RESOLUTION ACTION ITEMS:

The Controller’s Office is recommending approval of the following resolutions:

1a. **Treasurer’s Office** – Resolution Authorizing Submission of a Community Development Block Grant/Home Grant Application for $315,000 for a Home Owner Rehabilitation Program

The Treasurer seeks approval of a resolution to submit a Community Development Block Grant (CDBG) Homeowner Rehabilitation Program grant application. If approved, grant funds would be administered on behalf of the County by a third-party administrator, Capital Area Housing Partnership (CAHP). (Recall that a mandatory public hearing on this application will be conducted at the Board of Commissioners meeting scheduled for September 22, 2015.) The total grant amount is $315,000.

1b. **Treasurer’s Office** – Resolution to Contract with Capital Area Community Services to take Client Referrals from Ingham County Treasurer

Lansing was one of five cities chosen by the Bloomberg Organization for a Financial Empowerment Center (FEC) grant. The three-year grand funding cycle wraps up this year, and maintaining this service requires identification of another funding source. The proposed resolution would authorize execution of a contract with Capital Area Community Services to refer clients affected by tax forfeiture. The total cost of this proposal is $100,000, with funds provided through the delinquent tax fund.

2. **Sheriff’s Office** – Resolution Authorizing the Ingham County Sheriff’s Office to Extend a Contract with the Michigan Department of Corrections to Rent 190 Beds to the Michigan Department of Corrections

This resolution authorizes Ingham County and the Ingham County Sheriff’s Office to renew the contract with the Michigan Department of Corrections to rent 190 beds at a cost of $36.00 per day per bed for an additional year effective October 1, 2015 through September 30, 2016. This will formally contract for 100 Jail beds as needed, at a cost of $36.00 per day per bed, up to but not to exceed $1,314,000.00, effective October 1, 2015 through September 30, 2016, for the Michigan Department of Correction’s Intensive Detention Reentry Program.

The resolution also authorizes the rental to the Michigan Department of Corrections of an additional 90 Jail beds as needed, that are not covered by the Third Amendment approved in this resolution, to be used by the Michigan Department of Corrections for its Virtual Boards Program, at a cost of $36.00 per day per bed up to but not to exceed $1,182,600. The 2015/16 Annual Revenue from this contract/bed rental for 190 beds * $36 per day = $6,840 per day * 365 days = $2,496,600. The revenue received from the renting of the beds is anticipated in the 2015 and 2016 budgets. This contract has been in place since August of 2004. (See attached memo for details)
3a. **Circuit Court – Resolution to Accept the FY 2016 Swift And Sure Sanctions Probation Program Grant, Continue the Grant Funded Three-Quarter Time SSSPP Case Management Coordinator and Special Part-Time Prosecutor Positions, and Enter into Subcontracts**

The SSSPP grant is for the time period of October 1, 2015 through September 30, 2016. There is no monetary match required. The SSSPP is an intensive supervision probation program that focuses on high-risk felony probationers with a demonstrated history of probation failures due to behavioral noncompliance or three or more probation violations. The primary goal is to increase compliance with probation terms by imposing certain, swift, and consistent sanctions for probation violations which is consistent with the County’s long term objective of providing appropriate sanctions for adult offenders.

The grant also authorizes the continuation of two grant-funded special part-time positions including a SSSPP Coordinator at Circuit Court and a SSSPP Assistant Prosecuting Attorney. Finally, the resolution also authorizes various sub contracts subject to the availability of grant funds. **NOTE: As of this date, we have not been notified of the actual grant amount from the state so the resolution indicates the amount that was requested. The goals of the Michigan Mental Health Court Operational Grant are to enhance community safety by responding to individuals who have committed non-violent felonies with supportive treatment and intensive supervision; to minimize recidivism; and to assist participants in achieving a positive legal outcome and maintaining a healthy lifestyle. The grant also authorizes continuation of the grant-funded three-quarter time Mental Health Court Services Coordinator position. Finally, the resolution also authorizes various sub contracts subject to the availability of grant funds. **NOTE: As of this date, we have not been notified of the actual grant amount from the state so the resolution indicates the amount that was requested. The County annually charges participating entities on our radio system a microphone fee per radio. The County pays 35% ($52.75) of this microphone fee cost and the public safety agency funding unit pays the remaining 65% ($97.97) of this microphone fee cost. The agreement has a one percent increase per year during the six year period and will have a six month out clause should the County wish to exercise that option during the six years. 6.  Health Services Millage - Resolution Authorizing Health Services Millage Contracts with the Ingham Health Plan Corporation (IHP) and Community Mental Health (CMH)

This resolution authorizes Health Services Millage contracts with IHP and CMH. The proposed contract with IHP includes funding for medical, pharmacy, and dental claims, and detox services (using IHP’s 2012 scope of services as a baseline) plus 10% administrative costs up to an amount not to exceed $1,000,000 annually over the course of the two year agreement from January 1, 2015 through December 31, 2016. Millage funds will not be used to reimburse IHP for “bridge coverage” or dental claims for people who are not millage eligible. Any additional services will
need to be approved by the Board of Commissioners, and IHP will be required to appoint the Ingham County Health Officer to their Board of Directors. The County will reimburse IHP on a monthly basis after the receipt of an invoice in a format that is mutually agreed upon by the County and IHP. This invoice will need to clearly detail millage eligible activities from the prior month that are consistent with the contract’s scope of services. Finally, the County will pursue a contract with a third party to conduct regular audits of member eligibility and expenses to ensure compliance with the Health Services Millage ballot language.

The contract with CMH will be for an amount not to exceed $878,000 to provide additional funding for various mental health services to millage eligible residents as previously approved by the Board for 2015.

The Health Services Millage fund contains sufficient funds for 2015 to cover both commitments to CMH and IHP. The 2016 budget also includes $1,218,287 from the Health Services Millage to continue funding the CMH services. If approved, the additional allocation of an amount not to exceed $1,000,000 for IHP brings the total allocated amount for 2016 to $2,218,287.

7. **Parks – Resolution Transferring Funds from the Parks Department Capital Improvement Fund for Hawk Island Snow Hill Equipment Payback**

The Parks Department proposes a resolution to authorize transfer of $170,000 from the Parks Department Capital Improvement Fund to the General Fund as partial repayment for a snow groomer and two snow makers purchased by the County in 2014 (see Resolutions #14-383 and #14-384). The amount owed would be reduced to $54,200. This resolution would also authorize that this remaining amount owed be eliminated.

8. **Farmland and Open Space Preservation – Resolution Approving Proceeding to Close Permanent Conservation Easement Deeds on the Fogg#2, Swiler, Bauman and Eifert Properties**

In accordance with provisions of the Farmland and Open Space Preservation (FOSP) Ordinance, the FOSP Board scored and ranked the applications based on the approved selection criteria. The FOSP Board recommends closing on the Fogg#2, Swiler, Bauman and Eifert properties. In an effort to move the properties to close more quickly, ideally 12 months instead of 24, and to eliminate the almost $3 million fund balance, FOSP Board concluded it would be best to close on these properties with 100% local funds.

RE: Delinquent Tax Foreclosure Prevention Funding

Lansing was one of 5 cities chosen by the Bloomberg Organization for a Financial Empowerment Center (FEC) grant. For many years I have played at least a minor role in helping bring this about. The 3 year grand funding wraps up this year and maintaining services requires other funding.

The quality and outcome controls for the FEC are rigorous. The Lansing FEC uses our Community Action Agency for service delivery which increases impact. Their efforts are so effective that they replace other non-profit agencies we have worked with on financial education. Disclosure is twofold. I serve on the Lansing FEC Advisory Board and on behalf of Ingham County serve on the Capital Area Community Services Board. This year I wrap up my fourth and final year as Board Chair.

Mr. Eric Schertzing, Treasurer
Ingham County Treasurer's Office
341 South Jefferson Street
Mason, MI 48854

Dear Mr. Schertzing:

At this time we would like to provide you with an update on the temporary financial accounting assistance we have been providing per the agreement with you approved June 17, 2015. We have been asked to provide pooled bank reconciliation assistance beginning with December 2014 and to work through as many months as contractual time permits to get the process current. We have also been asked to provide recommendations related to the revised general ledger pooled cash structure to be implemented by your department.

The following is an update on the work completed through September 4, 2015.

December 2014 – June 2015 Pooled Bank Reconciliations

December 2014 – June 2015 pooled bank reconciliations are complete.

Treasury has also begun to post the general ledger adjustments identified in this bank reconciliation process through June. We expect to have all entries posted by the end of next week. From July forward, Treasury plans to record cash transactions in the month they have occurred.

July 2015 – August 2015 Pooled Bank Reconciliations

Treasury is currently in the process of providing Plante Moran with the bank and general ledger data files to set up the pooled reconciliation for the July reconciliation. July and August pooled reconciliations still need to be performed under the same process as previous months. This process combines activity from many banks and is a complicated process. The August bank and general ledger data should be ready to work on after the July reconciliation is complete. Once the August pooled reconciliation is complete, Treasury can then move forward to the revised pooled cash reconciliation process that they have set up in Munis for the month of September.

September 2015 Pooled Bank Reconciliation

Beginning the first of September, Treasury implemented the revised pooled cash structure in the general ledger. This new structure will track the activity of each bank separately in Munis and should help to make the reconciliation process more efficient. Cash transaction errors should be easier to identify and to resolve. Treasury is monitoring activity posted in the new general ledger set up to ensure it is working as expected. One issue relating to August transactions posting to the month of September in the new pooled cash fund was identified and Treasury is working to resolve it. They will continue to closely monitor the activity to resolve any issues.
After all September pooled cash activity is posted in the general ledger, Treasury plans to reconcile the general ledger activity to the bank statements under the new system general ledger set up in Munis. September activity should be posted to Munis and ready for reconciliation by the middle of October.

If you have any questions or concerns regarding the details outlined above, please feel free to contact me at 313-496-7231 or William.Brickey@plantemoran.com. Thank you for the opportunity to serve you.

Very truly yours,

RE: MDOC Bed Contract

Commissioners,

This resolution will authorize Ingham County and the Ingham County Sheriff’s Office to extend the contract and agreement with the Michigan Department of Corrections to rent 190 beds at a cost of $36.00 per day per bed for an additional year effective the fiscal year October 1, 2015 through September 30, 2016.

The funds received by the county for leasing these contractual beds are used to reduce the general fund cost of operating the jail. In addition, these funds are used to finance the operational costs for six deputies and the construction and debt cost of the Low Security 90 bed wing at the Jail that the County opened in 2004.

Financial Implications:

2015/2016 Annual Revenue from this contact.
190 beds x $36 per day = $6,840 per day x 365 days = $2,496,600

The revenue received from the renting of the beds is anticipated in the 2016 budget.

Other Implications: This contract has been in place since August 2, 2004.

I recommend your approval.

2015 – 2016 Operational Grant Award

On May 14, 2015, the 30th Circuit Court submitted an application to receive grant funds in the amount of $249,225.50 from the State Court Administrative Office (SCAO) to continue the Swift and Sure Sanctions Probation Program (SSSPP). The award is for the grant period of October 1, 2015 through September 30, 2016. While we do not yet know the amount of our award, we anticipate having that information before the September 22, 2015, Board of Commissioners meeting. We will revise the award amount cited on the resolution, if necessary, once we learn the amount.

The SSSPP is an intensive supervision probation program that focuses on high-risk felony probationers with a demonstrated history of probation failures due to behavioral noncompliance or three or more probation violations. The primary goal is to increase compliance with probation terms by imposing certain, swift, and consistent sanctions for probation violations which is consistent with the County’s long term objective of providing appropriate sanctions for adult offenders.

Through the enclosed Resolution, we are requesting that the Board of Commissioners accept the grant award, continue the three-quarter time SSSPP Case Management Coordinator position, and authorize entering into subcontracts for the 2015-2016 grant period.

RE: Resolution for Authorization to Enter into a Three Year Contract with Charlevoix County 7th Probate Court

This resolution would authorize entering into a three year contract with Charlevoix County 7th Probate Court for their program known as “Recovery High” for the care and treatment of adjudicated juveniles, specifically juveniles with a substance abuse issue. The proposed contract time frame is October 1, 2015 to September 30, 2018.

Historically, the Court has entered into yearly contracts with placements. Recently, the Board has authorized entering into three year contracts with various residential facilities to allow for better forecasting of residential costs.

Recovery High is a collaborative effort between Bay Area Substance Education Service (B.A.S.E.S.), Charlevoix Probate Court and Charlevoix Public School. The program provides extensive substance abuse education, intervention and treatment services to youth and their families. The youth reside in a court-licensed, specially trained foster home, attend a drug free school with significant court presence, and participate in intensive substance abuse services offered though B.A.S.E.S. Drug testing and involvement of family in the weekly Parent Group are also important components of the program.

The Court had a three year contract with Charlevoix County 7th Probate Court, which was set to end in 2017; however, the contract will be terminated early by Charlevoix County 7th Probate Court due to a change in the program, which resulted in a significant adjustment in the per diem. Charlevoix County 7th Probate Court will now be offering more clinically based, trauma informed services that will more effectively meet the complex needs of the youth that are referred to Recovery High.
Introduced by the Law & Courts and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION FOR AUTHORIZATION TO ENTER INTO A THREE YEAR CONTRACT
WITH CHARLEVOIX COUNTY 7TH PROBATE COURT

WHEREAS, the Ingham County Circuit Court Family Division would like to enter into a three year contract with Charlevoix County 7th Probate Court for the purpose of providing treatment intervention to adjudicated delinquent juveniles; and

WHEREAS, a three year contract allows for the County to better forecast residential costs for the coming budget years; and

WHEREAS, the Court, after hearing testimony and making findings, may issue an order placing juveniles in an appropriate treatment facility; and

WHEREAS, the current contract with Charlevoix County 7th Probate Court will be terminated early due to a change in the program, resulting in a change in the per diem beginning on October 1, 2015; and

WHEREAS, Charlevoix County 7th Probate Court runs a program called Recovery High which serves adjudicated court wards and offers a full continuum of services, including specialized foster care, educational services and treatment for substance abuse; and

WHEREAS, additionally, they will now be offering services to effectively address trauma, which is a frequent issue the youth placed in this facility experience.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners hereby authorizes an agreement with Charlevoix County 7th Probate Court for the care and treatment services of Court adjudicated youth not to exceed $160 per day for the time period of October 1, 2015 through September 30, 2018.

BE IT FURTHER RESOLVED, that the funds for these placements will come from the Family Division’s Institution Care - Other County line item (29266202 818000) within the Child Care Fund.

BE IT FURTHER RESOLVED, that the Chairperson of the Ingham County Board of Commissioners is authorized to sign any contract documents consistent with this Resolution and approved as to form by the County Attorney.

Re: Contract amendment/extension with Harris Corp. for Radio System Infrastructure Maintenance

With the Ingham County Public Safety Radio system we have a contract currently in place for the Infrastructure Maintenance with Harris Corporation. The current contract expires on September 30, 2015.

Information that was presented to the Law and Courts Committee and area public safety officials on July 16th, by Mr. Williams, brought up a discussion that while our Harris EDACS radio system is at end of life, other customers do have contracts in place, to continue maintenance/use of their systems for many more years to come. As a result I did reach out to our Harris representative and inquired on getting system maintenance beyond the end of life that we had been presented by Harris Corporation. This has resulted in a proposed contract between Ingham County and Harris Corporation to maintain our system until 2021.

The attached proposed resolution would extend our current maintenance contract, with the same level of service we currently receive, through 2021. They have provided a yearly cost for the infrastructure maintenance allowing for a 1% increase in cost each year of the agreement. These maintenance costs have been planned for and included within the 9-1-1 Center’s 2015-2016 budget request. Additionally if at some time in the future, if we wish to end the maintenance contract because we decide to move away from this system, there is language that would allow us to end the contract with notice, prior to 2021.

The current Harris radio system is working well and we have been very pleased with the maintenance/service that we have been receiving. We would continue this same level of service and maintenance.

I have also been told verbally that if we needed to extend past the 6 years of this extension, they could do up to 4 more years, but that they would not be able to maintain the 1% per year cost increase.

I would request that the contract extension be approved as proposed. This contract has already been submitted and approved by the county attorney’s office, as I sent it to them right away due to the short timeline with the current contract expiration and BOC meeting schedule.

This is a recommendation to authorize an agreement with the Corporation for National and Community Services (CNCS) to operate year 3 of the AmeriCorps*VISTA project in Ingham County.

AmeriCorps*VISTA is a federal program operating under the Corporation for National and Community Service (CNCS), with management in Michigan at the State CNCS office in Detroit. The Corporation for National and Community Service (CNCS) has granted the Ingham County Health Department, on behalf of the Power of We Consortium, a new AmeriCorps*VISTA Program of $113,597 for the 2015-2016 fiscal year. A total of 13 FTE AmeriCorps*VISTA members will be placed in host sites selected through an RFP process. 1 FTE AmeriCorps*VISTA Leader will be placed with the Power of We Consortium.

Our pool of VISTA members will support projects that target low-income populations and will provide greatly needed capacity-building at a low cost for our community-based and faith-based organizations. A list of those agencies is attached.

SUBJECT: Resolution to Entering into an Agreement with Care Free Medical to Purchase a Medical-Grade Refrigerator and Freezer for Vaccine Storage

Attached is a resolution to authorize Ingham County Health Department (ICHD) to enter into an agreement to provide funding to Care Free Medical Clinic (CFM) to purchase a REF25-PH medical grade refrigerator and freezer for vaccine and medication storage. CFM is requesting $8,598 from ICHD to purchase the required refrigerator and freezer. Having a refrigerator for vaccine storage would allow CFM the opportunity to participate in the Vaccine for Children (VFC) program. VFC is a federal program that provides free vaccine for children in Ingham County. ICHD oversees the program to ensure compliance with federal guidelines.

CFM has worked collaboratively with ICHD for many years to increase access to healthcare for adults in Ingham County; under the leadership of their new Medical Director/Chief Executive Dr. Farhan Bhatti, they are now growing their pediatric patient panel. This increase in pediatric care brings CFM the additional responsibility to the public and to their patients to vaccinate as many of their pediatric patients as possible. Although CFM understands that children seen in clinics that do not participate in the VFC program can receive those vaccines at ICHD, many parents, particularly in low-income families, will be less inclined and/or less able to vaccinate their children if they have to make an extra trip to ICHD for those vaccinations. A greater number of children can be immunized if vaccines are provided in their primary care office instead of asking families to travel elsewhere to receive them. Because of this, CFM would like the ability to provide this service to its pediatric patients and their families.

ICHD has funds available through the Healthy Capital Counties project (Resolution #15-248) which need to be spent by September 30, 2015. We are recommending providing CFM $8,598 from those funds to purchase the refrigerator/freezer. Providing funding to our long time community partner to increase the availability of vaccines for children serves the community good.

I recommend that the Ingham County Board of Commissioners authorize the agreement with Care Free Medical to purchase a REF25-PH medical grade refrigerator and freezer for vaccine and medication storage.

Community Mental Health Authority of Clinton, Eaton, and Ingham Counties
Proposal for the revision to the current contracts for the use of Ingham County Health Services Millage to close gaps in Ingham County’s behavioral health care system
June 2015

Summary of proposal: This proposal requests:

- an increase in the level of support from,
- a refinement in the use of, and
- the integration of two current contracts for

Ingham County Health Services Millage funding, to the Community Mental Health Authority of Clinton, Eaton, and Ingham Counties (CMH), to support a comprehensive package of behavioral healthcare services designed to address the most pressing behavioral healthcare needs in the Ingham County community.

Context: With several months of experience with the significant State General Fund reduction (2/3 of the funds formerly provided to CMH) and the implementation of the Healthy Michigan Plan, the Community Mental Health Authority of Clinton, Eaton, and Ingham Counties (CMH) has, at this point, much greater clarity as to the fiscal and service gaps resulting from these changes. This clarity underscores the substantial set of services and persons which are not covered by the Healthy Michigan Plan – costs which must be covered by the scarce State General Fund and local dollars within CMH’s budget. Many of these costs are related to the provision of services to persons for whom CMH is the provider and cost underwriter, but who are not eligible for the Healthy Michigan Plan. This group includes those enrolled in Medicare and not eligible for Medicaid, those with “spend down” Medicaid eligibility, and those with chronic and urgent mental health treatment needs (crisis stabilization, day program services, residential care, case management) not covered by their families’ commercial coverage.

The services proposed in this document reflect a revision to those reflected in the current contracts between Ingham County and CMH and address longstanding gaps in services and gaps that are newly emerging with the dramatic cut in state General Fund dollars to this CMH and CMHs across the state. ¹

¹ This revision proposes the removal of services to children with conditions on the autism spectrum (listed, in the current contract, as a service to be provided), given that CMH’s experience has validated the initial thoughts that these services are covered, for nearly all of these children, by commercial insurance or Medicaid. The funds previously dedicated to this service are proposed to be reallocated to other services within this revised proposal.
A. Closing newly emerging gaps in Ingham County’s essential behavioral health care services system: These service gaps are the result of the dramatic cut (65%), implemented in April 2014 and expanded in October 2014, in state General Fund dollars to this CMH and CMHs across the state.

The community’s free-standing (outside of hospital grounds) 24/7 Psychiatric Crisis Services and Inpatient Pre-Screening Unit: This unit provides around-the-clock access to highly trained behavioral health clinicians who provide: crisis intervention, psychiatric inpatient pre-screening (and funding authorization), short-term stabilization, diversion to appropriate levels of care, housing assistance, and linkages to needed services to adults, children, and adolescents.

The annual cost of these services which are provided to uninsured Ingham County residents meeting the millage criteria is $200,000.

Estimate of the number of assessments provided Ingham County residents meeting the millage criteria who would be served, per year, by this program: 450

The community’s Assessment and Referral Team: This unit provides a full bio-psychosocial assessment and a comprehensive behavioral health and ancillary treatment, supports, and referral plan (using person-centered planning methods) for adults who are uninsured.

The annual cost of these services which are provided to uninsured Ingham County residents meeting the millage criteria is $45,178.

Estimate of the number of Ingham County residents meeting the millage criteria who would be served, per year, by this program: 110

The community’s urgent care and intensive homebased treatment program for at-risk children, youth, and their families: This program works to improve the ability of children and youth, with serious emotional disturbance, to function better at home, in school, in the community, and with peers by providing - primarily in the home, school, and workplace of the families enrolled in this program (with some services provided at CMH offices) - family and individual psychotherapy, psychiatry, nursing, parenting skills, crisis therapeutic group home, training and coaching, school liaison services, and referral network linkages.

The annual cost of these services which are provided to uninsured Ingham County residents meeting the millage criteria is $400,000.

Estimate of the number of Ingham County residents meeting the millage criteria who would be served, per year, by this program: 80
A spectrum of community-based treatment teams for vulnerable populations: These multidisciplinary teams, made up of mental health therapists/case managers, psychiatrists, nurses, mental health workers/consumer services specialists, and peer support specialists, provide psychotherapy, psychiatry, nursing, and a range of supports to adults with very high levels of mental health needs, those enrolled in a specialized older adult program, and adults with intellectual/developmental disabilities.

The annual cost of these services which are provided to uninsured Ingham County residents meeting the millage criteria is $935,000.

Estimate of the number of Ingham County residents meeting the millage criteria who would be served, per year, by this program: 180

Psychiatric inpatient care for jail inmates: In addition to the jail-based CMH has also paid all psychiatric inpatient claims on individuals admitted directly from the jail to psychiatric inpatient facilities given that these claims are paid with State General Fund dollars and given the dramatic cut in this CMH’s State General Fund revenues, CMH is without the funds to continue to pay these psychiatric inpatient costs and others previously funded by State General Fund dollars.

The annual cost of these services which are provided to uninsured Ingham County residents meeting the millage criteria is $144,000.

Estimate of the number of Ingham County residents meeting the millage criteria who would be served, per year, by this program: 14

B. Development of low cost safety net services to meet the needs of the unserved:

Psychiatric care and outpatient therapy for children and adults with moderate mental health needs: This community has long experienced a significant and growing gap in the availability of office-based outpatient psychotherapy for children, adolescents and adults. These services (along with CMH’s 24/7 psychiatric crisis services unit) provide the community’s mental health safety net.

The annual cost of these services which could be provided to uninsured Ingham County residents who meet the millage is $336,910.

Estimate of the number of Ingham County residents meeting the millage criteria who would be served, per year, by this program: 210

| Cost of revised package of services: | $2,061,088 |
| Current cost of services (in current contracts): | $1,182,803 |
| Proposed increase: | $ 878,285 |

Re: Resolution Transferring Funds from the Parks Department Capital Improvement Fund for Hawk Island Snow Hill Equipment Payback

Resolution #14-383 approving the purchase and repayment schedule for one (1) snow groomer and Resolution #14-384 approving the purchase and repayment schedule for two (2) snow makers was passed at the September 23, 2014 Board of Commissioners meeting. The resolution established an amount of $224,200 to be paid back to the general fund over a period of ten years. The Parks 508 Enterprise Fund as a whole cannot sustain the repayment of the purchase. This resolution authorizes a transfer of $170,000 to the snow equipment repayment and would reduce the amount owed to $54,200 and the balance still owed to the general fund of $54,200 would be eliminated.

The Parks & Recreation Commission supported this resolution with the passage of a resolution at their August 24, 2015 meeting.

Please do not hesitate to contact me if you have questions regarding this issue.
Introduced by the County Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TRANSFERRING FUNDS FROM THE PARKS DEPARTMENT CAPITAL IMPROVEMENT FUND FOR HAWK ISLAND SNOW HILL EQUIPMENT PAYBACK

WHEREAS, Board of Commissioner Resolution #14-383 approved the purchase and repayment schedule for one (1) snow groomer and Board of Commissioner Resolution #14-384 approved the purchase and repayment schedule for two (2) snow makers; and

WHEREAS, the above mentioned resolutions established an amount of $224,200 to be paid back to the general fund over a period of ten years; and

WHEREAS, the Hawk Island Snow Hill generated $59,579 in revenue from December 2014-April 2015, with positive net revenue of $23,821 after expenses; and

WHEREAS, while this is an outstanding shift to a positive net revenue situation for the snow hill, the Parks 508 Enterprise Fund as a whole cannot sustain the repayment of the purchase; and

WHEREAS, the Parks Department Capital Improvement Fund currently has a fund balance of $170,000; and

WHEREAS, the Financial Services Department recommends transferring the existing Fund, fund balance of $170,000, to reduce the snow equipment repayment balance; and

WHEREAS, a transfer of $170,000 to the snow equipment repayment would reduce the amount owed to $54,200; and

WHEREAS, the balance of $54,200 still owed to the general fund would be eliminated.

THEREFORE BE IT RESOLVED, the Ingham County Board of Commissioners authorizes the $170,000 fund balance in the Parks Department Capital Improvement Fund be applied to the snow equipment repayment balances.

BE IT FURTHER RESOLVED, the Ingham County Board of Commissioners authorizes the balance of $54,200 still owed to the general fund be eliminated.

BE IT FURTHER RESOLVED, that the Controller/Administrator is authorized to make the necessary adjustments to the budget in accordance with this resolution.
The Farmland and Open Space Preservation Board received applications for the 2014 cycle from May to July 31, 2014. In accordance with the Ordinance, the FOSP Board scored and ranked the applications based on the approved 2012 Open Space selection criteria. The Board of Commissioners approved the proceeding to negotiations on the top ranked properties through Resolution #14-068. In 2012, the BOC adopted a resolution that established the Ingham County Purchasing Department as its designee responsible for establishing and implementing a competitive process for negotiating the purchase price of the permanent conservation easement. Through that process, four properties, The Fogg#2, Swiler, Bauman and Eifert properties, are being recommended for purchase by the Purchasing Department.

The FOSP Board has money in the budget to close on the four properties and cover all closing costs. It is the recommendation of the FOSP Board that these four properties be closed using 100% local funds. The FOSP has participated with the Federal ACEP Program (formally FRPP) since the millage passed and has several successful projects to show for it. Matching local millage dollars with outside sources is of the highest priority to the FOSP Board as it not only allows the program to leverage millage dollars further, but demonstrates good stewardship of the public’s money.

Since the passage of the 2014 Federal Farm Bill, the structure for which Federal matching dollars are distributed and closed has drastically changed, despite Congressional intent of making the program less “onerous” and more streamlined. For example, the 2013 Cooperative Agreement essentially required three minimum deed terms. The 2014 Statement of Work (re-named Cooperative Agreement) now has 11 pages of minimum Deed Terms. Easements are taking in excess of 24 months to close and requiring an inordinate amount of staff time to close them.

The FOSP Board made a motion to use 100% local funds for the 2014 properties, in an effort to move the properties to close more quickly, ideally 12 months instead of 24, and to eliminate the almost $3 million fund balance. It is the intent of the FOSP Board to work with federal staff, and legislators to resolve some of these program challenges and to resume a partnership with the Federal Program in future cycles.
In 2004, the Ingham County Board of Commissioners passed the Farmland Purchase of Development Rights Ordinance, authorizing the County to purchase development rights from landowners who voluntarily agree to place a permanent conservation easement on their land. In 2008, the voters of Ingham County approved the levy of 0.14 mills for the purpose of funding the Farmland and Open Space Preservation (FOSP) Program.

In 2011, the BOC adopted a resolution that established the Ingham County Purchasing Department as its designee responsible for establishing and implementing a competitive process for negotiating the purchase price of the permanent conservation easements.

Applications for the 2014 cycle were requested and were then scored and assigned relative values by the FOSP Board according to selection criteria approved by the BOC and FOSP. Two types of appraisals were completed on the top scoring properties: one without development restrictions, and one subject to a permanent conservation easement with subsequent development restrictions. The difference between the two appraisal values is the appraiser’s opinion of the Conversation Easement value. The Conversation Easement value is the monetary amount that was negotiated between the landowner and Ingham County, where the landowner elected to make an Offer of Sale.

To ensure that a competitive process was followed, the Purchasing Department issued Request for Sealed Offers of Sale to the top scoring properties. In this process, landowners were made aware of both aforementioned appraisal values and were then requested to make an offer. The solicitation made it very clear that the County had a finite amount of resources that would be used to purchase permanent conservation easements and was under no obligation to make any purchases that it did not consider to be in the best interest of the County, its taxpayers and citizens, or offered the best value at the least cost. It was also understood that the County may exercise its right to further negotiate prices or to ask for best and final offers if the initial Offers of Sale were unsatisfactory with regard to the best interest of Ingham County.

The determination of permanent conservation easements recommended for purchase were made according to the best value determined by the ratio of Offer of Sale price to the conversation easement value. Sealed offers of sale were received by the Purchasing Department and are summarized below.

SUBJECT: RESOLUTION AMENDING THE LEASE AGREEMENT WITH CAPITAL WALK PARKING, LLC TO LEASE THE ELEVEN REMAINING EMPLOYEE PARKING SPACES

Resolution # 15-269 states that Ingham County currently leases 100 employee parking spaces from Capitol Walk Parking, LLC located on South Chestnut Street in Lansing.

The Facilities Department currently has approximately 8-11 employee parking spaces in the South Ramp at a cost of $107.00 per space, per month. It would provide a substantial monthly savings to move these employee spaces from the South Ramp to Capitol Walk Parking, LLC.

Capital Walk Parking, LLC, has agreed to hold their current lease cost of $60.00 per space, per month, to obtain the remaining eleven spaces. The lease cost at the South Ramp is $107.00 per space, per month.

Funds for parking have already been accounted and approved for in each department’s individual line items.

I recommend approval of this resolution.

RE: Resolution to approve the Payment Agreement and Release with Enbridge Energy, Limited Partnership

Attached is a proposed resolution for approving a “Payment Agreement and Release” between the County of Ingham and Enbridge Energy, Limited Partnership.

Background:

The former Ingham County Road Commission (ICRC) and the Ingham County Road Department (ICRD) approved various road permits for Enbridge Energy, Limited Partnership, its affiliates, contractors and subcontractors (Enbridge) for various Enbridge projects, including but not limited to Enbridge’s Petroleum Products Line 6B Replacement Project, Line 79 Project, expansion of Enbridge’s Stockbridge Terminal, and the utility line enhancement and relocation pertaining to Enbridge’s Stockbridge Terminal (Projects).

Pursuant to the terms of the permit applications and the permits, Enbridge had certain duties including, but not limited to, the obligation to restore the road and right-of-way to a condition equal to or better than its condition before the work began. The ICRD prepared spreadsheets that identified the nature and the scope of repairs it asserted was required by Enbridge relative to road damages and road system damages associated with or arising out of Projects. The ICRD and Enbridge inspected the roads at issue and negotiated the terms of a Payment Agreement and Release through their respective legal counsel.

ICRD and Enbridge have reached an agreement, subject to the review and approval of the Ingham County Board of Commissioners, for Enbridge to make a lump sum payment to the County of Ingham, in return the County will release Enbridge from claims, actions and demands related to the permit applications and permits as described in the Payment Agreement and Release.

Per the Payment Agreement and Release, the County, through the ICRD, in its sole discretion and judgment may perform or not perform, any repair or work to the roads impacted by Enbridge. However, ICRD staff will work with the four townships, White Oak, Stockbridge, Bunker Hill and Leslie, to allocate the proceeds from the Payment Agreement and Release to various road repairs related to the Enbridge pipeline projects.

Approval of the attached resolution is therefore recommended.
Resolutions

WHEREAS, the former Ingham County Road Commission (ICRC) and the Ingham County Road Department (ICRD) approved various road permits for Enbridge Energy, Limited Partnership, its affiliates, contractors and subcontractors (Enbridge) for various Enbridge projects, including but not limited to Enbridge’s Petroleum Products Line 6B Replacement Project, Line 79 Project, expansion of Enbridge’s Stockbridge Terminal, and the utility line enhancement and relocation pertaining to Enbridge’s Stockbridge Terminal (Projects); and

WHEREAS, pursuant to the terms of the permit applications and the permits, Enbridge had certain duties including, but not limited to, the obligation to restore the road and right-of-way to a condition equal to or better than its condition before the work began; and

WHEREAS, the ICRD and Enbridge inspected the roads at issue and negotiated the terms of a Payment Agreement and Release through their respective legal counsel; and

WHEREAS, Enbridge will make a lump sum payment to the County of Ingham, in return the County will release Enbridge from claims, actions and demands related to the permit applications and permits as described in the Payment Agreement and Release; and

WHEREAS, per the Payment Agreement and Release, the County of Ingham, through the ICRD, in its sole discretion and judgment may perform or not perform, any repair or work to the roads impacted by Enbridge; and

WHEREAS, ICRD staff will however work with the four townships, White Oak, Stockbridge, Bunker Hill, and Leslie, to allocate the proceeds from the Payment Agreement and Release to various road repairs related to the Enbridge pipeline projects.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes entering into the Payment and Release Agreement with Enbridge Energy, Limited Partnership.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners authorizes the Board Chairperson to sign the Payment and Release Agreement consistent with this resolution and approved as to form by the County Attorney.

DATE: March 11, 2015
SUBJECT: Emulsified Asphalt – HFRS-2, HFRS-2M, SS-1H, AE-90 and CM-300

Project Description:
Ingham County sought competitive sealed bids from interested and experienced companies for the purpose of furnishing its 2015 season’s requirements of emulsified asphalt to the Ingham County Road Department.

Proposal Summary:
Vendors contacted: 15 Local: 05
Vendors responding: 03 Local: 00

Recommendation:
It is the recommendation of the Evaluation Committee to award a contract to Terry Asphalt Materials Inc., the low bidder, for SS-1H Plant Pick up and AE-90 Plant Pick up. The reason for this recommendation is to allow small quantity pickup by the Road Department’s crews as needed. Without on-site emulsion storage, they often need to purchase SS-1H in small quantities to maintain efficiency in the paving operation, especially when transitioning to or from chip seal.

Additionally, it is the recommendation to award Asphalt Materials Inc., the low bidder, a contract for HRFS-2 Delivery to Jobsite, HFRS-2M Delivery to Jobsite and CM-300 Delivery to Metro.

The RFP was advertised in the Lansing State Journal, the MI-ITA DBE Michigan Infrastructure, the County Road Association of Michigan (CRAM) bid information website, and posted on the Purchasing Department Web Page.
