built in 2004 and consists of 27 units.

The reason for this memo is to allow for the development of the remaining phase of the development via re-approval of the Preliminary Plan. The two-year Preliminary Plan approval period, dictated by state statute, has expired and the proprietor, Dunn & Balesky Development, LLC, is requesting re-approval. The Board of Ingham County Road Commissioners originally granted approval of the Bennett Village Condominium development, Preliminary Plan on March 25, 2004. The proprietor stated that the development was stopped due to “concerns over the deteriorating housing market and economic outlook”.

RECOMMENDATION:
Dunn & Balesky Development, LLC is asking for re-approval of the Bennett Village Condominium development, Preliminary Plan. Approval of the attached resolution is recommended by staff.

WHEREAS, Preliminary Plan approvals are only valid for a two year period, per state statute; and

WHEREAS, the most recent two-year Preliminary Plan approval period has expired and the proprietor, Dunn & Balesky Development, LLC, is requesting re-approval.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners re-approves the Bennett Village Condominiums Preliminary Plan for a period of two years, in accordance with state statute.

RE: Priorities Guiding 2015 Activities and Budget

DATE: April 10, 2014

Attached for your consideration is a proposed resolution establishing areas of priority to guide the 2015 activities and budget development. The resolution has been developed from recent discussions regarding the status of current areas of priority and departmental perspectives regarding areas of importance for 2015.

There are two resolutions included in your agenda packet. One that includes proposed changes from the 2014 resolution establishing areas of priority that are indicated through bolded and struck-out language. The other is a clean version. There are significant changes from last year’s resolution.

Changes include:

- There are now only 5 long-term objectives. All of the old long-term objectives seem to fit within one of the 5 new ones. The new objectives were written to be more outcome based.
- Words such as enhancing, maintaining, supporting, etc. have all been removed from the long term objectives. Those words obligate the County to a specific course of action and as times change, the words must be changed to reflect what is happening.
- There are fewer specific priorities listed for 2015, to keep more focus on what is important and to make things simpler.

As Ingham County moves toward a more outcome based approach to strategic planning, this provides an opportunity for a multitude of measurable tasks developed at the department level, but is not overwhelming in presentation. Second, in measuring tasks, we can relate to three primary questions of performance measure as cited in Chapter 4, Performance Accountability: How much did we do? How well did we do it? Is anyone better off? of Mark Friedman’s book “Trying Hard Is Not Good Enough.”

The adopted resolution will be distributed to departments and offices for their information as they prepare their proposed budgets and activities for 2015, and will be used to guide the development of the Controller/Administrator’s Recommended Budget. Thank you for your consideration of these priorities as we begin to develop the budget for 2015. Please contact me if you have any questions.

DATE: April 4, 2014
SUBJECT: 2015 Update of County Fees

When the Board of Commissioners adopted Resolution 02-155, setting various fees for county services, the Controller's Office was directed to annually review the fees and to recommend adjustments. We have completed our review for fiscal year 2015 consistent with this standing directive and offer a few adjustments for your consideration. This information will appear as a discussion item on the current round of committee meetings. We anticipate presentation of a resolution at the next round of meetings to recommend increases to certain fees. A draft version of the resolution is attached for your review and consideration.

Attached spreadsheets provide details of recommended fee adjustments to be effective for the Health Department and the Friend of the Court on October 1, 2014, park and zoo winter seasonal fees on November 1, 2014, and for all other departments on January 1, 2015. As noted in the fee schedule, seasonal fees will continue through March 31, 2015.

The first set of spreadsheets offer analysis of proposed fees for 2015. The annual average United States’ consumer price index was used to do the calculation. This rate of 1.6% was also used by the State of Michigan for the inflation rate multiplier.

The following information is included for each fee:

1. Location of Service
2. Fee Description
3. The 2014 cost as calculated in last year’s fee update process.
4. The 2015 cost, which was calculated by multiplying the 2014 cost by the consumer price index
5. As identified by the Board of Commissioners, the target percent was determined by the percentage of cost to be recovered by the fee for service. The target percent for each fee was initially passed by Resolution 02-155. For other fees added after the passage of Resolution 02-155, in most cases, it was assumed that the fee as passed is charged at the appropriate cost with a target recovery of 100%.
6. The Board adopted a fee schedule for 2014 by way of Resolution 13-208. In September 2013, user fees for the Hawk Island Snow Park (County Services Attachment lines 161-179) were established through Resolution 13-375 at the recommendation of the Parks Department. In October 2013, the HazMat Team Operation Procedures Manual and Cost Recovery Fee Schedule (Law & Courts Attachment lines 55-56) was amended through Resolution 13-418 as recommended by the Sheriff/HazMat Team. Finally, the Rental House (County Services Attachment line 193) fee was reset after approval of Resolution 14-115 in March 2014 upon recommendation of the Parks Department.
7. The 2015 calculated fee is based on the 2015 cost multiplied by the target percent.

8. Although many fees were proposed to remain unchanged in 2015, the initial proposed fees were determined by rounding down the calculated fee to the full dollar amount and, in the case of some larger fees, rounded to the lower $5 or $10 increment. In some cases the cost multiplied by the target percent is much greater than the current fee, so only an incremental increase was proposed in anticipation of further upward adjustments over several years. Fees that are proposed to increase are presented in **bold type**.

9. **Units.** This variable was used to calculate anticipated revenue generated by a proposed fee. Initial information was provided in the Maximus study, and in some cases has been updated by the departments.

10. **Department/Controller Recommendation.** Department heads agreed with the initial proposed fees in most cases. Where there was disagreement, the department head was asked to provide supporting information such as a memorandum of explanation. In all such cases, the Controller ultimately agreed with recommendations of the department head as follows:

   a. **CS:** The Clerk’s Office seeks to maintain the 2014 rate for the Marriage Solemnize fee (line 10) in recognition of a significant increase a few years ago. The Clerk would also like to increase the Expedited Services fee (line 9) because of necessary staff time commitment for this service and U.S. Postal Service fees ($19.99 per parcel).

   b. **CS:** The Register of Deeds Office proposed maintaining 2014 rates for all office fees because most were added as new fees about a year ago, many are set by statute, and additional costs associated with fee changes. The Plat Administration fee (line 222) was adjusted on the spreadsheet to reflect the State law and what the Register of Deeds is currently charging.

   c. **CS:** The Zoo has not responded as of yet, so we are assuming that all proposed fees are acceptable.

   d. **CS:** The Parks Department proposed maintaining 2014 rates for all park fees. The department believes that most fees were increased over the past few years and that another increase would negatively affect usage of park facilities.

   e. **HS:** MSU Extension Office reported that the Soil Box Analysis fee (line 7) is now handled statewide by MSU and the County no longer collects revenue from this fee.

   f. **HS:** The Health Department/Office for Young Children (OYC) staff recommended that the OYC Consultation Request (line 23), the Agency Training Request Base (lines 26 through 29) and Advance Training fees (line 33) should be increased more than originally proposed based on the level of service provided. Also, the department recommends the OYC Agency Training Request Base (lines 24 and 25), Advertised Training (line 30) and Administrator Training fees (line 34) be reduced because the proposed rate might present a barrier to service. The Environmental Health division agreed with all proposed fees. However, the temporary campground inspections fee (line 130) is a new state-required fee set by the Bureau of Environmental Health. Also, Type II Non Community – Sanitary Survey fee (line 133) will be removed and split between Type II Non Community – Non Transient and Type II Non Community – Transient (lines 134 and 135), which is a new state category imposed because non-transient water supply requires more effort than transient.

   g. **L&C:** The District Court does not recommend any fee increase for 2015.

   h. **L&C:** The Sheriff’s Office agreed with all fee adjustments except the Precious Metal/Gem Dealer fee (line 52). Pursuant to state statute (MCL 445.483 (4)), the fee cannot exceed $50.00.
11. Additional revenue is projected from the department head/Controller recommended increase in fees multiplied by the units.
A summary of proposed fee increases for 2015 is presented in the final spreadsheet. The spreadsheet simply lists the 2014 fee, department head and Controller recommendations, and projected revenue for each fee where an increase was proposed.

Fee increases recommended by the Controller’s Office would generate approximately $196,000 in additional revenue in 2015. Total revenue generated by the listed fees is approximately $5.7 million, meaning the proposed adjustments would increase the base by about 3.5%.

DRAFT – FOR REVIEW & CONSIDERATION ONLY

Introduced by the Finance Committee of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION UPDATING VARIOUS FEES FOR COUNTY SERVICES

WHEREAS, the Board of Commissioners set various fees for county services in Resolution 02-155 based on information and recommendations of the Maximus Cost of Services Analysis completed in 2002; and

WHEREAS, the Board of Commissioners also established the percent of the cost of providing the services which should be recovered by such fees, referred to in this process as a “target percent”; and

WHEREAS, the Board of Commissioners has directed the Controller’s Office to establish a process for the annual review of these fees and target percents; and

WHEREAS, the annual average United States’ consumer price index was used as the cost increase factor; and

WHEREAS, this cost increase factor is applied to the previous year’s calculated cost and multiplied by the target percent and in most cases rounded to the lower full dollar amount in order to arrive at a preliminary recommended fee for the upcoming year; and

WHEREAS, in cases where the calculated cost multiplied by target percent is much higher than the current fee, the fee will be recommended to increase gradually each year until the full cost multiplied by target percent is reached, in order to avoid any drastic increases in fees; and

WHEREAS, in cases where the calculated cost multiplied by target percent is lower than the current fee, no fee increase will be recommended for that year; and

WHEREAS, after initial recommendations are made by the Controller, these recommendations are distributed to the affected offices and departments, in order to receive their input; and

WHEREAS, after reviewing the input from the affected offices and departments, the Controller makes final recommendations to the Board of Commissioners; and

WHEREAS, the Controller’s Office has finished its annual review of these fees and recommended increases where appropriate based on increased costs of providing services supported by these fees and the percent of the cost of providing the services which should be covered by such fees as established by the Board of Commissioners; and

WHEREAS, the Board of Commissioners has reviewed the Controller’s recommendations including the target percentages, along with recommendations of the various county offices, departments, and staff.

THEREFORE BE IT RESOLVED, that the Board of Commissioners authorizes or encourages the following fee increases in Attachments A and B at the rates established effective January 1, 2015 with the exception of the Health Department and Friend of the Court, where new rates will be effective October 1, 2014 and the Park and Zoo winter seasonal fees which will be effective starting November 1, 2014.
BE IT FURTHER RESOLVED, that the fees within major Health Department services are not included on the attachments and were not set by the policy above, but rather through policy established in Resolutions 05-166 and 05-242.

Dear Chairman Celentino:

We are in receipt of your letter dated March 27, 2014, and are very surprised at Ingham County’s abrupt actions regarding the termination of our contract. We received a letter from Willis Bennett, on or about March 24, 2014, indicating what was apparently a one sided review of the contract performance by Superparks. I e-mailed Mr. Bennett and was told he would not be available until Friday, March 28, 2014, to talk or visit with me regarding the conclusory and inaccurate statements in his March 24, 2014 letter. At no time was I informed of or invited to attend any meetings of the County Services Committee regarding the contract or our March 14, 2014 letter. Further, I was at no time informed that the Ingham County Commissioners would be considering the proposed termination on March 25, 2014. If Mr. Bennett, or his staff, would have been forthcoming with this information, I would have been happy to meet with the Committee and the Commissioners. This one-sided communication for Ingham County staff appears to be the cause of concern, not the performance under the contract.

It is important to note that County staff altered the snow making pump in 2013 without consulting any Superparks personnel or myself, by shortening the feeder hose to shallow water and presumably sucked a rock into the pump which damaged the pump’s impeller. Mr. Bennett fails to disclose that the damage to the pump and his department’s inability to have it repaired prior to the Christmas holidays significantly impeded the ability of Superparks to market an opening day. The time frame provided by the County to Superparks for the time to fix the pump or get a replacement was “10 days to 4 weeks.” No marketing expert would advertise such a time span for a park opening. This was not the fault of Superparks, it was directly due to County personnel actions.

Nonetheless, Hawk Island Snow Park enjoyed a 26% increase in visits over 2013 in spite of the late opening. Further, Ingham County failed to pay Superparks timely under the contract,
waiting over 8 weeks after Opening Day to remit its first payment. Such delays made our cash flow difficult and we were forced to utilize other funds to keep our employees paid. I am certain County staff did not tell the Commissioners of this matter, nor provide you with our email documentation of this problem. In 2013 (Opening Day December 26, 2012) Hawk Island had 7,715 visits. In 2014, Opening Day January 11, 2014) we expect at least 9,450 visits. Had the broken pump not caused the Opening day delay, we estimate an additional 2,581 visits, amounting to an estimated $43,000.00 in additional gross revenue was lost. With the increase in visits and concessions from 2013 to 2014, the gross revenue is up 50% so far with another two months of operations to go. These increases in visitation and revenue were also enhanced by the adjustment in the pricing structure and the high level of product provided at the hill (snowboards, etc.)

Mr. Bennett provided the County Commissioners with an erroneous list of property improvements invested by Superparks at the venue. Our investment into Hawk Island over the past two seasons is significant as set forth below:

BR 350 Snow Cat Groomer Purchase: Price $201,000.00
Equipment 2012-2013; Tools, Rail, Trailer, Racks, Demo Gear: $57,524.00
SMI Pole cats 2013-2014: $45,180.00
Terrain Park Rails 2013-2014: $15,000.00
Superpark Insurance 2012-2013: $11,722.44
Superpark Insurance 2013-2014: $22,915.08
Terrain Park Carpet Lift 2013-2014: $96,380.00 Replacement value is higher due to our relationship with the manufacturer.

**Total Superpark Investment 2012-2014 - $449,721.52**

The County owns 1 underpowered snow gun which we upgraded with a $6,000 compressor and supplemented the system with 3 additional guns owned by Superparks, LLC. The County has no way of pushing the snow without our customized $200,000.00 grooming machine that allows for building and maintenance of the safe surface. The addition of the carpet was with frustrating delays for sure but was installed and did create a better, safer product as promised.

With regard to banking fees, those should have been deducted regardless. I remind you of last year’s end of year report, wherein I noted the County had a misunderstanding on the concessions last year and Superparks has yet to be reimbursed for its miscalculations. Regardless, the bank fees are a justifiable cost in this instance. That amount is owed to Superparks.

The Groupon Program was consistent with last year’s program that Superpark and Ingham County agreed upon.

I believe the balance of the information provided by Jeff Deehan was adequate. The actual revenue and visitor performance of Superparks is a tangible measurement and justification for retaining the contract. I understand the County can cancel without cause but I do not believe all
of the facts were present at the time of the decision making which is unfair to the citizens and elected officials of Ingham County. Had you let me know the date of the meeting with the Commissioners I would have attended to provide a balanced review of the season instead of the one sided view provided by County staff.

If the County insists on terminating the contract as set forth in its March 27, 2014 letter, we will provide you with the required back up information for the total investments of $449,721.52 described about. Given the County’s swift and one-sided action in terminating the contract, we wanted to provide you with our analysis of our performance and additional factual information for your consideration. In the event the County does not wish to retain the equipment and investments at the park, Gateway will remove the same by the July 1, 2014 deadline outlined in your letter.

I am thankful for the ability to work with Ingham County and would hope to have an opportunity to work out our mutual issues.

Sincerely,

Superparks, LLC

Ryan Neptune
President
