6. Indigent Defense Collaborative Committee – Resolution Creating an Administrator Position and an Executive Assistant Position for the Public Defenders Office
MOVED BY COMM. GREBNER, SUPPORTED BY COMM. MAIVILLE, TO ADOPT THE
RESOLUTION.

Commissioner Grebner stated that the County was setting up a multimillion dollar department
and this was the time to ask some questions. He asked if this would be a 4-5 million dollar
annual operation.

Tim Dolehanty, Controller, stated that it was estimated to have an annual budget of that much.

Commissioner Grebner asked if there would be about 30 attorneys on staff.

Sue Graham, Human Resources Director, stated that there would be about 26 attorneys on staff
and about 37 total positions on staff.

Commissioner Grebner asked if they would set up the rest of the structure once there was a
Public Defender selected.

Ms. Graham stated that the Public Defender would be involved in that.

Commissioner Grebner stated that most of the positions still needed to be classified.

Ms. Graham stated that some of the position classifications and job descriptions could be
transferred from the Prosecutor’s Office as they were similar in job requirements and duties.

Commissioner Grebner asked why they did not establish the other 34 positions now, and if it was
because they were waiting for the Public Defender to be in office.

Ms. Graham stated that they were waiting for the Public Defender to be selected.

Commissioner Grebner stated that the Public Defender would have input even though the office
was already set up. He further stated that was the case even though the Public Defender may not
know a lot about setting up this office as no one had done this particular job before.

Commissioner Hope stated that the legal skills of a Public Defender were really important to her
as a member of the selection panel, but the administrative skills were equally important. She
further stated that she would like to select someone who could do both well.

Commissioner Grebner stated that he was mainly saying he did not think the County had ever set
up an office like this and he was not sure how it would be staffed. He further stated that he could
see how the work flow would work and how it would be supervised, in theory.

Commissioner Grebner stated that there would be a period time in which the office would be set
up and then they would discover how they would actually function. He further stated that it
would be different than how it was originally set up.
Commissioner Grebner stated that in six months or a year the Public Defender’s Office would find all sorts of inconsistencies as to what was thought might happen and what was actually happening. He further stated that the department would try to paper over the issues because they would not want to bring it back to the Board of Commissioners and make a fuss.

Commissioner Grebner stated that this was not the normal way of expanding government for the Board of Commissioners. He further stated that normally they took something that already existed and expanded it.

Commissioner Grebner stated that, instead, they were creating a whole new office. He further stated that the Board of Commissioners needed to pay attention to this office and their staff needed to pay attention.

Commissioner Grebner stated that the Public Defender’s Office would not end up functioning like on paper today. He further stated all over the County, there would be new problems created by this department.

Commissioner Grebner stated that the Prosecutor’s Office, Sheriff’s Office, and District Courts would all be affected. He further stated that there would be hearings the District Court barely knew were legally possible done routinely by the Public Defender’s Office.

Commissioner Grebner stated that with this department, there would be a chance for 100% of cases to have briefs filed and it would be a learning experience.

Commissioner Hope stated that some of these pitfalls had been discussed in the Indigent Defense Committee meetings. She further stated that they had some guidance on establishing the Public Defender’s Office that had come from the State and other counties that are further along.

Commissioner Hope stated that she agreed that they should keep an eye on this office.

Commissioner Grebner stated that he imagined that there would be a time when there was a case and in the past nothing would have been filed, but now the Public Defender’s Office would file a brief. He further stated that then the Prosecutor’s Office would follow up, and the Judge would have to hear the motion and write an opinion.

Commissioner Grebner stated that some of those rulings would be appealed. He further stated that this was all a good thing.

Commissioner Grebner stated that the Public Defender’s Office would improve the quality of justice, but they should know that someone would be responding to briefs that had not done so often in the past.

Commissioner Grebner stated that if there were an additional 1,000 briefs a year it would result in 500 or more hearings. He further stated that the County just needed to be prepared.
Commissioner Grebner stated that the Public Defender’s Office may be paid for with funds from outside the County, but it would cost the rest of the County a couple million dollars.

THE MOTION CARRIED UNANIMOUSLY. Absent: Commissioner Nolan.

Adjournment

The meeting was adjourned at 6:12 p.m.
AGENDA ITEMS:

The Controller/Administrator recommends approval of the following resolutions:

1. **Clerk’s Office** – *Discussion of Resolution to Create Executive Assistant – County Clerk Position*

   The County Clerk seeks to create a new Executive Assistant position. Under the supervision of the County Clerk, persons employed in this position would serve as a confidential, personal assistant to the County Clerk and other staff as assigned; provide a variety of administrative support services; coordinate the processing of Concealed Pistol Licenses (CPLs); and perform backup duties for the Recording Secretary and Deputy County Clerks.

   The Reorganization Procedure Policy allows Department Heads to propose new positions through the annual budget process or by way of a budget amendment. Budget amendments are processed through standing liaison committees and the Finance Committee. Department Heads are required to propose a funding source for each new position proposed. No department may create a position, grant funded or otherwise, unless the Board of Commissioners has approved the position and appropriated the necessary funds. Each of these requirements are fully addressed in an attached memorandum prepared by the Chief Deputy County Clerk.

2. **Equalization Department** – *Resolution Appointing Robert L. Francis as County Grant Administrator for the Ingham County Remonumentation Project*

   A grant application was submitted to the Office of Land Survey and Remonumentation of the Michigan Department of Licensing and Regulatory Affairs, for the sole purpose of receiving funds to implement Ingham County’s Monumentation and Remonumentation Plan. The Ingham County Remonumentation Committee consulted with and took into account the preferences and needs of local units of government, the Ingham County Road Department, local surveyors, and area real estate developers in choosing areas in which to work. Resolution #16-131 approved by the Board of Commissioners on April 12, 2016 authorized participation in an agreement with the Michigan Department of Licensing and Regulatory Affairs for the purpose of receiving grant funds for the Ingham County Monumentation and Remonumentation Project. That resolution appointed Equalization Director Douglas A. Stover as Grant Administrator, as required by statute (MCL 54.269a). A resolution recommended for approval by the Equalization Department would recognize the retirement of Mr. Stover and appoint Deputy Equalization Director Robert L. Francis as Grant Administrator.

3a. **Innovation and Technology Department** – *Resolution to Approve Renewal of Support from Core Technology*

   Ingham County currently uses Multibridge and Talon software from Core Technology in the Sheriff’s Office and in patrol cars. Ongoing software support will ensure no disruption of service to our law enforcement personnel. The Chief Information Officer recommends approval of a resolution to renew support from Core Technology at a cost not to exceed $5,307.
3b. **Innovation and Technology Department** – **Resolution to Approve the Purchase of Cyberark Endpoint Privilege Manager from CDW-G**

Innovation and Technology Department (IT) efforts to enhance cybersecurity protection have hampered many users from performing some daily functions without constant assistance of IT staff. Affected users range from Assistant Prosecuting Attorneys being unable to view simple convenience store surveillance videos up to keeping the Health Department Electronic Medical Records system updated. The IT Department recommends approval of a resolution to allow purchase of CyberArk Endpoint Security Manager, a system that will allow the Department to maintain an elevated security posture without the level of disruption currently experienced by end users, at a cost not to exceed $40,417.02.

3c. **Innovation and Technology Department** – **Resolution to Renew the Contract for Cell Phone Services from Verizon**

Verizon has provided cellular telephone service to Ingham County for almost 20 years now. The State recently renegotiated its contract with Verizon and now offers a more favorable pricing plan through MiDeal. The new plan provides for no penalty termination, unlimited data, unlimited minutes, and provides priority usage for first responders. The Chief Information Officer recommends approval of a resolution to renew the Verizon contract at an estimated annual cost of $159,350 for five years. Costs associated with the contract are spread to various departments based on usage.

4a. **Facilities Department** – **Resolution to Authorize an Agreement with Lansing Tile & Mosaic, Inc. to Replace the Flooring in the Women’s Health Lobby Areas**

Flooring in the two lobby areas and hallway of the Women’s Health is past its useful life. Lansing Tile & Mosaic, Inc., an authorized installer, has submitted proposal to remove the existing flooring, prep, furnish and install new vinyl flooring and cove base. The Facilities Department recommends approval of a resolution to authorize an agreement with Lansing Tile & Mosaic, Inc. to replace the flooring at a cost not to exceed $9,870.

4b. **Facilities Department** – **Resolution Authorizing a Purchase Order to Vidcom Solutions for the Installation of Card Swipes on the Second Floor Judicial Hallway Stairwell at the Veterans Memorial Courthouse**

The Facilities Department has identified a need for two additional card swipes at the north and south stairwells on the second floor judicial hallway doors at Veterans Memorial Courthouse. Only one quote was obtained as two other service providers declined to bid on this project. The Membership Committee of Michigan Municipal Risk Management Authority authorized 50% reimbursement funding through a Risk Avoidance Program Grant. The Facilities Director recommends approval of a resolution to authorize the purchase of two additional card swipes at a cost not to exceed $4,979.52.

5. **Road Department** – **Resolution to Approve the Special and Routine Permits for the Ingham County Road Department**

The Board of Commissioners periodically approves special and routine permits submitted by the Road Department as necessary. The current list of permits includes 26 projects (see attachment for permit list).

6. **Controller’s Office** – **Resolution Honoring Jill Rhode on the Event of her Retirement**

The Controller’s Office seeks approval of a resolution to honor Jill Rhode for her dedication and commitment and to extend sincere appreciation for her many contributions to Ingham County.

BACKGROUND
In 2017, Ingham County experienced a security breach that affected County services for several days. In an effort to be more compliant with industry best practices, changes were made to endpoint systems which have hampered many users from performing some daily functions without the constant assistance of IT staff. Affected users range from County APAs being unable to view something as simple as convenience store surveillance videos up to keeping the Electronic Medical Records system used at the Health Department updated. IT staff began a search for solutions that would enable County employees to resume using business critical applications in an efficient manner while maintaining the enhanced level of security that has become standard in our environment. The results of our search and recommendations from peer groups such as Oakland County IT have lead us to CyberArk Endpoint Security Manager. A system that will allow us to maintain our elevated security posture while

ALTERNATIVES
Microsoft Privileged Access Management and Microsoft Identity Manager were considered as alternatives but neither offer the complete suite of tools needed to meet our needs with respect to the use of elevated rights on the end-user workstation.

FINANCIAL IMPACT
The funding for this support renewal will come from the County’s Innovation and Technology Department’s Network Fund #636-25810-932032.

OTHER CONSIDERATIONS
Pricing from the recommended vendor is off the competitively bid Michigan Master Computing-MiDEAL (071B6600110) contract.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval to purchase CyberArk Endpoint Privilege Manager from CDW-G in the amount of $40,417.02.
Introduced by the County Services and Finance Committees of the:

WHEREAS, a search was initiated to identify solutions to the problems caused by tightened security; and

WHEREAS, several prospective solutions were considered with Endpoint Privilege Manager by CyberArk being determined to be the most appropriate solution; and

WHEREAS, this expenditure has been planned for and budgeted and will alleviate the inefficiencies caused by elevated security practices.

THEREFORE BE IT RESOLVED, that the Board of Commissioners do hereby authorize the purchase of CyberArk Endpoint Privilege Manager from CDW-G in the amount not to exceed $40,417.02.

BE IT FURTHER RESOLVED, the total cost will be paid from the Innovation and Technology’s Network Fund (#636-25810-932032).

SUBJECT: Renewal Cell Phone Service

BACKGROUND
Ingham County has been using Verizon for our cell phone provider for almost 20 years now. The State MiDeal contract we currently use for our cell phones has recently been renegotiated and will give us better pricing than we currently have. This contract continues the same clauses of no penalty termination and unlimited data, but adds in unlimited minutes as well as provides the priority usage for first responders.

</tr>
<tr>

<td>$159,330.40</td>
</tr>
<tr>
<td>Annual net savings</td>
<td>$29,800.00</td>
</tr>
</tbody>
</table>

FINANCIAL IMPACT
The funding for the estimated $159,350.00 annual cost is budgeted and will be spread to various departments based on usage as per current practice.

OTHER CONSIDERATIONS
ITD compared the costs for Verizon versus other providers and found there is no appreciable cost savings for switching providers even with equipment credits and other incentives. When you add in the necessity of switching every current cell phone user over to a different phone or sim card it makes it an onerous task.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached renewal contracts for Verizon.
Resolutions:

INTRODUCED BY COUNTY SERVICES AND FINANCE COMMITTEES OF THE:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO RENEW THE CONTRACT FOR CELL PHONE SERVICES FROM VERIZON

WHEREAS, the State of Michigan has recently renegotiated its contract with Verizon under MiDeal; and

WHEREAS, the new plan continues the best features of the old plan while adding in new benefits like unlimited minutes and first responder priority access; and

WHEREAS, this new plan recognizes a savings of an estimated $29,000.00 over current contract rates; and

WHEREAS, Innovation & Technology is recommending we switch to the new MiDeal contract to realize these benefits and savings.

THEREFORE BE IT RESOLVED, that the Board of Commissioners do hereby authorize the continuation of the cell phone service from Verizon at the new rates for a period of 5 years.

BE IT FURTHER RESOLVED, that the total cost will be spread to various departments based on usage as per current practice.

BE IT FURTHER RESOLVED, that the Controller/Administrator is authorized to make any necessary budget adjustments.

BE IT FURTHER RESOLVED, that the Chairperson of the Ingham County Board of Commissioners is authorized to sign any contract documents consistent with this resolution and approved as to form by the County Attorney.
