RESOLUTION ACTION ITEMS:

The Controller’s Office recommends approval of the following resolutions:

1b. **Treasurer’s Office** – Resolution Receiving Advice from the County Treasurer as to a Surplus which can be Transferred from the Ingham County Delinquent Tax Revolving Fund to the Ingham County General Fund

The County Treasurer asks for approval of a resolution to transfer all unsold tax reverted properties to the Ingham County Land Bank Fast Track Authority. State and local units of government were offered an opportunity to purchase these properties and subsequently declined to exercise that right. This resolution will authorize the purchase of a new 2020 Ford Transit XLT Passenger Wagon at a cost not to exceed $35,000. The Juvenile Division’s budget includes a line item for van replacement, which will cover the remainder of the cost. The funds reserved for van replacement come from the Child Care Fund’s reimbursement for usage of each van to transport youth to and from community programs.

The affected Union, CCLP Animal Control, has been notified and is supportive of the proposal.

This resolution will also increase the Animal Control temporary salaries line item by $20,000 for seasonal Animal Care staffing and $6,000 for temporary janitorial staffing.

The Tri-County Regional Planning Commission (TCRPC) has historically facilitated aerial photography flyovers for our region every five years. The region is scheduled to be flown in the spring of 2020. Ingham County’s cost to participate in the 2020 flight is $27,500. This lower cost is due in part to the State’s participation along with coordination between Ingham, Eaton, and Clinton counties. In addition, advancements in digital aerial photography have helped drive costs downward. Users of this imagery include, but are not limited to, the Equalization/Tax Mapping Department, Environmental Health, 9-1-1 Emergency Operations, Economic Development, the Road Department, and the Drain Commissioner. The Equalization Director recommends approval of a resolution to participate in the 2020 Tri-County Region Aerial Imagery Partner Agreement.

The Innovation and Technology Department planned to include a new Storage Area Network (SAN) server in the 2021 CIP budget. 12b. **Controller’s Office** – **Resolution Authorizing Adjustments to the 2019 Ingham County Budget**

As part of the year-end budgeting process it is necessary for the Controller to transfer funds among all budgeted funds, activities, and line items in order to assure compliance with the Uniform Budgeting and Accounting Act (MCL 141.421 *et seq.*), and to balance the 2019 Budget. Proposed budget adjustments are presented in the table below:

An adjustment to the Fair Fund is necessary in order to cover non-operational expenses.

12c. **Controller’s Office** – *Resolution Authorizing an Agreement with the Ingham County Conservation District*

Ingham Conservation District made a budget request to provide operational funding in support of education and outreach, conservation oriented events, vehicle and property maintenance and office support. 12d. **Controller’s Office** – *Resolution to Amend the Business Travel and Reimbursement Policy*

A series of changes to the Business Travel and Reimbursement Policy are proposed that would allow departments to directly book conference travel rather than have a dedicated Financial Services Department employee make reservations on their behalf, and to use the US General Services Administration M&IE rate schedule for travel expense reimbursement. The process for approval of out-of-state travel requests will remain the same. A change to the M&IE schedule will eliminate the need for employees to collect receipts for expense reimbursement while traveling on County business. These changes have been vetted by our auditors and legal counsel. Changes were distributed to departments for their review and comment (feedback was 100% favorable) and were presented at a recent department head meeting.

SUBJECT: Resolution Authorizing the Purchase of a New Vehicle for use at the Ingham County Family Center
For the meeting agendas of December 4 and December 5, 2019

BACKGROUND
The Ingham County Family Center has nine vans used to transport students to and from the Ingham Academy and Pride evening reporting program. All nine vehicles are in a lease agreement with Highfields, Inc. One of these vehicles was involved in an automobile accident on October 30, 2019. Luckily no students were in the vehicle and the driver was not injured. The van is being totaled by the insurance company. Highfields is receiving $17,650.80 in compensation which they will sign over to the County per the lease agreement. The attached resolution requests authorization to purchase a new vehicle to replace the vehicle that was totaled.

ALTERNATIVES
If the resolution is not approved, the Juvenile Division would not be able to transport all students to and from programming.

FINANCIAL IMPACT
The Juvenile Division’s budget includes a line item for van replacement. The funds deposited in this reserve come from the Child Care Fund’s reimbursement for usage of each van, transporting youth to and from community programs. The year end fund balance for this account in 2018 was roughly $119,939.12. Additionally, the $17,650.80 received from Highfield’s insurance will be deposited into this fund as well.

STRATEGIC PLANNING IMPACT
Provide appropriate evidence based treatment and sanctions for at-risk youth and juveniles. The Ingham Academy and Pride evening reporting program utilized evidence based treatment.

OTHER CONSIDERATIONS

RECOMMENDATION
That the resolution be authorized and the new van be purchased

BACKGROUND
All Juvenile Court Officers have been trained by the University of Cincinnati in the Effective Practices in Community Supervision model (EPICS). EPICS is an evidence based model to ensure juveniles and families are receiving a consistent message utilizing principals of effective intervention. The model is designed to use a combination of monitoring, referrals, and face-to-face interactions to provide juveniles and families with a sufficient “dosage” of treatment interventions, and make the best possible use of time to develop a collaborative working relationship.

After the initial training where all Juvenile Court Officers were trained in the EPICS model, the Juvenile Division had a certified trainer who was able to provide end user training to new staff. That individual has since left the court. It is the Juvenile Division’s intent to have the Clinical Mental Health Professional position become a Certified Trainer in the EPICS model and conduct end user trainings for new staff. It is much more cost efficient to have one person as a Certified Trainer rather than sending new staff to the University of Cincinnati Corrections Institute. It costs $1,033.00 to have an individual locally trained and $2,000.00 to send a new employee to a University of Cincinnati’s Correction Institute end user EPICS training and $3,550.00 to have one person certified as a Trainer in EPICS. Once certified as a trainer, the Clinical Mental Health Professional will be able to train all new staff in the EPICS model. The Training-of-Trainers pays for itself within the first two new employees.

However, the University of Cincinnati will only provide a training for a minimum of five individuals at a time. Given the Juvenile Division currently only has the need for one individual to be trained, there was a collaboration established with the 5th Circuit Court, 7th Circuit Court and 20th Circuit Court. Collectively, these four Juvenile Divisions have the required five people to be trained. Further, the University of Cincinnati requires one court to become the host to enter into a contract with the University. It is proposed that 30th Judicial Circuit Court Juvenile Division become this host court. Essentially, the 30th Judicial Circuit Court would enter into a contract with the University of Cincinnati and Memorandum of Understandings with the other participating courts. The 30th Judicial Circuit Court Juvenile Division would pay for the training and be reimbursed by the other participating courts.

ALTERNATIVES
The Juvenile Division would continue to send individuals to EPICS end user training at the University of Cincinnati Corrections Institute. This would be both more expensive and less efficient.

FINANCIAL IMPACT
The Juvenile Division’s respective share of the EPICS Training-of-Trainers is built into the existing 2020 budget.
STRATEGIC PLANNING IMPACT
This supports the overarching long-term objective of providing appropriate evidence-based treatment and sanctions for at-risk youth and juveniles.

SUBJECT: Resolution to Adjust Staffing at Ingham County Animal Control and Shelter

For the meeting agendas of December 3, 4 and 5

BACKGROUND
Since the conversion of the Deputy Director to the Animal Care Manager, it has been challenging to provide necessary oversight to the enforcement portion of the department. I am recommending the reinstatement of the Field Supervisory Officer eliminated as part of the 2010 budget. Upon approval of this reinstatement, an Animal Control Officer and the lead worker designation would be eliminated. The intent would be for a promotion to be made from the existing Animal Control Officers who would need to apply for the position, and then the position of the successful candidate would be eliminated.

The affected Union, CCLP Animal Control, has been notified and is supportive of the proposal.

Another long term change that is being recommended is to budget seasonal animal care help for six months of the year. This was accomplished in 2019 through the county’s overtime and temporary policy, allowing for the transfer of funds available from vacancies within the department. It is recommend that the 2020 budget be adjusted and future budgets include funding for a seasonal Animal Care Specialist from the Shelter millage.

Finally, upon opening of the new shelter, it became apparent almost immediately that the additional square footage made relying on volunteers for janitorial services inadequate. Facilities has been providing eight hours per week of janitorial services through a temporary employee (again funded in 2019 through position vacancies), and this has been working very well. It is recommended that the 2020 budget be adjusted and future budgets include funding for temporary janitorial services from the Shelter millage.

ALTERNATIVES
Maintaining the status quo will not provide the optimal level of supervision for the Animal Control Enforcement division of the department, or adequate shelter staffing and janitorial services.

FINANCIAL IMPACT
The topped out cost of the conversion of the Lead Animal Control Officer to an Animal Control Officer - Field Supervisor would be around $8,700 annually and could be absorbed by the Animal Shelter Millage.

The annual cost for a seasonal Animal Care Specialist is around $20,000 and the annual cost for temporary janitorial services is around $6,000, also to be absorbed by the Animal Shelter Millage.

OTHER CONSIDERATIONS
This reorganization was a discussion item at the November 14 Law and Courts Committee meeting as required by the Reorganization Procedure Policy.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the proposed reorganization.

FROM: Teri Morton, Deputy Controller
DATE: November 22, 2019
SUBJECT: Resolution to Authorize an Additional Animal Control Officer Position to be Assigned to Cruelty Investigations

For the meeting agendas of December 3, 4 and 5

BACKGROUND
The current Animal Control Director wishes to transfer to the position of Animal Control Officer and specialize in animal cruelty investigations.

This resolution would authorize the creation of an Animal Control Officer who will be assigned to animal cruelty investigations. Jodi Lebombard would transfer to the position effective January 18, 2020 and placed at the top step of the salary schedule as detailed in the attached Letter of Understanding.

This new Animal Control Officer position would be outside of the general Animal Control Officer shift bid procedures and would have a set 9-5 type shift but would also be expected to work the regular Saturday 8-4 shift rotation (two officers per Saturday work on rotation). The new Animal Control Officer position would also be included in the rotating after hours on-call assignments that become effective January 1, 2020 as authorized in the 2020 Adopted Budget.

ALTERNATIVES
If this position is not approved, the Animal Control Director plans to resign on January 17, 2020. The alternative would be to maintain the status quo and be unable to retain a uniquely qualified employee.

FINANCIAL IMPACT
The long term annual cost for this position would be $90,875, to be funded from the Animal Shelter Millage.

STRATEGIC PLANNING IMPACT
This resolution supports the goal of attracting and retaining exceptional employees who reflect the community they serve and who prioritize public service.

OTHER CONSIDERATIONS
The affected Union, CCLP Animal Control, has been notified and is supportive of the proposal.

Upon the next naturally occurring vacancy of an Animal Control Officer, the vacated position will be eliminated, unless continuation of the position is approved by the Board of Commissioners in a future resolution.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached resolution.
Dear Teri,

I just spoke with Mr. Krug. The CCLP is in support of adding the ACO Animal Cruelty Investigator and is in agreement that the movement of Ms. Lebombar from Director into the position is a transfer (as was Kyle’s situation) rather than a resignation situation. Tom has offered to speak to Commissioners in support if needed.

DATE: November 21, 2019
SUBJECT: Resolution Authorizing the issuance of one purchase order for required structural communication tower modification for the MPSCS Ingham County Radio Communication system project. December 5, 2019

BACKGROUND
- Describe the project, contract or action.
  Ingham County, MPSCS, and Motorola designed a very robust radio system to replace the Harris Radio System that is coming to its end of life. Nine tower locations were identified as necessary in the radio system design. The tower locations are necessary to achieve the radio coverage for responders in Ingham County.
- Duration is a one-time purchase

ALTERNATIVES
- How else can this be accomplished?
  None. We have to provide structural stability to these two towers that SBA owns in order for Ingham County Communications to add additional equipment to their existing towers. The two towers are owned by SBA II Towers, LLC out of Boca Raton, Florida. SBA is not a subcontractor with Motorola therefore Motorola cannot give the purchase order to SBA to complete the work.
- What happens if the proposal is not approved?
  The entire radio project will come to a halt.

FINANCIAL IMPACT
- How much will the proposal cost?
  Leslie Tower Site $95,284.16
  Mason Tower Site $75,672.55
- What is source of funding? Emergency Telephone Surcharge. (This amount will be encumbered from the Motorola lease agreement).
- Budgeted
  Yes, this was budgeted, approved and will be encumbered from the Motorola Lease

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached resolution to authorize payment for two purchase orders made to SBA II Tower, LLC. Approval will allow Ingham County to authorize structural work to begin on the Mason Tower and Leslie Tower keeping the radio project on schedule.
Agenda Item 4

Introduced by the Law & Courts and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO AUTHORIZE PURCHASE ORDERS FOR NECESSARY MODIFICATIONS TO COMMUNICATION TOWERS OWNED BY SBA II LLC (LESLIE AND MASON TOWERS) FOR THE MPSCS/INGHAM COUNTY RADIO COMMUNICATIONS SYSTEM PROJECT

WHEREAS, the Ingham County Board of Commissioners has operated the Ingham County Public Safety Radio System since 2006, and continues to do so through the Ingham County 9-1-1 Central Dispatch Center; and

WHEREAS, the Ingham County Board of Commissioners adopted Resolution #18-550 which authorized a contract with Motorola Solutions for the replacement of the Ingham County Public Safety Radio System to the Michigan Safety Communication System (MPSCS)/Motorola systems; and

WHEREAS, MPSCS, Ingham County 9-1-1, and Motorola have identified the communication towers and the estimated cost associated with structural modifications for the MPSCS/Ingham County Radio Communications System Project; and

WHEREAS, to avoid additional costs for project management from Motorola, Ingham County needs to issue purchase orders for structural modifications to two (2) tower sites owned by SBA II LLC.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes the expenditure of funds encumbered from the Motorola Lease Contract (approved in Resolution #18-550), and without additional cost to Ingham County above the funds already approved for the project, for the quoted costs for structural modifications to the following towers:

- Leslie Tower $95,284.16
- Mason Tower $75,672.55

BE IT FURTHER RESOLVED, that the 9-1-1 Director is authorized to sign change orders with Motorola, provided that the change orders do not increase the total cost of the project as previously approved by Resolution #18-550.

BE IT FURTHER RESOLVED, that the Chairperson of the Ingham County Board of Commissioners is authorized to sign any necessary contract/purchase order documents consistent with this resolution and approved as to form by the County Attorney.

FROM: Jared Cypher, Deputy Controller
DATE: November 19, 2019
SUBJECT: Resolution Authorizing a Health Services Millage Contract with IHPC

For the meeting agendas of December 2 and December 4

BACKGROUND
This resolution authorizes a 2020 contract with Ingham Health Plan Corporation (IHPC) to utilize Health Services Millage funds for millage eligible services, as set forth in Attachments A and B. The county will also reimburse IHPC for administrative expenses (further details in financial impact section below) including third party administration, pharmacy benefits management, enrollment and outreach, marketing, case management and disease management, member management services, program indirect costs, and general bills including legal, accounting, consulting, liability insurance, printing, copying, mailing, etc.

ALTERNATIVES
The Ingham Health Plan Corporation requested $1,958,634 for FY 2020, which would cover all IHPC membership. The Board of Commissioners could opt to not fund the IHPC request. Not funding the IHPC request would likely result in an increase in uncompensated care in the County’s network of Community Health Centers.

FINANCIAL IMPACT
The contract will not exceed $1,958,634 from the Health Services Millage, and funds are included in the 2020 budget. The administrative rate remains 15% in 2020. The funding should be sufficient to cover all of IHPC’s projected 1,800 members in 2020.

STRATEGIC PLANNING IMPACT
This resolution supports the long term goal of Promoting Accessible Healthcare.

OTHER CONSIDERATIONS
Prior to implementation of the Affordable Care Act (ACA), IHPC had roughly 12,000 members in Ingham County. Currently, millage eligible membership is roughly 1,600 members. However, the uncertain future of the ACA may bring about unforeseen changes to the number of millage eligible Ingham County residents needing IHPC services.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached resolution to support a Health Services Millage contract with IHPC.
Agenda Item 5a

Introduced by the Human Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION AUTHORIZING A HEALTH SERVICES MILLAGE CONTRACT WITH THE INGHAM HEALTH PLAN CORPORATION (IHPC)

WHEREAS, Ingham County has an objective to assure access to appropriate levels of health care for Ingham County residents, with a goal of having all residents participating in an organized system of health care; and

WHEREAS, in November 2012, the electorate approved a countywide health services millage level of 52/100 (.52) of one mill for a period of three years (2012-2014) to be used for the purpose of providing basic health care services to Ingham County residents who are not eligible for Medicaid under the Federal Affordable Care Act, and whose individual income is less than $28,000 and who do not have medical insurance; and

WHEREAS, in November 2014, the electorate approved a renewal of the millage to ensure that the current level of service can still be provided; and

WHEREAS, IHPC provides an organized system of medical benefits utilized by county residents who are not eligible for Medicaid and do not have medical insurance.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes a contract with IHPC which authorizes the County to pay IHPC an amount not to exceed $1,958,634 annually for the expenses incurred for providing a defined system of medical benefits consistent with the ballot language of the Health Services Millage.

BE IT FURTHER RESOLVED, that for the time period January 1, 2020 through December 31, 2020 the County shall reimburse IHPC by monthly invoice for medical, pharmacy, dental, and detox services as set forth in Attachments A and B.

BE IT FURTHER RESOLVED, that the annual not to exceed amount of $1,958,634 includes administrative costs, which will be capped at 15% of medical expenses paid to IHPC, with the administrative costs requested to be reimbursed by the County listed clearly on each monthly invoice.

BE IT FURTHER RESOLVED, that administrative costs include, but are not limited to: third party administration, pharmacy benefits management, enrollment and outreach, marketing, case management and disease management, member management services, program indirect costs, and general bills including legal, accounting, consulting, liability insurance, printing, copying, mailing, etc.

BE IT FURTHER RESOLVED, that IHPC invoices will be submitted in a consistent format that is agreed upon by both the IHPC and the Ingham County Controller/Administrator.

BE IT FURTHER RESOLVED, that any additional services that IHPC wishes to be reimbursed for beyond what is in the attached scope of services must be approved by the Ingham County Board of Commissioners as an amendment to the contract.
BE IT FURTHER RESOLVED, that the Ingham Health Plan Corporation shall appoint a representative put forth by the Ingham County Board of Commissioners to its Board of Directors.

BE IT FURTHER RESOLVED, that Ingham County reserves the right to make requests of IHPC for data that includes enrollment figures, financial reports, and other information and IHPC is obligated to provide the requested data in a timely manner.

BE IT FURTHER RESOLVED, that the Ingham Health Plan Corporation shall be subject to regular review of member eligibility and expenses relative to this contract to ensure compliance with the contract and with the Health Services Millage ballot language.

BE IT FURTHER RESOLVED, that the Chairperson of the Board of Commissioners is hereby authorized to sign any necessary contract documents on behalf of the County after approval as to form by the County Attorney.

DATE: November 20, 2019

SUBJECT: Resolution Authorizing a Health Services Millage Agreement with CMH

For the meeting agendas of December 2 and December 4

BACKGROUND
This resolution authorizes a FY 2020 Health Services Millage agreement with CMH. The scope of services to be covered is included in the attached document.

ALTERNATIVES
This contract covers service gaps caused by a reduction in State of MI General Fund appropriations to CMH. Those services gaps would remain without this appropriation from the Health Services Millage.

FINANCIAL IMPACT
The resolution authorizes a contract not to exceed $1,371,722 with CMH for services provided to Ingham County residents for the period of October 1, 2019 through September 30, 2020. Funds are included in the 2020 budget for this contract.

STRATEGIC PLANNING IMPACT
This resolution supports the overarching long term objective of promoting accessible health care.

OTHER CONSIDERATIONS
None.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached resolution to support a FY 2020 Health Services Millage agreement with CMH.
Introduced by the Human Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO AUTHORIZE A CONTRACT WITH THE COMMUNITY MENTAL HEALTH AUTHORITY OF CLINTON, EATON AND INGHAM COUNTIES (CMH) FOR HEALTH SERVICES MILLAGE ELIGIBLE SERVICES

WHEREAS, the State of Michigan dramatically reduced State General Fund payments to CMH in fiscal year 2015; and

WHEREAS, the cut eliminated 67% of the State General Fund dollars to the CMH system; and

WHEREAS, these cuts continue to cause ongoing fiscal and service gaps for CMH; and

WHEREAS, in November 2014 the electorate renewed a countywide health services millage level of 52/100 (.52) of one mill for a period of five years (2015-2019) to be used for the purpose of providing basic health care services to Ingham County residents who are not eligible for Medicaid under the Federal Affordable Care Act, and whose individual income is less than $28,000 and who do not have medical insurance; and

WHEREAS, CMH has submitted a proposal to Ingham County to use Health Services Millage dollars to fund essential services and alleviate the cut in State General Fund dollars; and

WHEREAS, funds from the health services millage are allocated in the County’s 2020 budget for this purpose.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes a contract not to exceed $1,371,722 with CMH for services provided to Ingham County residents for the period of October 1, 2019 through September 30, 2020.

BE IT FURTHER RESOLVED, that funds for this contract with CMH will come from the Health Services Millage.

BE IT FURTHER RESOLVED, that funds will be utilized by CMH for Health Services Millage eligible services as provided in the attached proposal.

BE IT FURTHER RESOLVED, that the Chairperson of the Ingham County Board of Commissioners is hereby authorized to sign any necessary contract documents on behalf of the County after approval as to form by the County Attorney.
Proposal for the continued use of Ingham County Health Services Millage to close gaps in Ingham County’s behavioral health care system

FY2020

**Summary of proposal:** This proposal requests the continuation of Ingham County Health Services Millage funding, to the Community Mental Health Authority of Clinton, Eaton, and Ingham Counties (CMHA-CEI), to support a comprehensive package of behavioral healthcare services designed to address the most pressing behavioral healthcare needs in the Ingham County community.

**Context and Need:** Following the significant State General Fund reduction (2/3 of the funds formerly provided to CMHA-CEI) and the implementation of the Healthy Michigan Plan in 2015, the Community Mental Health Authority of Clinton, Eaton, and Ingham Counties (CMHA-CEI) realized growing service gaps resulting from significantly lower State General Fund dollars. While some of these gaps have been reduced through Ingham County Millage Funding and other federal, state, and local sources that CMHA-CEI has pursued, they persist and at the same time, community need for behavioral health services continues to increase.

These gaps include:

- Individuals who are uninsured which must be covered by scarce state general fund dollars or local dollars within CMHA-CEI’s budget in order to maintain in service.
- Individuals with “spend down” Medicaid eligibility, which means they become eligible for Medicaid benefits only after meeting a large monthly spend-down amount.
- Those with severe, chronic and urgent specialized mental health treatment needs (crisis stabilization, community living supports or skill-building services, residential care, case management, etc..) not covered by any other coverage plan.
Proposed Essential Services to close gaps in Ingham County:

**Crisis Services: The community’s free-standing (outside of hospital grounds) 24/7 Psychiatric Crisis Services and Inpatient Pre-Screening Unit:** This unit provides around-the-clock access to highly trained behavioral health clinicians who provide: crisis intervention, psychiatric inpatient pre-screening (and funding authorization), short-term stabilization, diversion to appropriate levels of care, housing assistance, and linkages to needed services to adults, children, and adolescents. In effort to meet the growing need for crisis stabilization services in our service area and to reduce the need for scarce psychiatric hospital placements in situational crisis, CMHA-CEI has expanded adult and youth Urgent Care Services as part of the Crisis Services continuum, launched youth mobile crisis available 24/7 and initiated adult mobile crisis services. These services provide immediate intensive support to individuals and families in order to intervene, stabilize, and connect them to longer term resources for ongoing care.

**The community’s Assessment and Referral Team:** This unit provides a full biopsychosocial assessment and a comprehensive behavioral health and ancillary treatment, supports, and referral plan (using person-centered planning methods) for adults who are uninsured.

**The community’s urgent care and intensive home-based treatment program for at-risk children, youth, and their families:** This program works to improve the ability of children and youth, with serious emotional disturbance, to function better at home, in school, in the community, and with peers by providing - primarily in the home, school, and workplace of the families enrolled in this program (with some services provided at CMHA-CEI offices) - family and individual psychotherapy, psychiatry, nursing, parenting skills, crisis therapeutic respite services, training and coaching, school liaison services, and referral network linkages.

**A spectrum of community-based treatment teams for vulnerable populations:** These multidisciplinary teams, made up of mental health therapists/case managers, psychiatrists, nurses, mental health workers/consumer services specialists, and peer support specialists, provide psychotherapy, psychiatry, nursing, and a range of supports to adults in a variety of settings with very high levels of mental health needs, those enrolled in a specialized older adult program, and adults with intellectual/developmental disabilities.
Psychiatric care and outpatient therapy for children and adults with moderate mental health needs: This community has long experienced a significant and growing gap in the availability of office-based outpatient psychotherapy for children, adolescents and adults. These services (along with CMHA-CEI’s 24/7 psychiatric crisis services unit) provide the community’s mental health safety net.

Psychiatric inpatient care: CMHA-CEI pays all psychiatric inpatient claims on all uninsured individuals admitted to psychiatric inpatient facilities. Given that these claims are paid with State General Fund dollars and given the dramatic cut in this CMH’s State General Fund revenues, **CMHA-CEI has limited funds to pay these psychiatric inpatient costs** and others previously funded by State General Fund dollars.

SUBJECT: Acceptance of Bridging the Gaps: Mobile Healthcare Unit Grant Funds/ Agreement with Sparrow

For the meeting agendas of December 2 and December 4, 2019

BACKGROUND
Ingham County Health Department (ICHD) wishes to accept grant funds from Blue Cross Blue Shield of Michigan (BCBSM) in the amount of $74,695.00, and wishes to enter into an agreement with Sparrow Hospital for providing Perinatal-Medication Assisted Therapy (P-MAT) services to pregnant women effective January 1, 2020 through June 30, 2021. The Bridging the Gaps: Mobile Healthcare Unit Grant will be used to provide Perinatal-Medication Assisted Therapy (P-MAT) services to pregnant women who are suffering from Opioid Use Disorder, and ICHD will serve as the fiduciary for these grant funds. Sparrow Hospital will provide a mobile unit to improve access to P-MAT in the Region 7 area, which includes, Ingham, Clinton, and Eaton counties. Standard of Care recommends that if a patient is already prescribed methadone when they become pregnant, the patient should remain on methadone. However, methadone is only prescribed and dispensed at specific locations separate from where prenatal care is available. Improving access to both MAT and prenatal care for this vulnerable population will improve outcomes for women and children.

ALTERNATIVES
There are no alternatives.

FINANCIAL IMPACT
ICHD will serve as the fiduciary for these grant funds.

STRATEGIC PLANNING IMPACT
This resolution supports the overarching long-term objective of promoting accessible healthcare, specifically section A.1(e) of the Action Plan – Expand access to healthcare for county residents, with an emphasis on the uninsured and underinsured

OTHER CONSIDERATIONS
There are no other considerations.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached resolution to support the acceptance of $74,695.00 in grant funds from BCBSM which will allow ICHD to serve as fiduciary to support funding of a mobile health unit designed to provide P-MAT care, effective January 1, 2020 through June 30, 2021.

SUBJECT: Authorization for Month to Month Lease Extension for 306 W. Willow Street
For the meeting agenda of December 2nd and December 4th, 2019

BACKGROUND
Ingham County Health Department's (ICHD) Community Health Centers (CHC) is seeking a month-to-month lease extension for the 306 W. Willow St., Lansing location for the operation of Willow Community Health Center. The lease, which was authorized through Resolution #14-518 is set to expire December 31, 2019. The Ingham Community Health Center Board has determined not to enter another 5 year lease for this location, and determined that the adolescent health services currently provided at the 306 W. Willow locations shall be permanently relocated to the River Oak Community Health Center location, at 1115 S. Pennsylvania Ave, Lansing. The 1115 S. Pennsylvania Ave location is more proximal to Lansing School District’s largest high school (Everett) and on a direct bus line, which is more accessible to underserved target population. However, as part of the larger facility and location strategy for the Health Centers, the timeline that Women’s Health Services was scheduled to temporarily operate at the 1115 S. Pennsylvania location during renovations at the Human Service Building (HSB) has extended into March of 2020. Therefore, a month-to-month extension of the lease for the 306 W. Willow location is required until Women’s Health is back at HSB and 1115 S. Pennsylvania Ave will be available.

ALTERNATIVES
There are no alternatives.

FINANCIAL IMPACT
The terms of the current lease agreement state that by holdover or mutually agreed amendment, the sum paid per month during the extended period beyond the expiration date of the lease shall be the same as monthly amounts paid for the period of January 1, 2019 to December 31, 2019, plus any percentage of increase of the Consumer Price Index during the preceding five (5) years, but not to exceed an increase of ten percent (10%). Therefore, the hold over lease rate for January 1 through April 30, 2020 would be an amount not to exceed $5843.75 per month for the 7500 square feet of clinic space and $106.33 per month for the 400 square feet of storage space.

STRATEGIC PLAN
This resolution supports the overarching long-term objective of promoting accessible healthcare, specifically section A.1(e) of the Action Plan – Expand access to healthcare for county residents, with an emphasis on the uninsured and underinsured.

OTHER CONSIDERATIONS
there are no other considerations.
RECOMMENDATION
Based on the information presented, I respectfully recommend approval for Ingham County to authorize an extension of the terms of the lease agreement with Nick Yono for the 306 W. For the meeting agendas of December 2, and December 4, 2019

BACKGROUND
Ingham County Health Department (ICHD) wishes to enter into an agreement with NEC Networks, LLC dba CaptureRX effective July 1, 2019 through June 30, 2020 with an auto-annual renewal. CaptureRX provides third party administrative services under the 340B drug program. This agreement was previously authorized by Resolution #16-309 which states that the 340B program requires a third party administrator as part of the 340B program participation under our Federally Qualified Health Center eligibility. The 340B drug program generates savings by allowing patients to obtain eligible prescriptions at the lowest possible cost and allowing ICHD to generate revenue by purchasing program drugs at Federally mandated pricing which is substantially lower than retail pricing.

ALTERNATIVES
There are no alternatives.

FINANCIAL IMPACT
The cost is fees deducted from the 340B transactions and fees shall never exceed the total savings, thus there is always a revenue benefit to the terms of this agreement. The fees deducted shall be as follows:

- 340B Third Party Administration Fee; $6.50 per 340B approved claim  
- License Fee; $250.00 per payment batch  
- Settlement Fee; $250.00 per payment batch

OTHER CONSIDERATIONS
There are no other considerations.

SUBJECT: Authorization to Amend Resolution #16-309 and #19-247 with Rite Aid Corporation (RAC)  

For the meeting agendas of November 4 and November 6, 2019

BACKGROUND  
Ingham County Health Department (ICHD) wishes to amend resolutions #16-309 and #19-247 with Rite Aid Corporation (RAC). Resolution #16-309 authorized Ingham County Health Department (ICHD) to enter into an agreement with NEC Networks, LLC dba CapturRX for 340B prescription third party administration services. Resolution #19-247 authorized Ingham County Health Department (ICHD) to enter into an agreement with Rite Aid Corporation (RAC) for 340B prescription drug services. Both NEC Networks, LLC dba CaptureRX and Rite Aid Corporation (RAC) use McKesson Corporation as their 340b drug wholesaler. No savings (revenue) can be generated without a corresponding agreement with a wholesaler. This amendment would authorize Ingham County Health Department (ICHD) to enter into an agreement with McKesson Corporation as the drug wholesaler for CaptureRX and Rite Aid Corporation (RAC), and authorizes a customer credit application and bank account EFT authorization to be completed for the transfer of savings (revenue) to Ingham County Health Department (ICHD).

ALTERNATIVES  
There are no alternatives.

FINANCIAL IMPACT  
There is no cost to this agreement as this is a revenue generating contract. Inaction of this amendment will result in a delay, and/or loss of savings (revenue) generated from the 340b prescription drug program on processed claims originating from the Community Health Centers (CHC) of the Ingham County Health Department (ICHD).

STRATEGIC PLANNING IMPACT  
This resolution supports the overarching long-term objective of promoting accessible healthcare, specifically section A.1(e) of the Action Plan – Expand access to healthcare for county residents, with an emphasis on the uninsured and underinsured.

OTHER CONSIDERATIONS  
There are no other considerations.

RECOMMENDATION  
Based on the information presented, I respectfully recommend that the Ingham County Board of Commissioners authorize amending resolutions #16-039 and #19-247 with Rite Aid Corporation (RAC), to enter into an agreement which will allow McKesson Corporation to become a 340b drug wholesaler for CaptureRX and Rite Aid Corporation (RAC).

SUBJECT:   Refresh of core datacenter systems

BACKGROUND
Ingham County maintains two primary datacenters that house storage (SAN) and compute (servers) systems. These systems are responsible for at least 95% of the IT services that are accessed County-wide. All these systems will reach their end of life and end of support between April 2020 and June 2021. Due to the mission critical nature of our server and storage platform, it is imperative that we maintain a system that is actively supported by our vendors. Failure to do so could result in extended downtime and possibly data loss. Given that these systems are so closely integrated, it makes sense both financially and operationally to refresh them all at the same time rather than as individual systems as has been done in the past.

ALTERNATIVES
We have investigated options for purchasing third party support which would cover us in the event of hardware failures into 2021 however, there are no available options for extended software support. Software support is what provides critical security updates for these systems. Historically, hardware is more likely to fail than there to be a software security update so this is a viable but not preferable option. Maintaining an active manufacturer’s warranty is usually the preferred option when it comes to systems that are critical to the enterprise.

Separating the compute needs from the storage needs and making two separate purchases in different budget years was also considered. While easier to fund, we feel the cost savings afforded by upgrading these two systems at the same time to be significant enough to warrant this request.

Replacing our existing storage and compute with completely new systems was considered however it was determined that an in-place refresh was more cost effective since already purchased licenses could be transferred to the refreshed system and some existing hardware could be reutilized. Furthermore, an in-place refresh will have a lower impact on the day to day operations of County departments.

FINANCIAL IMPACT
In the selected proposal, Dell Computer, offers a sixty-month lease with a one dollar buy option at the end of the term. The cost would not exceed $200,000 the first year and $281,000 annually the remaining four years with the five-year total not exceeding $1,350,000. The initial plan was to request this funding for the 2021 budget year however, Dell has offered aggressive pricing as we approach the end of their fiscal year this coming January. The five-year lease option allows us to spread the cost over several years with no interest and there is no guarantee that this offer will be available in 2021. Funding for this purchase would come from the Ingham County 636 fund balance for year one of the lease and the Innovation and Technology’s Network Maintenance - Hardware fund (636-25810-932032) for the remaining 4 years. We anticipate seven years of useful life from this upgraded system.
Additional cost savings that the County would realize by making this purchase in 2020 is removal of the need to purchase third party supplemental hardware support for the systems that fall out of manufacturer warranty ($6,900 per year) and the removal of the need to purchase an additional year of Oracle database support ($15,000 per year).

OTHER CONSIDERATIONS
In addition to maintaining continuity of support, the design of this refreshed implementation is focused on addressing some upcoming needs that ITD has identified:

- **Full disk encryption** – Annual security audits for HIPAA, CJIS, and finance have led us to believe that full disk, data at rest, encryption will soon be a requirement. This is expensive to implement after the fact and doing so during a hardware refresh is much more cost effective.
- **Deduplication and Compression** - Exponential increases in storage needs due to the prevalence of high-resolution cameras, other non-compressible data, and extended data retention requirements has filled existing storage faster than originally anticipated leaves our existing storage near 80% capacity. Storage performance begins to degrade when operating above the 80% capacity line. Full deduplication and compression will effectively allow for more storage use with less storage consumption by decreasing the overall footprint of existing compressible data.
- **Improved Up-time and System Reliability** – With Active/Active Redundancy, the ability to utilize our two primary datacenters as if they were one will improve reliability by allowing us to offer services to end users from either location in a transparent manner. The result is better up-time and more reliability in the event of a disaster at one of our facilities.
- **Increased compute and system memory capacity** – The net increase in compute as well as the options made available for further expansion effectively positions us to offer additional resources to our customers when requested and can improve the performance of existing applications. This also makes way for upcoming planned projects such as the move of the Courtview system from the extremely expensive Sun Solaris/Oracle platform to the much more reasonably priced Microsoft Windows/SQL environment.

Pricing from the recommended vendor is off the competitively bid Midwestern Higher Education Commission (MHEC) Contract No. MHEC-07012015 for Dell Computers.

STRATEGIC PLANNING IMPACT
This Resolution supports Goal D – Information Technology, specifically Strategy 2 – Annually budget for countywide IT projects including updates to existing software applications.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval to enter into an agreement with Avalon Technologies, Inc. to lease Dell servers, Dell Compellent Storage Area Networks, and associated hardware in an amount not to exceed $200,000 in year one and $280,000 annually for the remainder of the term, totaling no more than $1,350,000 over 60 months.
Introduce by the County Services and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO APPROVE THE LEASE OF SAN AND COMPUTE HARDWARE FROM
AVALON TECHNOLOGIES, INC.

WHEREAS, Ingham County Department of Innovation and Technology currently provides storage and
compute for all County departments; and

WHEREAS, the existing back-end storage and compute systems are approaching their end of supported life; and

WHEREAS, to remain secure and reliable, these systems need to be refreshed with actively supported
hardware; and

WHEREAS, this hardware purchase will provide the necessary equipment needed to refresh the existing County
back-end datacenter systems in a secure, reliable manner.

THEREFORE BE IT RESOLVED, that the Board of Commissioners do hereby authorize the lease of Dell
storage and compute hardware from Avalon Technologies, Inc in an amount not to exceed $1,350,000 over the
60 month lease term.

BE IT FURTHER RESOLVED, that the Board of Commissioners do hereby authorize the purchase of this
hardware at the end of the 60-month lease term for $1.00.

BE IT FURTHER RESOLVED, that the total cost will be paid from the Ingham County 636 fund balance for
year one of the lease and the Innovation and Technology’s Network Maintenance - Hardware fund (636-25810-
932032) for the remaining 4 years.

BE IT FURTHER RESOLVED, that the Controller/Administrator is authorized to make any necessary budget
adjustments.

BE IT FURTHER RESOLVED, that the Chairperson of the Ingham County Board of Commissioners is
authorized to sign any contract documents consistent with this resolution and approved as to form by the

SUBJECT: New HVAC control system at the Road Department administration building

BACKGROUND
The purpose of this correspondence is to support the attached resolution to remove and replace the current HVAC control system in the ICRD Administration building, with an up to date energy efficient HVAC controller.

The current Siemens HVAC control system is 27 years old and the operating software is Windows 95. It has become apparent, after dozens of temporary repairs to the fatigued HVAC controller system; the system has exceeded its life expectancy and has become obsolete. There are no software upgrades or replacement parts available for the current HVAC controller system. The manufacture quit providing replacement parts and software updates in 2007. The ICRD has exhausted our supply of spare parts and there are no replacement parts available from any vendors.

The new replacement HVAC controller system has new technologies features that are energy efficient and commercial building code compliant.

ALTERNATIVES
There were very limit sources to seek quote from, due to the custom fabricating required to synchronize the current mechanical HVAC components to a modern controller system.

We received two estimates from commercial HVAC contractors. Siemens Industry Inc. and Trane U.S. Inc. The Siemens estimate did not include all the desired energy efficient features in their estimate and their quote was not the lowest bid. These desired energy efficient features are only provided for an addition cost.

Trane U.S. Inc. is a registered County vendor and has a positive work history with the Ingham County Facilities Director, with other County projects. Trane U.S. Inc. is also a member of U.S. Commodities government CO-OP program. Trane U.S. Inc. also meets the County’s local vendor status.

FINANCIAL IMPACT
The ICRD received quotes from qualified and experienced vendors for replacing our current out dated HVAC control system. The new system shall meets or exceeds the current Federal and State safety and energy codes. This new HVAC controller system shall be included in the 2020 Capital Improvement Plan (CIP) and the ICRD adopted 2020 budget, which includes controllable expenditures, and funds for this and other related purchases.

The Trane U.S. INC. has the lowest qualified bid at $24,000 for a new HVAC controller system.

OTHER CONSIDRATIONS
Due to the age of the current HVAC controller system, there are not many options available. The County IT department has performed all the possible software updates for the Windows 95 software. The mechanical parts are obsolete and are not available for purchase.

There is also a new 911 back up call center in the plans, this center will be located in this Road Department Administration building in the next few months, and this could create a heavier workload on this out dated HVAC controller system.
RECOMMENDATIONS

It is our recommendation to enter into an agreement with Trane U.S. Inc. for modern HVAC controller system that is energy efficient and meets or exceeds current building codes.

Bids from qualified and experienced vendors for the purpose of purchasing a modern energy efficient HVAC controller system, were solicited and evaluated by the Ingham County Purchasing Department and it is their recommendation, with the concurrence of the ICRD, to award this to a local bidder, Trane U.S. Inc. 3350 Pine Tree Road Lansing, Michigan 48911.

Therefore, approval of the attached resolution is recommended. To authorize the purchase of a modern energy efficient HVAC controller system, which is compatible with our current HVAC mechanical system.

RE: Resolution to Approve a Contract with Severance Electric Co., Inc. for Bid Packet #212-19, Traffic Signal Construction Services

BACKGROUND
The Ingham County Road Department (ICRD) solicited and received sealed bids in accordance with Ingham County Purchasing policies for this project, per Bid Packet #212-19, Traffic Signal Construction Services. The bids were reviewed by the Purchasing and Road Departments, and both Departments were in agreement that the low bidder’s proposal met all necessary qualifications, specifications and requirements. Attached is the Memorandum of Performance from James Hudgins, Director of Purchasing.

Severance Electric Co., Inc. of Kalamazoo, MI, submitted the lowest responsive and responsible bids for the intersections listed below, for a total bid amount of $167,418.00.

1. Jolly Road at College Road – Low Bid $66,983.00
2. Holt Road at Waverly Road – Low Bid $36,562.00
3. Hagadorn Road at Bennett Road – Low Bid $63,873.00

The scope of the overall project is to replace traffic signals that are at the end of their service life, located at the above named intersections. The Contractor’s work includes the installation of foundations and erecting strain poles at all three locations listed above. In addition, due to intersection complexity and staff availability, the Contractor will install the traffic signals at the Jolly Road at College Road and Hagadorn Road at Bennett Road intersections. The ICRD will provide the strain poles, controllers and cabinets for all three intersections, as well as install the traffic signal at the Holt Road at Waverly Road intersection.

ALTERNATIVES
An alternative to awarding this contract to Severance Electric Co., Inc. is to delay the replacement of these traffic signals to a future year. This approach is not preferred, as a delay could result in equipment malfunction and/or failure.

FINANCIAL IMPACT
The cost for this project is budgeted in the 2019 County Road Fund Budget.

OTHER CONSIDERATIONS
None.

RECOMMENDATION
Based on the information presented, the Road Department respectfully recommends approval of the attached resolution to support the contract with Severance Electric Co., Inc for Traffic Signal Construction Services, as detailed in Bid Packet #212-19.

RE:         Resolution Approving Various Contracts for the 2020 Budget Year

This resolution will approve the attached list of contracts for the 2020 budget year. The list consists only of contracts that are included in the 2020 Adopted Budget. If a contract later exceeds the budgeted amount, a resolution will need to be brought before the Board of Commissioners approving the increased amount. In addition, a separate Board resolution will be required if there is a change in employee status or increase in the total number of employees.

The county contract approval process, as amended by Resolution #09-095 provides that any contract over $5,000 must be approved by the Board of Commissioners. This resolution includes various routine contract renewals in order to reduce the number of separate resolutions needed to approve contracts. The liaison committees may decide that there are some contracts included on this list that would better be considered as separate resolutions. Those contracts will be removed from this resolution before the passage by the Board of Commissioners, and will be brought back before the Board as separate resolutions at a later date.

Based on Resolution #16-443, the Budget Office will be using the Consumer Price Index’s Annual Inflation rate or 1%, whichever is greater to determine if the contract falls within the Board of Commissioners’ Guidelines. Expenditure contracts with a 2020 increase of 1.9% or less are the only ones included in this resolution.

Please contact me if you have any questions.
Agenda Item 12a

Introduced by the Finance Committee of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION APPROVING VARIOUS CONTRACTS FOR THE 2020 BUDGET YEAR

WHEREAS, county policy requires that all contracts over $5,000 be approved by the Board of Commissioners; and

WHEREAS, numerous contracts are approved by the Board of Commissioners each year, many of which are routine continuations of existing contracts; and

WHEREAS, funding for these contracts has been included within the 2020 Adopted Budget; and

WHEREAS, the budget also contains anticipated revenues and expenditures from certain grant programs, which will also require approval of agreements with granting agencies at various times during the fiscal year.

THEREFORE BE IT RESOLVED, that the Board Chairperson is authorized to sign agreements, contracts, and/or other documents related to grant programs and other county appropriations which are contained in the adopted budget, as listed in the attached document, subject to review by the County Attorney as to form and to certification by the Controller that 1) the total amount of revenues and expenditures and the net obligation to the County is not greater than what is budgeted; and 2) there is no change in employee status and no additional employees other than as authorized in the adopted budget.

BE IT FURTHER RESOLVED, that all grants and funding arrangements with entities whose fiscal years do not coincide with the County's fiscal year be considered authorized providing that they have been authorized in part in the adopted budget, and the remaining portion of the time period and funds are included in the Controller’s Recommended Budget for the succeeding fiscal year.

BE IT FURTHER RESOLVED, that all contracts over $5,000 that are not included in this resolution shall be approved by the Board of Commissioners by separate resolution.

Enclosed please find the recommended adjustments to the Ingham County budget for the end of fiscal year 2019. The General Fund total will remain at $87,812,526.

The quarterly budget amendment process as authorized by the Board of Commissioners is necessary to make adjustments to the adopted budget. Usually, adjustments are made as a result of updated revenue and expenditure projections, grant revenues, reappropriations, accounting and contractual changes, and general housekeeping issues.

This resolution authorizes the County Controller, as part of the year end budgeting process, to make any necessary transfers among all budgeted funds, activities, and line items in order to comply with Public Act 621 (Uniform Budgeting & Accounting Act), and to balance the 2019 Budget. The General Fund budget total will not be adjusted for the fourth quarter of 2019.

The Fair Fund is requesting a $40,000 transfer from the General Fund to Fair fund balance to cover anticipated yearend non-operational adjustments. The funding for this transfer is requested for contingency funds.

The Road Department’s final 2019 budget adjustment is requesting an increase in expense and the use of fund balance for various non-federal aid primary road improvement projects and replacement of the Road Department’s Eastern District garage roof, the contracts for all the above projects have already been approved by the BOC in the amount of $4,505,000.

The contingency fund is currently at $183,853 before the above adjustment. The attached document details how the Board allocated the contingency funds throughout the year, beginning with a balance of $350,000.

Should you require any additional information or have questions regarding this process, please don’t hesitate to contact me.

FROM: Timothy J. Dolehanty, Controller/Administrator

DATE: November 26, 2019

SUBJECT: Resolution to Amend the Business Travel and Reimbursement Policy

BACKGROUND
On October 5, 2010 the Board of Commissioners approved the Business Travel and Reimbursement Policy for all employees, elected officials and Commissioners. Compliance with these regulations is the responsibility of the department head or elected official. The Policy has been amended three times since 2010 to clarify meal allowance calculations, travel arrangements and air travel procedures.

Proposed changes to the policy are centered on elimination of the Financial Services Department reservation requirement and meal reimbursement rates. As noted in summary below, departments would be allowed to make their own airline and hotel reservation consistent with existing rules. Currently all such accommodations must be secured by an employee of the Financial Services Department. Meal reimbursement rates would be tied to U.S. General Services Administration Meals and Incidental Expense (M&IE) rates as posted on their Web page. Travelers would no longer be required to provide meal receipts when using the M&IE rates.

- **Section M.2 (pg. 211-4):** Clarification that travel as part of an essential job duty is not “subject to” the preauthorization procedure. Note that the procedure for out-of-state travel approval has not changed.
- **Section N.1 (pg. 211-4):** Proposed changes to this Section will eliminate the Financial Services Department booking and reservation requirement. Department Heads would have authority to establish booking and reservation procedures for employees in their departments, subject to budget limitations.
- **Section N.2 (pg. 211-4):** This Section which addresses changes to airline and hotel reservations is moved to a new Section N.4.
- **Section N.3 (pg. 211-4):** Renumbered as Section N.2. The second paragraph is modified to reflect changes in Section N.1 and reaffirm the requirement of Department Head approval.
- **Section N.4 (pg. 211-5):** New Section N.4 is the old Section N.2.
- **Section N.7 (pg. 211-5):** Reference to the Rand McNally mileage table is removed in favor of point-to-point calculations (many travel Web sites such as Google Maps and MapQuest provide accurate mileage calculations between specific addresses). Reference to daily average travel is struck as it serves no purpose in mileage computation.
- **Section N.9 (pg. 211-6):** Meal reimbursements will be equal to the U.S. General Services M&IE rate as posted on their Web page. Travelers would no longer be required to provide meal receipts when using the M&IE rates. Employees seeking reimbursement will still need to complete a Travel Expense Voucher (Excel version attached or through SeamlessDocs) for reimbursement. Note that the M&IE rate applies only to meal reimbursement and does not apply to hotel accommodations.

ALTERNATIVES
Current policy rules and procedures could continue as written. However, the proposed amendments offer a more efficient alternative.
**FINANCIAL IMPACT**
There is no direct financial impact associated with the proposed amendments.

**OTHER CONSIDERATIONS**
The proposed changes were vetted by County auditors and attorneys for consistency with Generally Accepted Accounting Practices and applicable statutes.

**STRATEGIC PLANNING IMPACT**
Proposed amendments to the Business Travel and Reimbursement Policy are consistent with Management, Finance and Governance goals and strategies to periodically review and revise policies and contracting procedures to reflect current best practices.

**RECOMMENDATION**
I respectfully recommend approval of the attached resolution to amend the Business Travel and Reimbursement Policy.
WHEREAS, on October 5, 2010 the Board of Commissioners approved the Business Travel and Reimbursement Policy for all employees, elected officials and Commissioners; and

WHEREAS, the Policy is intended to provide rules and procedures for determining appropriate expenditures related to business travel; and

WHEREAS, the Board of Commissioners wishes to amend the policy to streamline travel reservation procedures, amend meal reimbursement rates and reference contemporary resources for mileage calculation; and

WHEREAS, proposed changes were vetted by County auditors and attorneys for consistency with Generally Accepted Accounting Practices and applicable statutes.

THEREFORE, BE IT RESOLVED, that the Ingham County Board of Commissioners amends the Business Travel and Reimbursement Policy as follows:

- Section M.2, second paragraph is amended to state: Any trip needed as part of an employees’ essential job duty (such as transporting a prisoner or escorting a child for out-of-state placement) is not subject to this requirement.

- Section N.1 is amended to state: The County will be liable for the employee’s travel expense and the direct billing for the County shall be for the employee only. Alternatively, these expenses can be provided through travel advances and normal reimbursement procedures. These provisions shall apply only to traveling employees and shall not apply to air travel required for other functions such as witnesses required by the Prosecuting Attorney.

- Current Section N.2 is moved to a new Section N.4.

- Section N.3 is renumbered as Section N.2 and the second paragraph is amended to state: The use of commercial airlines is permitted when it is to the advantage of the County as measured by both comparative travel costs and the time of the traveler. Travelers should purchase the least expensive accommodations available on any one flight with approval of the Department Head. Persons choosing to use first class transportation when tourist class is available shall be responsible for the additional cost of first class accommodations. First class fare will be allowable only when a ticket agency certifies that less expensive accommodations are not available. Such certification must accompany the reimbursement voucher.

- Section N.4 is amended to include text from the old Section N.2.

- Section N.7 is amended to state: Mileage must be computed based on the shortest available route between the point of departure and the destination, plus road and bridge tolls. The per diem allowance will be limited to the number of days required to complete the travel at that rate. Documentation is required for toll roads and bridges and the like.

- Section N.9 is amended to state: The cost of meals while traveling is an allowable expense. If a meal is provided at the hotel or as part of the conference, no additional amount will be allowed. The actual cost of
any meal will be reimbursed up to the cost of the U.S. General Services Administration Meals and Incidental Expense (M&IE) rate posted on the GSA Web page (https://www.gsa.gov/travel/plan-book/per-diem-rates) Incidental Expenses are included in the M&IE rate and will not be reimbursed separately. Meal receipts are not required when using the M&IE rate. However, within 60 calendar days of the date, employees must file a County Travel Expense Voucher including:

i. The business purpose of the trip;

ii. The date and place of the trip; and

iii. Receipts for lodging (if using the M&IE meals-only per diem rate).

If any of these requirements are not met, the payment may be deemed taxable to the employee. No reimbursement for alcoholic beverages will be allowed.

Maximum per diem allowance will be prorated as shown on the table below:

The cost for any additional activities provided outside the conference will not be allowed. The above schedule is allowable only during the day of departure or return.

BE IT FURTHER RESOLVED, that these policy changes shall have immediate effect upon adoption of this Resolution.
A. Introduction

This policy pertains to all employees, elected officials and Commissioners. Compliance with these regulations is the responsibility of the department head or elected official. Vouchers that appear to be in violation of this policy will be returned unpaid to the department with an explanation.

B. Local Travel

1. County employees and elected officials that use a privately owned vehicle for County business may be reimbursed. The amount to be reimbursed shall be determined by reference to the Internal Revenue Service (IRS) Standard Mileage Rate Method. The Human Resources Department will notify department heads and elected officials of changes in the Standard Mileage Rate.

2. Departments shall establish regulations regarding the designation of official work stations as assigned. This work station will be used in determining mileage reimbursement. No mileage will be allowed for travel between an employee’s home and his or her official work station (commuting expenses). Examples to assist in calculating allowable travel expenses are presented in Appendix A.

3. Only allowable auto expenses as determined by IRS guidelines will be reimbursed. Adequate documentation is required. The charge should be supported by a listing of the vicinity itinerary in sufficient detail to justify the mileage claimed.

4. Charges for gasoline, lubrication, repairs, antifreeze, towage, and other similar expenditures will not be allowed as reimbursable items when privately owned cars are used.

C. Computation of Mileage

Mileage must be computed based on the shortest available route between the point of departure and the destination. A mileage grid showing distances between County facilities is provided in Appendix B. This grid may be used in place of actual odometer readings.

D. Parking Fees

If an employee is required to have a motor vehicle available for County business purposes, a monthly parking allowance may be provided. The department head or elected official must request approval from the County Services Committee. If approved, a reimbursement will be provided monthly upon receipt of a statement of the parking charge in an amount specified in labor contracts or managerial compensation plan. Intermittent parking charges for meter, lots, etc., will be reimbursed monthly as incurred. Parking reimbursement requests should be included on the travel reimbursement requests. Meter parking should be identified on the reimbursement form as meter parking.
E. Parking or Traffic Violations

Under no condition will parking or traffic violation tickets be reimbursed. They are the full responsibility of the employee operating the vehicle.

F. Automobile Insurance

Employees who use their vehicles as a requirement of their job shall be reimbursed for automobile insurance as established by collective bargaining agreements and/or compensation plans. This payment will be made by December 15 of the contract year providing that prior to December 1 the employee shall submit proof of the additional automobile insurance and payment of same to the Human Resources Department.

G. Temporary Assignments

An employee temporarily working at another location that requires driving less distance than that from home to the regular work site and back will not be reimbursed for such travel in his or her own vehicle, but, if the temporary work assignment requires driving more distance than normal, the employee will be reimbursed for the difference in miles driven.

H. Attendance at Funerals

Employees designated as official representatives of the County for attendance at a funeral may claim reimbursement for travel expenses subject to the limitations of these regulations.

I. Use of County-Owned Vehicle

An employee using a County-owned vehicle on County business shall be reimbursed for gasoline and other operating expenses incurred while using the vehicle, provided that appropriate receipts for all such expenses are submitted with the travel reimbursement request.
J. Meal Allowance

Meal reimbursement calculations are provided in Section N.9.

K. Travel Reimbursement

1. All travel expense claims shall be prepared and submitted on a Travel Expense Voucher, and must be itemized and stated in accordance with these regulations. Failure to use the specified form could delay the processing. The form must be signed by the employee. Each traveler should keep a memorandum of expenditures properly chargeable to the County so that the accumulated information will be available for preparation of the travel voucher at the end of each travel period.

2. Expense reports shall not be submitted until the total requested exceeds $15.00. An exception is the fiscal year-end report which must be submitted no later than the fifth work day of the new fiscal year. Another exception would be when an employee is leaving employment with the County.

3. The official work station shall be shown on the voucher.

4. Supporting receipts must be attached for all items of expense, unless exempt by these regulations.

5. All items on the travel voucher should appear in chronological order and all expenses for the period must be included.

6. Each day’s expense shall be shown separately and totaled.

7. The certification on each voucher shall be attested to by the manual signature of the employee. An authorized agent may not approve his or her own voucher.

L. Several People Attending the Same Out of Town Event

It is strongly recommended that if several people are attending the same out-of-town event that they travel together to reduce costs. This recommendation applies to employees within the same Department or from different Departments.

M. Overnight Travel

1. General. This policy pertains to all employees, elected officials and Commissioners. County representatives traveling on official business are expected to exercise the same care incurring expenses that a prudent person would exercise if traveling on personal business. Compliance with these regulations is the responsibility of the department head or elected official. The Controller/Administrator and the Financial Services Department will refuse to pay any travel vouchers that appear to violate the intent of these regulations.

2. Authorization. All travel must be authorized and approved by the department head, elected official or his/her designated representative. No designated representative may approve his/her own vouchers. The Ingham County Board of Commissioners encourages County employees and
County-wide elected officials to participate in professional self-improvement and continuing education efforts, and to seek out innovative and cost-effective programs and technologies for potential utilization in Ingham County. Department heads, elected officials and the presiding judges of the various courts may authorize the expenditure of budgeted funds for professional development of County employees, and to seek innovative programs and technologies for use in Ingham County. No out-of-state travel will be authorized without approval of the Controller/Administrator and the Chairperson of the Board of Commissioners.

Any trip needed as part of an employees’ essential job duty (such as transporting a prisoner or escorting a child for out-of-state placement) is not covered under subject to this requirement.

N. Travel Arrangements.

1. General. The Financial Services (FS) Department will have an employee trained in scheduling and purchasing air fare and hotel reservations. All airline tickets and hotel reservation will be made by this individual. The traveling employee will submit possible travel times and dates and the FS Department will attempt to find a cost beneficial arrangement within this schedule. If the traveling employee and the FS Department cannot agree on travel times and dates, then the matter will be referred to the Controller for resolution. The County will be liable for the employee’s travel expense and the direct billing for the County shall be for the employee only. Alternatively, these expenses can be provided through travel advances and normal reimbursement procedures. These provisions shall apply only to traveling employees and shall not apply to air travel required for other functions such as witnesses required by the Prosecuting Attorney.

2. Changes. Once an airline ticket or hotel room has been booked, it can only be changed with Department Head’s approval. If the change is the result of an employee’s personal non-emergency issue (such as having to attend a child’s social event), the employee will be responsible for any additional cost incurred by the County. If a disagreement occurs, the County Controller/Administrator will determine if the change was the result of an emergency. (NOTE: This text is moved to new Subsection N.4)

3. Air Travel. The policy of Ingham County is that airline travel by County employees on official business shall, whenever financially prudent, originate from Capital Region International Airport (CRIA). If a flight out of a neighboring airport can be found at a materially lower rate, the flight may be booked from that airport. If the CRIA flight exceeds the cost of a flight from a neighboring airport by more than $200 for an individual or $400 for a group, the flight may be booked from the neighboring airport. The $200 or $400 difference is for the inclusive cost of the flight including mileage and parking.

The use of commercial airlines is permitted when it is to the advantage of the County as measured by both comparative travel costs and the time of the traveler. The FS Department Travelers should purchase the least expensive accommodations available on any one flight with approval of the Department Head. Persons choosing to use first class transportation when tourist class is available shall be responsible for the additional cost of first class accommodations. First class fare will be allowable only when a ticket agency certifies that less expensive accommodations are not available. Such certification must accompany the reimbursement voucher.
3. **Round-Trip Tickets.** Round-trip tickets shall be secured whenever economical and practicable.

4. **Changes.** Once an airline ticket or hotel room has been booked, it can only be changed with Department Head’s approval. If the change is the result of an employee’s personal non-emergency issue (such as having to attend a child’s social event), the employee will be responsible for any additional cost incurred by the County. If a disagreement occurs, the County Controller/Administrator will determine if the change was the result of an emergency. *(NOTE: This text is former subsection N.2)*

5. **Insurance.** Insurance coverage for persons traveling by common carrier is not allowable as a reimbursable expense.

6. **Transportation by Private Owned Car.** Employees or commissioners, who elect to drive a privately owned car in lieu of common carrier, shall be reimbursed at rates established in labor contracts or as provided by Board resolutions. Reimbursement for out-of-state travel by a privately owned car in lieu of common carrier (mileage plus lodging, per diem, and toll charges) is limited to the cost associated with tourist class air fare.

   An employee using a County owned vehicle on County business is reimbursed for gasoline and other operating expense incurred while using the vehicle. Appropriate documentation for all such expenses must be submitted with the travel reimbursement request.

7. **Computation of Mileage.** Point to point out-of-state mileage will be shown in the Rand McNally atlas mileage. *Mileage must be computed based on the shortest available route between the point of departure and the destination,* plus road and bridge tolls. It is assumed that out-of-state drivers on extended trips will average 400 miles a day. The per diem allowance will be limited to the number of days required to complete the travel at that rate. Documentation is required for toll roads and bridges and the like.

8. **Rental Cars.** A car may be rented at a conference site with prior approval of the department head. Only the cost for a compact vehicle will be reimbursed. The cost for any upgrade from a compact vehicle will be the responsibility of the employee. There is no need to purchase insurance when renting a vehicle since it is covered under the County’s insurance policy. Reimbursement for a rental vehicle precludes any reimbursement for local travel costs at the conference site.

9. **Meal Reimbursement.** The cost of meals while traveling is an allowable expense. If a meal is provided at the hotel or as part of the conference, no additional amount will be allowed. The actual cost of any meal will be reimbursed up to the cost of the U.S. General Services Administration Meals and Incidental Expense *(M&IE)* rate posted on the GSA Web page *(https://www.gsa.gov/travel/plan-book/per-diem-rates)*. Appropriate detailed receipts must be submitted and maximum gratuity is 15%. *Incidental Expenses are included in the M&IE rate and will not be reimbursed separately.* Meal receipts are not required when using the M&IE rate. However, within 60 calendar days of the date, employees must file a County Travel Expense Voucher including:

   i. **The business purpose of the trip:**
ii. The date and place of the trip; and

iii. Receipts for lodging (if using the M&IE meals-only per diem rate).

If any of these requirements are not met, the payment may be deemed taxable to the employee. No reimbursement for alcoholic beverages will be allowed.

Maximum per diem allowance will be prorated as shown on the table below:

The cost for any additional activities provided outside the conference will not be allowed. The above schedule is allowable only during the day of departure or return.

10. Documentation. Receipts are required for all other transactions in excess of $25.00 claimed on the travel voucher as reimbursable items.

11. Foreign Travel. Travel expenses incurred while traveling in a foreign country will be reimbursed at the rate charged by the employee’s credit card or the published exchange rate at the time of the expenditure. A copy of the credit card statement or an exchange rate table from any financial publication should be provided to support the rate claimed. Daily and weekly exchange rate data is also available on the Federal Reserve Board website.

12. Lodging Charges and Meals. Sales and use taxes, applicable to lodging charges are reimbursable in addition to the regular lodging allowance. Only the actual lodging expenses paid, plus tax, is allowable. Receipts for lodging expenses are required. Any change in hotel location during continuous occupancy by an employee must be explained on the voucher. Reimbursement for hotel or motel room expense will be made for a standard single room. Any cost for the upgrade of a room will be the responsibility of the employee.

13. Lodging Charges for Multiple Occupancy. When a County employee in travel status shares hotel or other lodging with other County employees, reimbursement to the traveler will be as follows:

a. If hotel or other lodging is shared with a person other than a County employee, reimbursement to the County employees will be at the single rate. Documentation supporting the single rate must be available.

b. If hotel or other lodging is shared with two or more County employees or Commissioners and they all occupy the same room, reimbursement to the County employee or Commissioner will be based on the amount paid.
14. **Guidelines.** The following rules are established as guides for the employee and the approving officials:

a. It is expected that expenses incidental to official County travel will be held to the minimum amount required for essential and efficient conduct of County business. The department head, elected official or his/her authorized representative approving the travel voucher will be held responsible in his/her certification for all items of expense as being necessary and correct.

b. Expenditures for hospitality expenses and/or alcoholic beverages will not be reimbursed under any circumstances.

c. When travel expense vouchers are supported by receipts that show signs of erasures or alterations, the voucher will be returned to the employing department for a statement of facts explaining the reason for the alteration before the travel voucher will be approved for payment.

d. No employee shall travel as the guest of any current or potential private (non-grantor) vendor who could reasonably be expected to offer service to the County in the future unless authorized by the Department’s Liaison Committee.

e. Employees may take annual leave during a tour of travel with approval of the department head or elected official, provided, that in no case shall travel expenses be allowed while in annual leave status. Whenever an employee in travel status becomes incapacitated due to illness or injury certified by a licensed physician that is allowable as sick leave, he may continue in travel status for a period not to exceed seven calendar days at rates not to exceed M&IE allowance and lodging charges as provided in these regulations.

f. An employee will be considered to be in travel status on non-work days unless the employee can return to his/her official work station or home prior to a non-work day. Employees may be entitled to compensation for work performed on non-workdays pursuant to applicable collective bargaining agreements. Every effort should be made to find an alternative to paying the employee overtime for traveling or attending a conference during a non-workday.

g. Enrollment or registration fees for approved conventions and meetings of associations or organizations are allowable for employees attending as official representatives of Ingham County. Advance registration is preferred. Receipts must be attached for reimbursement.

**O. Accounting for Travel Advances and Advances for Travel**

1. **Requisition for Travel Advance.** Departments are authorized to make travel advances for specific trips of employees and Commissioners traveling on County business, subject to approval by the County Controller/Administrator. Requests for such advances should be made at least ten days prior to departure, but no more than 30 days before departure. An employee or Commissioner taking a trip with the appropriate prior approval, which would involve personal cash outlay for travel expenses, shall furnish the Controller/Administrator a statement setting forth the purpose of the trip, expected travel period, method of transportation, itinerary, and an estimate of cash outlay for travel showing individually the estimated costs to be borne by the County.
Travel advances will not be issued for less than $50.00. Such de minimis expenditures will be reimbursed on a standard Travel Expense Voucher.

2. **Issuing Advances.** The official or employee shall request a travel advance by submitting a travel advance form. The preparer must retain a copy of the form. Receipt of a travel advance is conditional upon agreement to a payroll deduction to settle any unsubstantiated expenses (See Failure to Comply, below). Financial Services shall issue travel advances to employees with the concurrence of the employee’s department head.

3. **Travel Advance Settlement:** A travel advance should be settled within five working days subsequent to the final date of expenses listed on the travel advance form. Actual expenditures shall be reconciled to the amount of advances on the copy of the travel advance form. This completed and signed form shall be submitted to Financial Services along with any required documentation.

   A check must be submitted to the Ingham County Treasurer for any excess travel advance.

4. **Failure to Comply:** IRS regulations require substantiation of expenses and the return of any excess travel advance within a reasonable period of time (60 days). Any portion of a travel advance not settled within 60 days shall be recovered through payroll deductions.

5. **Travel Reimbursements:** Overnight travel expenses incurred without benefit of a travel advance will be reimbursed on a travel voucher. Such reimbursement claims will be prepared and submitted on the standard Travel Expense Voucher, itemized and stated by these regulations.

### P. Use of County-Owned Vehicles

1. This policy shall cover and apply to all official’s and employee’s use of any vehicle owned by Ingham County, except that this policy may be considered modified, but only to the extent that provisions of a collective bargaining agreement expressly provide for vehicle use in a manner inconsistent with this policy.

2. All vehicles acquired by Ingham County are for the use and purpose of County business only, and all officials and employees of the County operating vehicles are subject to and required to adhere to the terms of this policy.

3. Except as otherwise specifically provided in this policy, no official and no employee may use a County-owned vehicle for personal use. County-owned vehicles shall be used for County business.

4. County employees may use County-owned vehicles for commuting to and from employment only if specifically required to do so for the purposes of on-call duty, or if specifically authorized by the employee’s department head or elected official, as being necessary and in the best interest of the County. Except as permitted herein, there shall be no commuting with County-owned vehicles and there shall be no other personal use of County-owned vehicles by County employees. Employees shall report in writing bi-weekly the number of “commuting days” to the employee’s department head or elected official.

5. Personal use of County-owned vehicles by an employee may be subject to taxation to that employee by the Internal Revenue Service.
Q. Other Reimbursement

1. Miscellaneous Expenditures: County funds may be expended for supplies to the extent that such supplies are consumed by the general public or used in the conduct of normal business. Whenever possible, supplies should be billed to Ingham County by the vendor. If direct billing is not possible, an employee may be reimbursed for such expenses.

2. Charges not Reimbursable: In general, the County is not liable for any loss or damage to an employee’s property.

3. Sales Tax: As a governmental entity, Ingham County is not subject to state sales tax. Sales tax should not be paid on any item purchased for the exclusive use of Ingham County. Ingham County’s tax exempt number is 38-6005629. An exemption certificate is available from the Purchasing Department, if required.

4. Registration Fees: Enrollment or registration fees for approved conventions and meetings of associations or organizations are allowable for employees attending as official representatives of the County. Documentation must be attached.

5. Retiree Recognition Policy: County funds may be utilized to recognize and honor retirees to a maximum of $75.00 for employees who have a minimum of ten years and $150.00 for employees who have a minimum of 25 years. A completed Retiree Recognition Expense Form is required to be submitted with the invoice for payment. This amount must be used to purchase an actual gift or fund a party. Gifts of cash or gift cards are not allowed.

6. Guests: The cost of guest meals is allowable when incurred by department heads only if it can be shown that such cost was incidental and necessary to the conduct of official County business. In no cases will the amount allowed be in excess of the maximum established in these regulations. Full explanation must be given on the voucher, including the name of the guest. Tips are limited to 15%.

7. Food and Beverages for Meetings: Food and beverages purchased for staff meetings and staff lunches are not allowable expenses. Only meetings which include community members, vendors or other outside parties will be allowed to serve food and beverages at the County’s expense. The Business Meal Expense Form or Meeting Supplies Expense Form must accompany all requests for reimbursement or submittal of the Procurement Card documentation.

8. Rental of Rooms: Expenses for rental of special rooms for meetings will be approved only when County owned facilities are not available. Approval from the Controller/Administrator is required. Receipts are required.

9. Dues and Subscriptions: Professional dues and subscriptions will only be allowable expenses if they are required for an employee’s essential job duty or are necessary to provide a Department’s primary service.

10. Documentation and Processing: All requests for reimbursement must have adequate documentation. Employees are encouraged to order items with per unit cost of $100 or more through the Purchasing Department. A purchase order should be issued to the vendor for such purchases.
An employee may request reimbursement by including the expense on a standard Travel Expense Voucher with his or her mileage (NOTE: The correct charging distribution number should be indicated.) Alternately, a reimbursement voucher may be submitted. The voucher should be made payable to the employee. The description should read “employee reimbursement” and should also indicate the employee’s department.

11. **Enforcement:** The Director of Financial Services has the authority to reject any expenditure which he or she believes is not in accordance with this policy. Any employee disagreeing with this decision can appeal the decision to the County Controller/Administrator.
Following are examples to assist in calculating allowable travel expenses:

**EXAMPLE 1**

One staff person lives in Mason.

Is she entitled to mileage from her home in Mason to the Mason Courthouse (which is not her assigned location) or is she entitled to mileage from the VMC (where she did not report but is her assigned location) to the Mason Courthouse?

*If she is going to Mason for the entire day, she would not be entitled to any mileage since it is closer than her typical commuting miles. But, if she drove to Lansing at 8:00 and then needed to go to Mason for a two-hour 11:00 a.m. meeting and then returns to Lansing for the rest of the day, she would be entitled to the mileage from Lansing to Mason and back to Lansing.*

**EXAMPLE 2**

If this staff person reports from her home in Mason to the Mason Courthouse in the morning and then reports to the VMC location in the afternoon, is she entitled to mileage from the Mason Courthouse to the VMC building?

*She would not be entitled to any mileage since she is not traveling any farther than she would on a typical day.*

**EXAMPLE 3**

One staff person lives in Lansing.

Is she entitled to mileage from her home in Lansing to the Mason Courthouse (when she reported directly to the Mason location instead of her assigned location of VMC) or is she entitled to mileage from the VMC to the Mason location?

*She would be entitled to the difference between her normal commute and the commute to Mason. If she lives five miles from downtown but needs to drive 20 miles to Mason instead, she would be entitled to reimbursement for 15 miles driven.*

**EXAMPLE 4**

If this staff person reports from her home in Lansing to the Mason Courthouse in the morning and then reports to the VMC location in the afternoon is she entitled to mileage from the Mason Courthouse to the VMC building?
