THE MOTION TO APPROVE THE ITEMS ON THE CONSENT AGENDA CARRIED UNANIMOUSLY. Absent: Commissioners Morgan and Tennis

1. **Presentation** – Pre-Audit Communication

Bill Brickey and Tim St. Andrew, Plante & Moran, gave a presentation on the pre-audit and audit.

Commissioner Crenshaw asked what happened if the audit was not completed by the June 30th deadline.

Mr. St. Andrew stated that it was a slap on the wrist by the State, but the plan was still to issue the report by the June 30th deadline.

Chairperson Grebner stated that he suspected there were a few municipalities that have missed the June 30th deadline before.

Mr. St. Andrew stated that it had happened before and if the State did withhold revenue sharing, they just would give it to the County when they did file.

Commissioner Crenshaw asked if the June 30th deadline was missed, when the date was that the County would want to file by.

Mr. St. Andrew stated that the worst case scenario was that the County could ask the State for an extension, which was usually 30 days and they could try to get it in by then.

Chairperson Grebner stated that in the past Plante & Moran had charged an additional five figure fee for reworking the County’s own data and asked if they were looking at anything remotely like that this year.

Mr. Brickey stated that if the County gave them something they would audit it, but they were not going to do work and fix things beyond that. He further stated that the contract with the County was to audit, so they avoided doing accounting service.

Chairperson Grebner asked if they had a tally sheet of extra charges yet that they would end up billing the County in the end.

Mr. Brickey stated he felt like Platne & Moran had assisted a lot, but that their intent was not to end up with that off-to-the-side billing.

Mr. Brickey and Mr. St. Andrew concluded the presentation.

Chairperson Grebner thanked them for coming.

5. **Animal Control** – Resolution to Accept Bissell Pet Foundation Empty the Shelters
Free Adoption Grants on an Ongoing Basis

MOVED BY COMM. CRENSHAW, SUPPORTED BY COMM. MAIVILLE, TO APPROVE THE RESOLUTION.

Chairperson Grebner stated that it was a great idea for a Department that received routine donations to have a standing resolution so they can accept money going forward without having to bring a resolution before the Board every year.

THE MOTION CARRIED UNANIMOUSLY. Absent: Commissioners Morgan and Tennis

9. Parks Department
   b. Resolution to Authorize an Amendment to the City of Lansing and the Village of Stockbridge Trails and Parks Millage Agreements

MOVED BY COMM. CRENSHAW, SUPPORTED BY COMM. MAIVILLE, TO APPROVE THE RESOLUTION.

Commissioner Schafer stated that he was concerned about long term infrastructure and what plans were in place. He further stated that many people might not know that one of the reasons this millage existed was because the Lansing River Trail was so severely neglected that Mayor Virg Bernero worked hard on the Board of Commissioners to get a millage to pass.

Commissioner Schafer asked what the setback requirements were for trails.

Chairperson Grebner stated that he thought it might be a local issue governed by zoning.

Melissa Buzzard, Trails and Parks Millage Program Coordinator, stated that she had emailed her State co-workers who worked more closely with zoning and was waiting to hear back. She further stated she would forward that information as soon as she could.

Commissioner Schafer asked if the County had any liability for the trails since they helped fund them.

Chairperson Grebner stated that the Committee could ask the attorney for the details but there was very limited liability in Michigan for injuries on roadways or trails.

Chairperson Grebner directed staff to ask the County Attorney for a description of the liability. He further stated that where the trail was the property of the township or city and the County was merely providing money, he was sure the County didn’t have any liability.

Ms. Buzzard said she would review the contract and if it was not in there, she would ask the attorney.
Commissioner Schafer asked if eminent domain has been used.

Tim Morgan, Parks Director, stated that he did not believe eminent domain had been used.

Ms. Buzzard stated that the communities had worked to get right of ways or easements, but she had not heard of any use of eminent domain.

Chairperson Grebner stated that, in most cases, municipalities would deal with that issue.

Commissioner Schafer stated that he wondered if there was opposition.

Commissioner Maiville stated that Delhi Township had been talking about possibly using eminent domain for something completely separate from this that was not funded by the County.

Chairperson Grebner stated that it was possible that it could happen and that staff could look that up.

Commissioner Schafer stated that his major concern was 10 years down the line, if anyone was working to plan set money aside for maintenance. He further stated concern that then there would be a millage for the County to start maintaining something that was supposed to be maintained by the local unit.

Ms. Buzzard stated that the application to receive funding, through the grant process, required local units to outline their maintenance plan. She further stated that she did not know if the actual contract outlined that, but she could check.

Commissioner Schafer stated that he did not want the County to be a bailout in the future.

Ms. Buzzard said she would ask the attorney to clarify.

Commissioner Schafer asked if a trail could ever be abandoned by a local unit.

Chairperson Grebner stated that he did not think there would be anything to stop that.

Tim Morgan, Parks Director stated that it would be up to each individual community to pursue or not pursue something like that and then up to the County to decide if they wanted to take it over.

Chairperson Grebner stated he could see that potentially happening if a new section was built that rendered an existing section obsolete.

Commissioner Schafer stated that when the soil was evaluated, he noticed the engineering estimates were all over the chart and asked how thorough of an engineering study was really done.
Ms. Buzzard stated that since she had been involved in the Trails and Parks Millage projects, many communities did feasibility studies, but that was up to each individual community and she was not heavily involved in that part of the process.

Commissioner Schafer asked if it really was the best route or was just desired to be the best route.

Discussion.

Chairperson Grebner stated that the question should have a clear answer. He further stated that, as he mentioned at the May 6, 2019 Human Services Committee meeting, it seemed the accuracy of the pre-bid estimate compared to the bids received was far off.

Chairperson Grebner stated that we were doing a bad job of guessing. He further stated that part of the problem could be that the municipalities carrying out the projects did not have a lot of experience doing trail projects yet.

Commissioner Crenshaw stated that he wanted to refute Commissioner Schafer’s comment that this was the Lansing River Trail. He further stated that former Mayor Bernero never contacted him about this.

Commissioner Crenshaw stated that this is a County-wide trails and park millage that passed overwhelmingly across the County, which demonstrated interest in the project for every municipality. He further stated that this was not a Lansing River Trail millage, and he took offense at that.

Commissioner Maiville stated that, going back to the infrastructure discussion, right after the millage passed he county had done an inventory and engineering study. He asked if that study had been updated or if not, when it should be revisited.

Ms. Buzzard stated that if the millage was renewed, it should be reviewed then.

Mr. Morgan pointed out that Ms. Buzzard had been certified for PACER rating.

Mr. Morgan stated that Commissioner Maiville’s point was valid the inventory and engineering study should be revisited.

Commissioner Maiville stated that perhaps Ms. Buzzard could do that.

Commissioner Schafer stated that he would like to clarify that this was not a Lansing River Trail millage, but what he was trying to convey was that this millage started, because former Mayor Bernero asked the County Board to do it, because the Lansing River Trail was in such bad shape.
Commissioner Schafer stated that his big point was that he wanted to see this maintained. He further stated that he was not opposed to the trails, and would vote for it, but that he wanted people talking about infrastructure and maintenance.

Chairperson Grebner stated that in general, the County should have oversight since there was a promise of a County system of trails. He further stated that he hoped that someone was familiar with every single foot of the trail no matter what segment.

Chairperson Grebner stated that the County should make sure the maintenance is occurring. He further stated that he did not mean the County should pay for it, just that they needed to play a role in ensuring it happened.

Chairperson Grebner stated that there should be a database of all the details, everything they could think of, to keep track of all the segments and that they should track usage numbers as well. He further stated that with four million dollars a year, they should be able to maintain a database.

Discussion.

Chairperson Grebner stated that people loved the trail system even though it was not even finished yet. He further stated that people had already begun to think of the trail system as a resource in our region which shows that it was paying off.

Commissioner Schafer stated that he liked trails, he just wanted to stress the importance of maintaining the trails long-term.

RESOLUTION ACTION ITEMS:

The Controller’s Office recommends approval of the following resolutions:

1. **Treasurer’s Office** – Resolution Making Limited Tax Pledge for Ingham County Land Bank Fast Track Authority Series 2019 Note

The Ingham County Land Bank is in need of funds to pay the cost of acquiring, developing, improving, using, assembling, and disposing of tax-foreclosed and other distressed property, including necessary administrative and operational costs. On April 25, 2019, the Board of Directors of the Authority adopted a resolution to authorize the issuance of its Series 2019 Note in the aggregate principal amount not to exceed $5 million to pay Project Costs

The draft resolution offered by the County Treasurer would pledge the full faith and credit of Ingham County to support the Note. In the event and to the extent that the net revenues of the Authority are not sufficient to pay the principal of and interest on the Notes, such principal and interest are payable as a first budget obligation of the County from its general funds.

2. **Public Defenders Office** – Resolution to Authorize a Subscription for Westlaw Legal Research Program

This resolution will authorize the acquisition of 27 attorney licenses for Westlaw legal research at the present annualized cost of $21,923.28 for a three year term. The Office of the Public Defender has selected Westlaw, a division of Thomson Reuters, as its preferred legal research engine. This is the same research engine used by Ingham County agencies. Funding for this expense is included in the 2018-2019 Michigan Indigent Defense Commission grant budget.

See memo for details.

3. **9-1-1 Central Dispatch Center** – Resolution to Authorize Administrative Finding that Peninsula Fiber Network LLC Shall be the Primary 9-1-1 Service Supplier

The 9-1-1 Center is working to transition from the current analog copper 9-1-1 network to an Internet Protocol (IP)-based Next Generation 9-1-1 (NG911) infrastructure. This technology will give advancements in call routing and call location that will decrease response time. Peninsula Fiber Network (PFN) is the only provider of NG911 in Michigan. Oakland County has a contract with PFN, and the majority of counties receiving NG911 service have done so by adopting the Oakland County contract.

This resolution will authorize an Administrative Finding that Peninsula Fiber Network, LLC and/or its affiliate PFN NextGen 9-1-1 Services LLC, shall be the primary 9-1-1 service supplier for Ingham County, employing a common network that enables all other service suppliers within the 9-1-1 Plan’s Service District to be selectively routed and otherwise access the 9-1-1 system and the primary PSAPs identified in the Plan. Peninsula Fiber Network, LLC and/or its affiliate PFN NextGen 9-1-1 Services LLC will be authorized and
directed to work with the 9-1-1 Plan’s service suppliers, the Michigan Public Service Commission, State 9-1-1 Committee and State 9-1-1 Director, and any other state, federal, or local authority in order to implement the provisions of this Administrative Finding, including but not limited to the identification for a specific date and time for the switchover to the Peninsula Fiber Network’s or its affiliate’s common network. Ingham County will receive 9-1-1 service from Peninsula Fiber Network LLC subject to the terms and conditions set forth in Oakland County contract number 004702.

The State of Michigan legislature agreed that NG911 is a necessary improvement to our current infrastructure to provide a critical service to its residents and funding needed to be secured. State legislation provides the mechanisms for this funding. Changes in the distribution of the State 9-1-1 fees will reflect this increased revenue and costs for NG911 implementation.

See memos for detail.

4. Community Agencies - Resolution Approving Criteria for Evaluating 2020 Applications for Community Agency Funding

This resolution establishes the criteria by which each agency’s application will be evaluated for the 2020 Community Agency funding process. However, recently encountered software compatibility issues resulted in cancellation of the back-up protocol causing a need for replacement software and associated computer system through Radtech X-ray. The Zoo Director recommends approval of a resolution to authorize a purchase order to Radtech X-ray in an amount not to exceed $4,900. The purchase would include a three-year warranty on hardware and one-year of software support services.
7b. **Potter Park Zoo** – Resolution to Authorize an Agreement with the City of Lansing for the Storm Water Quality Study at Potter Park Zoo

A 2012 report issued by the Michigan Department of Environmental Quality (DEQ) specified storm-water runoff from Potter Park Zoo as a source of *E. coli* found in the Red Cedar River, while citing animal waste from waterfowl and zoo animals as the specific source of the contaminants. The City of Lansing Public Service Department has secured 50% of the $120,000 necessary for a study to assess pathogen sources at the Zoo and to recommend alternatives for mitigating these pathogens in storm-water runoff. The remaining cost under the City proposal would be split evenly between the City and Potter Park Zoo. RE: RESOLUTION TO AUTHORIZE A SUBSCRIPTION FOR WESTLAW LEGAL RESEARCH PROGRAM

For the meeting agendas of May 16, May 22 and May 28

BACKGROUND
The Board of Commissioners approved Resolution #17-445 to create the Ingham County Office of the Public Defender. The State of Michigan approved the proposal to fund the office for the fiscal year 2018-2019. Most attorneys rely on a handful of legal research providers to find case law that supports positions they take in court. One legal research provider is Westlaw, a division of Thomson Reuters. Both the Ingham County Prosecutor’s Office and the 30th Circuit Court have subscriptions with Westlaw for these services. The Office of the Public Defender needs this subscription to be able to provide quality legal services to its clients.

FINANCIAL IMPACT
The grant budget for 2018-2019 includes $25,000 for subscription to an on-line legal research system. Thomson Reuters has made a proposal for 27 attorney licenses. The proposal had three alternatives and the request is for the middle of the proposals. The increase from the basic proposal has additional tools to verify that cases cited by the attorneys still reflect the current state of the law. Thomson Reuters offers reduced prices for multi-year agreements and the prices reflected are for a three year agreement. According to the sales representative, both the Prosecutor’s Office and the Circuit Court are also under three year agreements. The price, based on 27 licenses, is $1,826.94 per month. During years two and three it cannot be increased more than 5% per year. The annualized cost initially is $21,923.28 which is fully covered within the budget for this year and the budget that has been proposed to MIDC for next year.

STRATEGIC PLANNING IMPACT

FROM: Barb Davidson, 911 Staff Services Manager/Interim Director
DATE: May 6, 2019
SUBJECT: Proposed administrative finding to allow Peninsula Fiber Network to be the primary 9-1-1 service supplier.
For the meeting agendas of May 16 and 22, 2019

BACKGROUND
Advances in telecommunications technology and mobility have put the nation’s 9-1-1 system at a crossroads. The growing market penetration of both wireless telephones and Voice over Internet Protocol (VoIP) underscore the limitations of the current 9-1-1 infrastructure. Next Generation 9-1-1 is an IP network that is more reliable, redundant, resilient, and has the capacity and capability to send more data with the voice call to the appropriate 9-1-1 Center. In our goal to make the transition from our current analog copper 9-1-1 network to an Internet Protocol (IP)-based Next Generation 9-1-1 (NG911) infrastructure, Ingham County 9-1-1 engaged Peninsula Fiber Network. This technology will give advancements in call routing and call location which will decrease responder response time.

The State of Michigan legislature agreed that the need for NG911 is a necessary improvement to our current infrastructure to provide a critical service to its residents and funding needed to be secured. Senate Bill 400 became Public Act 51 of 2018. This legislation provides the mechanisms to provide the funding for NG911. Changes in the distribution of the State 9-1-1 fees will reflect this increased revenue and costs for NG911 and creates a “spillover” provision requiring any revenue in excess of $37 million to be directed to NG911. Also, as the legislation is being implemented, the Michigan Public Service Commission has opened Case No. U-20146 to address the requirement to issue a final order adopting the recurring and nonrecurring costs categories for all IP-based 9-1-1 service providers.

ALTERNATIVES
Peninsula Fiber Network is the only current vendor providing this service in Michigan. Attached to this packet is a map reflecting the most current IP-911 deployments in Michigan.

FINANCIAL IMPACT
PFN will report the costs of these services to each appropriate recovery mechanism permissible by Michigan Public Act 32 of 1986 as amended before it makes any attempt to recover any portion of these costs from Ingham County. Because of this, it is anticipated that there will be little or no financial impact.

OTHER CONSIDERATIONS
Being able to piggyback off of the Oakland County contract should expedite this process. Our legal department has reviewed and approved going forward in this fashion. Please also see the attached letter from Cohl, Stoker, and Toskey, P.C.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached resolution to support the administrative finding which will allow Peninsula Fiber Network to our 9-1-1 service supplier.

Re: PFN NG 911 Agreement

Dear Ms. Davidson:

Thank you for coordinating the conference call with Thom Sumbler of Peninsula Fiber Network (PFN) regarding the procedure for Ingham County to receive 911 service from PFN. In order to receive 911 service from PFN and to maintain State funding for said service, the County may either adopt the Oakland County contract with PFN or proceed with the standard RFP process. As PFN is the only provider of Next Generation 911 in the State, PFN would be the only vendor to respond to the RFP. Adoption of the Oakland County contract can be done by resolution of the Ingham County Board of Commissioners.

Oakland County went through a formal RFP process and has a comprehensive contract with PFN. The majority of the counties receiving 911 service from PFN have done so by “piggybacking” on the Oakland County contract. I have reviewed the Oakland County contract and do not see any areas of concern for Ingham County.

If you have any questions with regard to the attached Agreement, do not hesitate to contact me.

Very Truly Yours,

COHL, STOKER & TOSKEY, P.C.

Sarah K. Osburn

SUBJECT:  Resolution Approving Criteria for Evaluating 2020 Community Agency Funding Applications

For the meeting agendas of May 20 and May 22

BACKGROUND
This resolution establishes the criteria by which each agency’s application will be evaluated for the 2020 Community Agency funding process.

If the resolution is approved as presented, the Controller/Administrator’s Office will accept applications for Community Agency funding in July. Applications will then be evaluated by the Controller/Administrator’s Office with priority given to proposals that directly contribute to addressing the County’s overarching long-term objective of “Meeting Basic Needs”, such as food, clothing, and shelter.

The recommendations made by the Controller/Administrator’s Office on funding levels for each applicant agency will then be presented to the Board of Commissioners for consideration and approval in November.

ALTERNATIVES
One alternative would be to have no criteria, and accept applications for a variety of different types of initiatives. Another alternative is for the Board of Commissioners to go back to the old way of awarding funding, which was to have agencies come to the Human Services Committee and make presentations on Community Agency night.

FINANCIAL IMPACT
This resolution has no direct financial impact.

STRATEGIC PLANNING IMPACT
This resolution support the overarching long term objective of assisting in meeting basic needs.

OTHER CONSIDERATIONS
The community agency process has grown to over 30 applications requesting funding, with total requests of approximately $310,000 annually.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached resolution approving criteria for evaluating 2020 community agency funding applications.
WHEREAS, since 1978, the Ingham County Board of Commissioners has provided financial support to various non-profit community organizations that provide a broad range of services for the purpose of advancing the County’s adopted long-range objectives; and

WHEREAS, over the years the community agency process has grown to over 30 applications requesting funding, with total requests of approximately $310,000 annually; and

WHEREAS, the Ingham County Board of Commissioners desires to make the process of awarding community agency funding efficient and effective; and

WHEREAS, the Ingham County Board of Commissioners desires to continue the Community Agency application process, focusing on the long term goal of assisting Ingham County residents in meeting basic needs.

THEREFORE BE IT RESOLVED, the Ingham County Board of Commissioners authorizes the 2020 community agency funding process, with priority given to those proposals that directly contribute to addressing the County’s overarching long-term objective of “Meeting Basic Needs”, such as food, clothing, and shelter.

BE IT FURTHER RESOLVED, the Controller/Administrator is authorized to evaluate and determine funding levels for each applicant as a recommendation for approval by the Human Services Committee.

BE IT FURTHER RESOLVED, no agency shall receive more than 10% of the total available funding for community agencies in FY 2020.

BE IT FURTHER RESOLVED, the Board of Commissioners wishes for applicants to understand that solicitation of proposals is not a commitment to fund those proposals in fiscal year 2020.

BACKGROUND
Ingham County Health Department (ICHD) wishes to enter into an agreement with Roger L. Donaldson, AIA P.L.C to provide architectural and engineering services for New Hope Community Health Center (CHC), for an amount not to exceed $9,800.00, to be effective May 1, 2019 through October 31, 2019. Through Resolution #18-446 Ingham County Health Department's (ICHD) Community Health Centers (CHC) accepted a Substance Use Disorder funding award through the U.S. Department of Health and Human Resources Health Resources and Services Administration (HRSA). This award included the funds to renovate newly annexed space at New Hope Community Health Center (authorized through Resolution # 19-050), located at 430 N. Larch, to accommodate expanded Substance Use Disorder treatment, including Medication Assisted Treatment. A request for three bids from Architectural/Engineering firms under $10,000 was answered for the scope of work by Studio Intrigue Architects, Hobbs + Black Architecture, and Roger L. Donaldson AIA P.L.C. Of the three bids received, Roger L. Donaldson, AIA P.L.C. was able to provide the lowest price bid in accordance with a funded plan designed to be completed within the necessary timeframe to meet grant deadlines.

ALTERNATIVES

FINANCIAL IMPACT
Roger L. Donaldson AIA P.L.C. provided the second lowest bid, at $9,800.00, for the required scope of architectural and engineering services. Hobbs + Black architecture provided a lower cost bid ($7,120), but could not start project work within the timeframe necessary to provide engineer documents to the Funder (HRSA) by the next grant reporting deadline. All costs associated with this scope of work are covered through the HRSA Substance Use Disorder funding award accepted through resolution #18-446.

STRATEGIC PLAN
This resolution supports the overarching long-term objective of promoting accessible healthcare, specifically section A.1(e) of the Action Plan – Expand access to healthcare for county residents, with an emphasis on the uninsured and underinsured

FROM: Cynthia Wagner, Potter Park Zoo Director
DATE: May 7, 2019
SUBJECT: Purchase from Radtech X-ray
For the meeting agendas of May 21 and May 22, 2019

BACKGROUND
Potter Park Zoo is an accredited member of the Association of Zoos and Aquariums and as such must meet or exceed the standards established by the association. Standard 2.0.4. requires “Complete medical records must be maintained on all animals in the collection that have received veterinary attention. [See 1.4.7 for animal records.]” Standard 1.4.7 states “Animal records must be kept current.” which includes a record retention policy for all animal records.

The radiographs (x-rays) are part of the animal’s medical record. In the 2012 AZA inspector’s report the loss of the x-rays (considered part of the animal’s medical records) due to a computer issue, was listed as a major concern. Consequently to address this issue, radiographs began to be backed up on the County network once a month. It is critical to continue the back up of radiographs on the County network to maintain compliance with these AZA standards.

The CR digital radiograph processor and associated computer system used by the zoo, which develops and saves the radiographs (x-rays), gets regular software updates to keep the systems functioning properly. Recently, the County malware program started to flag these updates as viruses. Due to this issue, the CR digital system was removed from the County network stopping updates and backups from occurring. To get the CR digital radiograph processor and associated computer system back on the network, we need to replace the current software and associated computer system through Radtech X-ray.

ALTERNATIVES
A short term alternative is to have Radtech X-ray reload the software for $600.00 on the current computer so it can be placed back on the County network. However, the hardware is 7 years old and runs Windows 7 which Microsoft will no longer support as of January 14, 2020. At this time radiographs would once again not be backed up on the County network and updates would not occur. A second alternative is to purchase a new digital x-ray system. A quote from Radtech X-ray shows a new digital system would cost $26,900.00 which is not in the Zoo Budget at this time.

FINANCIAL IMPACT
The cost of the machine and software, including a 3 year warranty on the hardware and 1 year software support services, is $4,900.00. The Zoo budget line item 25869200 802102 31000 has the funds available for this purchase.

STRATEGIC PLANNING IMPACT
This resolution supports the overarching long term objective, specifically section, A.1 (f) (Maintain and improve existing parkland facilities and features).
OTHER CONSIDERATIONS
Radtech X-ray (https://radtechxray.com/) has taken over for Grand X-ray (the company that originally sold the zoo the CR digital radiography equipment), which has now gone out of business. No other veterinary radiology companies in the Midwest sell this product.

Radtech X-ray has confirmed the hardware cannot be purchased from any other company and as such this would be a sole source purchase. The County IT department has confirmed once the new hardware is in place the system can be placed on the County network and x-rays will be backed up monthly and updates will be possible.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached resolution to authorize a purchase order to Radtech X-ray in an amount not to exceed $4,900.00.

SUBJECT: Agreement with City of Lansing for Storm Water Quality Study
For the meeting agendas of May 21 and May 22, 2019

BACKGROUND
In 2012, the Michigan Department of Environmental Quality (DEQ) issued the Total Maximum Daily Load for *E. coli* in portions of the Red Cedar River and Grand River Watersheds because these water bodies are federally-listed as not meeting Water Quality Standards; specifically due to excessive, in-stream levels of the pathogen, *Escherichia Coli* (*E. coli*). In the Source Assessment of the TMDL, the document specifies stormwater runoff from the Potter Park Zoo as a source of *E. coli* to the Red Cedar River, while citing animal waste from waterfowl and zoo animals as the specific source of the contaminants.

The DEQ, Water Quality Division, is requiring correction of the adverse site conditions from both the City of Lansing and the Ingham County Drain Commissioner’s Office through their respective National Pollutant Discharge Elimination System (NPDES) Permits that authorize storm water discharges from their Municipal Separate Storm Sewer Systems (MS4s).

The City’s Public Service Department has secured 50% of the funding through a federal grant program, the Planning Assistance to States (PAS) Program, for conducting a study to assess pathogen sources at the site and recommend alternatives for mitigating these pathogens in the storm water runoff from the site.

ALTERNATIVES
There are no alternatives recommended at this time.

FINANCIAL IMPACT
The total cost of the study is $120,000 of which $60,000 will be paid by the PAS program and $30,000 paid by the City of Lansing. The County or Zoo portion of the cost is $30,000 and would be paid using monies from the Zoo Fund Balance. There are $730,216 of spendable funds in the Zoo Fund Balance.

STRATEGIC PLANNING IMPACT
This resolution supports the overarching long-term objective of Maintaining and improving existing parkland, facilities, and features, specifically section A.1 (f) of the Ingham County Action Plan.

OTHER CONSIDERATIONS
The study will review existing conditions and future modifications, including the expectation for adding new animal exhibits and/or modifying existing exhibits. In addition, the study will consider the scope in conjunction with a review of the recommendations from the 2008 Potter Park Sewer System Evaluation Study (SSES) Report prepared by Malcom Pirnie, Inc.

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached Resolution to enter into an agreement with the City of Lansing for the Storm Water Quality Study at Potter Park Zoo.

Re: Proposed Resolution to Approve a Contract with M&M Pavement Marking, Inc. for Bid Packet #81-19, 2019 Countywide Waterborne Pavement Marking & Cold Plastic Common Text & Symbol Pavement Marking Program

This memo contains a recommendation for the Board of Commissioners to accept the unit price bid results for the Road Department’s annual Countywide Waterborne Pavement Marking & Cold Plastic Common Text & Symbol Pavement Marking Program and award a contract for the work.

The Ingham County Purchasing Department solicits unit prices annually for a vast array of contractor applied pavement markings. We use the bid unit prices and an estimated quantity of pavement markings to determine and recommend a contractor. Once under contract, the contractor applies waterborne pavement marking paint to refresh the yellow and white longitudinal lines that define road laneage and white rolled plastic material, such as arrows, stop bars and school symbols to further direct motorists. When finished, the contractor is paid for the quantity of work actually performed using the unit prices contained in their bid.

The Purchasing Department advertised and received three bids for each of the pavement marking work items: Item No. 1 – Waterborne Pavement Markings and Item No. 2 - Cold Plastic Common Text & Symbols. The bid results for both items of work are as follows:

This year’s recommended contractor for Waterborne Pavement Markings and Cold Plastic Common Text & Symbols is M&M Pavement Markings, Inc., Grand Blanc, Michigan. They were the low bidder and submitted unit prices that, when applied to the estimated quantities, totaled $416,267.00.

SUBJECT: Resolution Approving Amendments to the 2019 Managerial and Confidential Employee Personnel Manual

BACKGROUND
On May 3, 2019, the Steering Committee for the Managerial and Confidential Employee Personnel Manual met and discussed the following proposed amendments to the manual:

1) The creation of a Public Defenders Office by Ingham County included creation and hire of Assistant Public Defenders into the Managerial and Confidential Employee Personnel Group. One of the functions required of Assistant Public Defenders is staffing the First Appearance of Counsel program which operates year-round on a 24/7 basis. This will require Assistant Public Defenders to be on-call and performing work every weekend day and holiday. It is proposed that Assistant Public Defenders be compensated for this service at the rate of $214 per day assigned on-call to the First Appearance of Counsel program on weekends and holidays.

2) A number of Managerial and Confidential Employee Personnel Group employees have reached the maximum accrual cap for vacation leave accrual and have expressed difficulty in utilizing vacation leave already accrued, resulting in their inability to accrue additional vacation leave. To address this, it is proposed that the maximum accrual cap be increased from three hundred eighty (380) hours to four hundred and fifty (450) hours for use by and employee, while retaining the maximum accrual cap of three hundred eighty (380) hours for payout calculation at termination of service.

The proposed changes are reflected in the document attached to the Resolution

ALTERNATIVES
The Board of Commissioners may approve or reject the proposed changes in whole or in part.

FINANCIAL IMPACT
1) The financial impact will at a minimum be $214 per weekend day and holiday for the services of one (1) Assistant Public Defender. If additional Assistant Public Defenders are required due to the volume of service required, additional costs will be incurred.

2) No direct financial impact.

OTHER CONSIDERATIONS
1) Assistant Prosecuting Attorneys are compensated for on-call service at the same rate of $214 per day.

2) The vacation accrual cap was recently increased for a bargaining unit whose members had reached the maximum cap and expressed difficulty in utilizing vacation leave already accrued.

RECOMMENDATION
On behalf of the Managerial and Confidential Employee Steering Committee, I respectfully recommend approval of the attached resolution approving modifications to the 2019 Managerial and Confidential Employee Personnel Manual.
RESOLUTION TO APPROVE AMENDMENTS TO THE 2019 MANAGERIAL AND CONFIDENTIAL EMPLOYEE PERSONNEL MANUAL

WHEREAS, the Managerial and Confidential Employee Steering Committee met and discussed the 2019 Managerial and Confidential Employee Personnel Manual; and

THEREFORE BE IT RESOLVED, the Ingham Board of Commissioners approves the following recommended amendments, as proposed by the Managerial and Confidential Employee Steering Committee, to the current 2019 Managerial and Confidential Employee Personnel Manual:

1. Change in language under section M. Vacations: increase maximum vacation accrual cap to four hundred fifty (450) hours from three hundred eighty (380) hours for employee use and retain the maximum vacation accrual cap of three hundred eighty (380) hours for payout at termination of service.

2. (NEW) Appendix A. Other Specific Managerial Benefits. 5. Assistant Public Defenders. Provide for on-call pay of $214 per day for the First Appearance of Counsel program retroactive to the first day of the program in April 2019.

BE IT FURTHER RESOLVED, that the Managerial and Confidential Employee Personnel Manual as amended will be effective January 1, 2019 and shall expire on December 31, 2019.

2. Part-time employees who work less than full-time but at least half-time (twenty (20) hours per week) shall accrue vacation leave at one-half (½) the rate of full-time employees and three quarter time employees who work thirty (30) to thirty-nine (39) hours per week shall accrue vacation leave at 75% of the rate of full-time employees.

3. Proration.

   (a) Effective the first full pay period of April, 2010, the accrual rates in Subsection (1) of this Article are based upon a full-time employee being on the active payroll and compensated for all of the payroll period. Being on the active payroll and compensated means receiving wages, or on paid leave, such as paid sick leave, holidays, vacation, compensatory leave, county paid military leave, or paid union leave. An employee shall not be considered on the active payroll and being compensated when they are on unpaid leaves, workers compensation, disability leave, unpaid FMLA, or layoff. Accruals shall be prorated if a full time employee is on the active payroll and compensated less than eighty (80) hours in a payroll period. Accruals provided in Subsection 2, above, for three-quarter time employee shall be prorated if the three-quarter time employee is on the active payroll and compensated less than sixty (60) hours in a payroll period. Accruals provided in Subsection 2, above, for part-time employee shall be prorated if the part-time employee is on the active payroll and compensated less than forty (40) hours in a payroll. Proration under this section will be calculated based on the ratio of time compensated versus the applicable normal full payroll amount (80, 60, or 40 hours).

   (b) Unpaid time taken off pursuant Ingham County Board of Commissioners’ Resolution #09-081, or any resolution continuing such unpaid time off policy, and any unpaid furlough days that may hereinafter be approved by the Ingham County Board of Commissioner, will not affect accrual of any vacation or sick leave, and, rather, such leave will accrued as though the unpaid time off or furlough days had been worked.

4. Vacation leaves shall be scheduled by the department head in accordance with operating requirement, and, where possible, with the written request of the employee. The amount of vacation leave charged to an employee during an annual leave will be equal to the number of regularly scheduled hours that would otherwise have been worked during the period of absence on
such leave. A maximum of three hundred eighty (380) hours vacation leave may be accumulated for use by an employee. Payout to an employee at termination of service is limited to a maximum of three hundred eighty (380) hours.

5. Absence due to an employee's medically verified illness or disability in excess of previously accumulated sick leave hours may be charged against vacation credits at the employee's request.

6. An employee whose service is terminated voluntarily or involuntarily is entitled to receive a vacation payout for all accrued vacation hours, subject to the allowable maximum.

7. Each department head shall keep a record of vacation credit; employees shall have access to records of their vacation eligibility and vacation days used.

8. Positions reporting directly to the Board of Commissioners will notify the Board Office of his/her scheduled vacation leaves.

APPENDIX A

OTHER SPECIFIC MANAGERIAL BENEFITS

5. **Assistant Public Defenders.** An attorney from the Office of the Public Defender is required to be present for the First Appearance of Counsel program 365 days per year. While not considered overtime, the attorney assigned to be on-call to attend the First Appearance program shall receive additional compensation as follows:

| Saturday/Sunday/Holiday | $214.00/day |

This on-call pay shall be retroactive to the beginning of the First Appearance of Counsel program in April 2019. On-call pay shall be paid in the next regular pay period after the service is performed.
