1. **Sheriff’s Office** – *Resolution to Authorize an Interlocal Agreement with the City of Lansing for the 2019 Local JAG Grant*

   This resolution will authorize entering into the Interlocal agreement between Ingham County and the City of Lansing to accept the $116,680 allocated portion of the 2019 Local JAG grant for the time period of October 2019 through September 2022. The Lansing Police Department will allocate $11,226 from this grant to the Ingham County Sheriff’s Office to purchase three equipped patrol rifles and three lock boxes to be assigned to deputies at the Veterans Memorial Courthouse, up to three vehicle lock boxes in which to secure sensitive equipment, and one digital video camera to monitor youthful offenders inside the Ingham County Jail.

   See memo for details.

2. **Circuit Court** – *Resolution to Approve the Purchase of Additional Digital Storage from Avalon*

   This resolution will authorize the purchase of 100 Terabytes of digital storage space from Avalon for an amount not to exceed $16,265.41 through the existing Midwestern Higher Education Commission (MHEC) contract. The cost of the additional digital storage will be paid out of the 2019 contingency account, which has a current balance of $326,950.

   Prior to 2019, the proceedings of only one courtroom in the Veterans Memorial Courthouse were recorded by audiovisual means. These recordings, as with audio recordings in a few other courtrooms, are stored on a digital server. Audiovisual recordings take up much more space than audio recordings. In 2019, two additional courtrooms have converted to audiovisual recording, and digital storage space has been filled at a much quicker rate, resulting in the need for the requested additional digital storage space. Based on current usage, this additional storage space should last four to six years.

   See memo for details.

3. **Homeland Security & Emergency Management** – *Resolution to Accept Grant Funds from the State of Michigan Emergency Management Performance Grant (EMPG) for FY 2020*

   This resolution will authorize the acceptance of funds for the Michigan Emergency Management Performance Grant for the time period of October 1, 2019 through September 30, 2020. This grant reimburses Ingham County for a portion of salary and fringes for the Emergency Management Program Manager, based on performance and meeting goals set forth by the State of Michigan. This is a pass-through grant from the Federal Emergency Management Agency to the Michigan State Police. This year’s grant amount is $58,107, which covers around 36% of the Program Manager’s budgeted salary and fringes.

4b. **Community Corrections** – Resolution to Authorize Ending the Current Contract with Sentinel Offender Services and Enter into a New Contract with JSG Monitoring to Provide an Offender Pay and County Funded Electronic Monitoring Program Subject to a Final Contract Agreement

Four proposals were received and the three vendors that met all RFP requirements were invited to interview with the EMOC. Following the interviews, the EMOC met to rank the proposals, and County Purchasing advised that JSG Monitoring received the highest ranking.

The current contract with Sentinel Offender Services provides for an initial term of one year (January 1, 2018 through December 31, 2018), followed by two automatic renewal periods of one year each, with the entire term of the contract not to extend beyond December 31, 2020. This resolution will authorize providing the required written notice to Sentinel to end the contract on December 31, 2019, prior to automatic renewal for the third year of services.

RE:          2019 Local JAG Grant

This is a resolution requesting the Ingham County Sheriff’s Office be allowed to enter into an Interlocal Agreement with the City of Lansing for the 2019 Local JAG Grant.

The Ingham County Sheriff’s Office will receive a 2019 Local JAG grant of $11,226.00 to be used for the purchase of 3 equipped patrol rifles in addition to 3 lock boxes to be assigned to deputies at the Veterans Memorial Court House, up to 3 vehicle lock boxes in which to secure sensitive equipment, and 1 digital video camera to monitor youthful offenders inside the Ingham County Correctional Facility.
Agenda Item 1

Introduced by the Law & Courts and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO AUTHORIZE AN INTERLOCAL AGREEMENT WITH THE CITY OF LANSING FOR THE 2019 LOCAL JAG GRANT

WHEREAS, the City of Lansing Police Department and the Ingham County Sheriff’s Office were allocated $116,680.00 from the 2019 Local JAG grant from the Department of Justice; and

WHEREAS, the City of Lansing is the fiduciary of this grant; and

WHEREAS, the Ingham County Sheriff’s Office portion allocated from this grant is $11,226.00; and

WHEREAS, part of the application process to receive this funding from the 2019 Local JAG grant, the Ingham County Sheriff’s Office must enter into an Interlocal agreement with the City of Lansing allowing for disbursement of allocated funds to both government police agencies; and

WHEREAS, the portion allocated for the Ingham County Sheriff’s Office will be spent on the purchase of 3 equipped patrol rifles in addition to 3 lock boxes to be assigned to deputies at the Veterans Memorial Court House, up to 3 vehicle lock boxes in which to secure sensitive equipment, and 1 digital video camera to monitor youthful offenders inside the Ingham County Correctional Facility.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes entering into the Interlocal agreement between Ingham County and the City of Lansing to accept the $116,680.00 allocated portion of the 2019 Local JAG grant for the time period of October 2019 through September 2022.

BE IT FURTHER RESOLVED, that the Lansing Police Department will allocate from this grant $11,226.00 to the Ingham County Sheriff’s Office to purchase 3 equipped patrol rifles in addition to 3 lock boxes to be assigned to deputies at the Veterans Memorial Court House, up to 3 vehicle lock boxes in which to secure sensitive equipment, and 1 digital video camera to monitor youthful offenders inside the Ingham County Correctional Facility.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners directs the Controller/Administrator to make the necessary adjustments to the 2019-2022 Sheriff’s Office budgets consistent with this resolution.

BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners authorizes the Board Chairperson to sign any necessary contract documents that are consistent with this resolution and approved as to form by the County Attorney.

          Court Administrator, 30th Circuit Court  

DATE:     August 26, 2019  

RE:       Purchase of Digital Storage Space for Official Court Records  

As courts of record, the courts of the 30th Circuit Court must make an official record of all court proceedings. Such record can be made through stenography (by a certified court reporter), or by audio or audiovisual recording (by a certified court recorder). A transcript of a proceeding would be based either on a stenographer’s notes or on an audio or audiovisual recording.  

Prior to 2019, and for many years, the proceedings of just one courtroom in the Veterans Memorial Courthouse were recorded by audiovisual means. These recordings, as with audio recordings in a few other courtrooms, were (and are) stored on a digital server. Audiovisual recordings take up much more space than audio recordings.  

2019 has seen two additional courtrooms converted to audiovisual recording. With this change, digital storage space has been filled at a much quicker rate.  

Recently, the County Innovation & Technology Department (IT) informed our court that digital storage space for our court records is at a critically low level. IT recommends that 100 Terabytes of digital storage be purchased from Avalon for a price of $16,265.41 (installed) under our existing Midwestern Higher Education Commission (MHEC) contract. IT estimates that these 100 TB of storage would last, based on current usage, 4-6 years.  

We understand that there are sufficient funds in the 2019 contingency fund to pay for this additional storage.  

The first three years of maintenance (approximately $1,000 per year) would be provided at no additional charge by Avalon. This would be a cost from Year 4 onwards. When the time comes, I would expect that this maintenance cost could be built into the LOFT budget or IT’s budget.  

We are seeking authorization to have the 100 Terabytes of storage purchased from Avalon under our existing MHEC contract.
With the Court’s increasing need to store digital information including video data out pacing the available storage on the County’s Storage Area Network (SAN), we are happy to voice our support for the Circuit Court’s resolution requesting approval to purchase a large capacity storage appliance.  

Ingham County’s SAN is comprised of enterprise class, highly redundant, high performance storage. This type of storage is geared towards application servers, databases, and heavy workloads, not archival type data like that produced by the FTR application. The Court’s decision to pursue the Dell PowerEdge R740XD is wise and will leave them with a large capacity of slower storage at a very reasonable cost per gigabyte. The 100 terabytes of available storage proposed will provide several years of FTR storage at current rates and, when the time comes to expand, the addition of additional storage is reasonably priced.

As always, if you have any questions or need any assistance, please don’t hesitate to contact us.
Agenda Item 2

Introduced by Law & Courts and Finance Committees of the:

INGHAM COUNTY BOARD OF COMMISSIONERS

RESOLUTION TO APPROVE THE PURCHASE OF ADDITIONAL DIGITAL STORAGE
FROM AVALON

WHEREAS, within the last eight months the process of making the official record in two courtrooms at the
Veterans Memorial Courthouse has been converted to an audiovisual format; and

WHEREAS, recordings of audiovisual proceedings require significantly more digital storage space that audio
recordings of similar length; and

WHEREAS, the county is now facing a critical digital storage space shortage for storing the official record of
judicial proceedings in the Veterans Memorial Courthouse; and

WHEREAS, Avalon, a company from which the County has purchased storage space in the past, has provided
the County Innovation & Technology Department (IT) with a quote of $16,265.41 for 100 Terabytes of storage
(installed); and

WHEREAS, purchase of such storage can be made through our existing Midwestern Higher Education
Commission (MHEC) contract; and

WHEREAS, annual maintenance on this additional storage would be provided free of cost from Avalon for the
first three years, but would be an annual expense (approximately $1,000) from Year 4 onwards; and

WHEREAS, there are sufficient funds in the 2019 contingency account to purchase such storage for such a
price, and there should be sufficient funds provided in the LOFT account or IT’s budget to pay for annual
maintenance from Year 4 onwards.

THEREFORE BE IT RESOLVED, that the Board of Commissioners do hereby authorize the purchase of
digital storage space from Avalon for an amount not to exceed $16,265.41 through our existing MHEC contract.

BE IT FURTHER RESOLVED, that the total cost of the additional digital storage will be paid out of the 2019
contingency account.

BE IT FURTHER RESOLVED, that the costs of maintenance for such storage space from Year 4 onwards shall
be provided through the County’s LOFT account or IT’s budget.

BE IT FURTHER RESOLVED, that the Controller/Administrator is authorized to make any necessary budget
adjustments consistent with the resolution.

BE IT FURTHER RESOLVED, that the Chairperson of the Ingham County Board of Commissioners is
authorized to sign any contract documents consistent with this resolution and approved as to form by the

SUBJECT: Contract for Electronic Monitoring Services
For the September 12 Law and Courts agenda and September 18 Finance agenda

BACKGROUND
An RFP was distributed on February 4, 2019 for electronic monitoring (EM) services by the Electronic Monitoring Oversight Committee (EMOC) representing, Circuit Court; Circuit Court Pretrial Services; Sheriff’s Office, Prosecutor’s Office; 55th District Court; Friend of the Court and Community Corrections in conjunction with the County Purchasing Department.

The EMOC met on June 4, 2019 to review the four proposals received. The three vendors that met all RFP requirements were invited to interview with the EMOC. Following the interviews, the EMOC met to rank the proposals using an evaluation grid provided by the County Purchasing Department. County Purchasing then advised that JSG Monitoring received the highest ranking.

The current contract with Sentinel Offender Services provides for an initial term of one (1) year (January 1, 2018 through December 31, 2018), followed by two automatic renewal periods of one year each, with the entire term of the contract not to extend beyond December 31, 2020. This Resolution authorizes providing the required written notice to Sentinel to end the contract on December 31, 2019, prior to automatic renewal for the third year of services.

This Resolution also authorizes entering a new contract with JSG Monitoring for an initial three (3) year performance period of December 1, 2019 through December 1, 2022 followed by two, one (1) year automatic renewal periods not to extend beyond December 1, 2024. The contract will set forth the terms and fee schedules to be used if and when a client is referred.

ALTERNATIVES
Absent a contract, indigent offenders will not be able to afford EM services. In addition, EM costs and cost increases for both client pay and indigent users would be subject to vendor discretion.

FINANCIAL IMPACT
Payment for EM services under this contract will either be made directly to the vendor by the client (client pay users) or billed to the County (eligible indigent users). $50,000 was authorized in the FY 2019-2020 Community Corrections budget for eligible indigent offender services.

OTHER CONSIDERATIONS
Electronic monitoring allows appropriate offenders to be monitored in the community, saving jail resources.

JSG MONITORING
SCOPE OF SERVICES

The agreement awarded through this RFP will not be exclusive. County agencies will be encouraged to utilize services through the agreement; daily rates and the quality of services provided will also encourage utilization of services under the agreement.

The awarded proposer (Contractor) shall:

Accept referrals from multiple referral sources (e.g., Circuit and District Courts, Pretrial Services, FOC, and Ingham County Sheriff’s Office) from within Ingham County.

Staff must be available as required during and outside of the regular office hours of 8:30 am to 5 pm Monday through Friday.

Use a community-based program approach that will include client orientation and enrollment, installation, removal and maintenance of monitoring equipment, input of monitoring specifications, equipment activation within 24 hours after referral/same day when possible, fee assessment and collection (including County enrollment fee), staff availability for weekend and emergency program enrollment and equipment installation, staff availability for Court testimony upon request, problem resolution, and equipment updates.

Understand and comply with all County policies related to electronic monitoring.

Pursuant to County Indigent Funding policies, make determinations of eligibility for County Indigent Funding eligibility by collecting documents and information required and maintain all documentation in standardized client files.

Ingham County Jail personnel will review the daily jail population list to identify potentially eligible inmates for early release. Based on the list of eligible inmates provided, the Contractor will be required to go to each Post within the County Jail multiple days each week in order to screen potential participants for the program. The Contractor will be required to submit to a criminal history check and fingerprinting and take Michigan State Policy Security Awareness Training so they can perform duties as described in this RFP.

Verification of activities for each participant while away from their residence, violation reports to department staff, daily review of participant activity and compliance with program rules and curfew schedules.

Effectively collect, monitor, track, and document individual program participation data, financial information, and be capable of providing aggregate data and successful completion rates for all services. Information must be provided to the County in the format and frequency requested by the County.
Serve as a collaborative partner by developing and maintaining strong working relationships with referral sources and other County personnel and by serving as an active, participating member of the EM Oversight Committee, including attending regular meetings to ensure successful implementation, successful ongoing operations and problem resolution.

Assess and collect an enrollment fee for each participant, on behalf of the County. The enrollment fee is currently $45 and applies to self-pay participants. The enrollment fee does not apply to Friend of the Court, indigent, and grant reimbursed clients. Enrollment funds must be provided to the County by the 15th of the month following the month in which they were collected.

Provide a full range of reliable, user-friendly, tamper-proof equipment to include home monitoring, active and passive GPS (that allows direct contact between the supervising program and the offender), Breath and Transdermal Alcohol monitoring. NOTE: The County is always interested in receiving information about new and/or alternative technology, along with information regarding advantages and disadvantages.

Provide secure and reliable monitoring services to ensure continuous electronic monitoring 24 hours a day/7 days a week/365 days a year with secure web-based internet access to client referral sources.

Provide non-compliance alerts and notifications to referral source personnel as required and specified by the referring agency.

In order to avoid self-paying clients getting way behind on paying for services, notify the Court through the assigned Probation Agent/Officer as soon as an outstanding balance of $300 has been reached so that a show cause hearing can be scheduled.

      i. Quality Performance shall be based on individual provider performance on Clinical Quality Improvement (CQI) goals, as reported through the corresponding ICHC CQI Scorecard, accessed via Azara DRVS, or SQL Report, accessed on the SQL Report Server.
         1. The respective scorecard pertaining the applicable quality metrics applied per the location and/or program the individual provider is placed shall be applied.
            a. Women’s Health providers: ICHC CQI Scorecard – Women’s Health (Azara DRVS) (Attachment B)
            b. Primary Care Providers (general): ICHC CQI Scorecard (Azara DRVS) (Attachment C)
            c. Eastern/Sexton/Willow Primary Care Providers (School-based/School-linked): ICHC CAHC Grant Quality Report (SQL) (Attachment D)

      2. The CQI performance documented through the Scorecard/SQL Report aligns with performance accountability data as reported to various funders, contractors and payers by ICHC.

      3. The metrics contained in the CQI Scorecards/SQL Report reflect:
          a. CQI metrics priorities in the ICHC CQI Plan, which is updated annually (See CQI Policy and Plan).
          b. Accountability metrics reported through UDS, various payers (HEDIS), or other various program/funders.
          c. Grant Related Quality Performance Metrics.

      ii. Quality Performance (CQI Performance) is assessed based on the percentage of continuous quality improvement metrics in the respective score card/reports which are meeting or exceeding established goals.
          1. A CQI Scorecard/SQL Report for a single provider comprised of 12 performance metrics, and 7 are meeting or exceeding the stated goal: 7/12 = 58% CQI Performance

   iii. The Quality Performance Discount is the percentage of the total productivity incentive earned will be adjusted based on Quality Performance. The discount applied shall reduce the total productivity incentive payment correspondingly with CQI Performance.

I. Incentive Program Bonus Calculation Scoring protocol:

a. Quarterly Bonuses shall be calculated at the end of the month following the last month of each quarter, when all productivity reports and billable data are available.

b. Incentive Eligible Visits shall be the number of the total qualifying visits (TV) less the Quarterly finalized Number of expected visits (QFN).

IEV=TV-QFN

i. Quarterly Finalized Number (QFN) of expected visits is calculated by reducing the Expected Visits per Quarter (EV) by the Adjustment Visits per Quarter (AV).

QFN=EV-AV

1. Adjusted Visits Per Quarter (AV) are calculated by multiplying the number of County Closures/Holidays (CC) by the daily base visits (DB) expected for the impacted that would have otherwise occurred on regularly scheduled working days for the provider.

   AV=CC*DB

   a. CC that occur on days that a provider would not have been working or productive because of flexible scheduled hours (4/10 Shift) are not applied. However, CC that occur during sick leave, vacation, or other forms of leave during what would be regular working hours on non-county closure days are applied.

   c. The Total Productivity Incentive (TPI) is calculated by multiplying the Incentive Eligible Visits (IEV) by the Incentive per visit amount ($15.00).

   TPI=IEV*15.00

d. The Total Productivity Incentive (TPI) is then adjusted by the Quality Performance Discount (QPD), in accordance with the provider’s CQI Performance, in order to arrive the final Quarterly Bonus.

   TPI*(TPI*QPD) = Quarterly Bonus

e. Providers which are assigned to multiple sites, where they may be accountable to multiple productivity benchmarks or CQI Scorecards, shall have their individual performance calculated based on the prorated data in accordance with their FTE assignment to each location.

f. The Incentive Program only works to apply credit for when productivity benchmarks are met or exceeded. There is no financial penalty or reductions to wages for providers when negative values are calculated in accordance with this formula in the instances where quarterly productivity benchmarks are not met.

g. The CQI Metrics and Productivity Benchmarks shall be reviewed and adjusted in accordance with this policy on an annual basis.

For the meeting agendas of September 16 and September 18, 2019

BACKGROUND
Ingham County Health Department (ICHD) wishes to amend the Refugee Health Assessment Services agreement with Michigan Department of Health and Human Services (MDHHS) by extending the terms of the agreement and by increasing the maximum allowable funds by $253,200, effective October 1, 2015 through September 30, 2020. Resolution #15-354, #16-403, and #18-383 authorized ICHD entering into a Refugee Health Assessment Services agreement with the MDHHS effective October 1, 2015 through September 30, 2019. MDHHS wishes to increase the FY 19 contract by $6,100, to extend the agreement through September 30, 2020, and also wishes to increase the funding for 2020 by $247,100. All of the other terms of the agreement shall remain the same.

ALTERNATIVES
There are no alternatives.

FINANCIAL IMPACT
The amendment would increase the total allowable amount of the agreement from $1,006,400.00 to $1,259,600.00, for a total increase of $253,200.00. $247,100 goes toward FY20, and the remaining $6,100 will be applied to the FY19 Refugee Health Promotion.

BACKGROUND
Ingham County Health Department's (ICHD) Children's Special Health Care Services (CSHCS) wishes to accept $10,000 in grant funds from Southeastern Michigan Health Association (SEMHA) for supporting outreach efforts, facilitating parent input and feedback, and for family involvement with ICHD’s CSHCS policy and procedure process. SUBJECT: Deficit Elimination Plans

For the meeting agenda of 09/18/2019

BACKGROUND
Upon submission of the 2018 CAFR to the State of Michigan, two funds met the definition of a deficit requiring the formulation of a deficit reduction plan submission to the Michigan Department of Treasury. Both the Fair fund and Homeland Security Fund deficits are small, with the Homeland Security fund deficit primarily related to a timing issue. The Fair fund deficit, at $13,592, is due to the varied adjustments to the liability and current year expense calculations related to the implementation of GASB 75 preventing the correct amount of fund transfer from being made to eliminate the deficit.

ALTERNATIVES
An immediate transfer of the reportable deficit amount of $13,592 should be made to the Fair fund. In addition, the Fair Fund should complete a forecast of their current year performance (2019). If the ordinary course of business does not eliminate the deficit, then a commitment needs to be made by the County to support the Fair through a fund transfer in the amount of the forecasted deficit as calculated under the two –step regulation governing enterprise funds.

On the Homeland Security Grant fund, Ingham County is acting as the reporting agent on behalf of a number of counties in central and central –Lower Michigan. Due to turnover, invoices to these member counties were not prepared in time for the auditors to include them as receivables for the financial statements, while expense had to be recognized immediately as required under the grant. The grant is issued by FEMA to the Michigan State Police. The Michigan State Police is the disbursing agent for FEMA which includes Ingham County. Ingham County, acting as agent on behalf of the member counties reports on expenditures paid using grant funds.

Given that grant revenues must equal grant related expenses, a grant fund is normally self-regulating. Although the deficit has been identified to be the result of a timing difference, a small portion is attributable to an accounting adjustment needed to record the purchase of a vehicle by the Roads Department from the Sheriff that was originally purchased using these grant funds. As this fund is self-regulating, the narrative should only need to address how we will ensure that our invoicing process will change to avert this in the future and evidence that the adjusting entry was made. However, a forecast showing the fund will not produce a deficit in 2019 should accompany the narrative and support documents related to the invoices and journal entry.

FINANCIAL IMPACT
Should a plan not be filed within 30 days of notice (August 22), the SOM may withhold 25% of the local unit’s State Incentive Payments or payments issued under Public Act 140 of 1971, the Glenn Steil State Revenue Sharing Act of 1971. Once withheld, payments are not released when a plan has been filed, but when a plan has been evaluated and certified by Treasury.

STRATEGIC PLAN CONSIDERATIONS
NA
OTHER CONSIDERATIONS
The Glenn Steil State Revenue Sharing Act of 1971, Public Act 140 of 1971, Section 21(2) states that units of local government that end their fiscal year in a deficit condition shall formulate a deficit elimination plan (DEP). Any assessment of a local unit’s deficit condition should be made using the guidelines provided in Treasury Website (Numbered Letter 2016-1).

RECOMMENDATION
Based on the information presented, I respectfully recommend approval of the attached resolution to support the adoption of the Deficit Elimination Plans for both the Homeland Security Grant Fund and Fair Fund as presented.
RESOLUTION AUTHORIZING A 2018 DEFICIT ELIMINATION PLAN

WHEREAS, the State of Michigan requires the filing of a Deficit Elimination Plan whenever a fund meets the definition of a fund deficit; and

WHEREAS, the Homeland Security Grant fund and the Fair fund on the 2018 financial statements met the criteria for completing a Deficit Elimination Plan; and

WHEREAS, Homeland Security Grant fund reported a deficit of $129,112; and

WHEREAS, Fair fund reported a calculated deficit of $13,592 as defined by the State of Michigan.

THEREFORE BE IT RESOLVED, that the Controller/Administrator will authorize the transfer of $13,592 to the Fair fund from the General Fund’s fund balance.

BE IT FURTHER RESOLVED, that the Controller/Administrator will authorize the transfer of $129,112 to the Homeland Security Grant fund from the General Fund’s fund balance.

BE IT FURTHER RESOLVED, that due to the principle cause of the shortage being an accounting timing issue, that upon reconciliation of the Homeland Security Fund, the Homeland Security fund shall repay the General Fund an amount not to exceed $129,112.

BE IT FURTHER RESOLVED, that the deficit elimination plan for Homeland Security Grant fund and Fair fund be submitted to the State of Michigan for their approval.

BE IT FURTHER RESOLVED, that the execution of the plans be implemented by the Controller/Administrator.
WHEREAS, Ingham County has contracted with Plante Moran to conduct the audit for 2018; and

WHEREAS, as a result of significant staffing changes in the Financial Services Department, additional services were needed to complete the Comprehensive Annual Financial Report; and

WHEREAS, Plante Moran provided an additional 371 hours of unbudgeted time to complete the audit; and

WHEREAS, at their discounted hourly rates plus an additional professional relationship discount of 20%, Plante Moran calculated the cost of this additional unbudgeted time to be $44,520.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes a contract amendment for an additional payment of $44,520 to Plante Moran for 2018 audit costs from the Contingency Fund.

BE IT FURTHER RESOLVED, that the Controller/Administrator is authorized to make any necessary budget adjustments.

From: Kelly R. Jones, County Highway Engineer & Director of Engineering
Road Department

Date: September 3, 2019

The Road Department has determined that miscellaneous as-needed concrete, guardrail, and traffic signal construction is needed in various locations throughout the county for work unable to be performed by internal Road Department staff. The cost for the as-needed concrete, guardrail, and/or traffic signal construction is/will be budgeted in the 2019 and 2020 Road Fund Budgets.

The Road Department solicited and received sealed bids in accordance with Ingham County Purchasing policies for this project per Bid Packet #108-19, Items VII, VIII, and IX. Please note the items numbers for Bid Packet #108-19 continue sequentially from the item numbers used in Bid Packets #37-19 and #72-19 on which resolutions were submitted previously for bid approval and contract authorizations. The unit price bids were reviewed by the Purchasing and Road Departments, and both Departments were in agreement that the low bidders’ proposals met all necessary qualifications, specifications and requirements.

Item VII: As-Needed Traffic Signal Contract
Unit Price Bids applied to example projects from bid packet:
Jolly Road & College Road Intersection = $161,832.00 (ICRD engineer’s estimate = $81,051.00)
Holt Road & Waverly Road Intersection = $123,542.00 (ICRD engineer’s estimate = $61,661.00)
Hagadorn Road & Bennett Road Intersection = $156,242.00 (ICRD engineer’s estimate = $77,861.00)

Due to Item VII as-bid project costs for each of the intersections listed above resulting in approximately twice the cost of the anticipated project costs typically encountered on similar projects, the Road Department is recommending that all bids be rejected for Item VII.

VIII: As-Needed Concrete Contract
No bids were received.

Due to no bids being received for Item VIII, the Road Department is recommending the official rejection of a contract award for Item VIII.

Item IX: As-Needed Guardrail Contract
Unit Price Bids applied to example projects from bid packet:
Allen Road over Wolf Creek = $22,930.00 (ICRD engineer’s estimate = $24,676.00)
College Road over I-96 = $66,603.00 (ICRD engineer’s estimate = $65,083.00)

Due to Item IX as-bid project costs for both of the projects listed above resulting in costs in-line with anticipated project costs typically encountered on similar projects, the Road Department is recommending the contract be awarded to Action Traffic Maintenance, Inc. of Flint, MI, as they submitted the lowest responsive and responsible unit price bid for Item IX.
RECOMMENDATION
Adopt the attached, proposed resolution to reject all bids for Items VII and VIII, which includes as-needed concrete and traffic signal work for 2019 & 2020, and enter into a unit price contract with Action Traffic Maintenance, Inc for Item IX, which includes as-needed guardrail work in 2019 & 2020 as specified in the Ingham County Road Department’s Bid Packet #108-19.
Resolving the County Services and Finance Committees of the:

**INGHAM COUNTY BOARD OF COMMISSIONERS**

**RESOLUTION REJECTING ALL BIDS**
FOR ITEM VII OF BID PACKET #108-19
FOR ITEM VIII OF BID PACKET #108-19
AND
**AUTHORIZING A CONTRACT WITH**
ACTION TRAFFIC MAINTENANCE, INC
FOR ITEM IX OF BID PACKET #108-19
**AS-NEEDED CONCRETE, GUARDRAIL AND/OR TRAFFIC SIGNAL CONSTRUCTION**

**WHEREAS,** the Road Department has determined that miscellaneous as-needed concrete, guardrail, and/or traffic signal construction is needed in various locations throughout the county; and

**WHEREAS,** the cost for the as-needed concrete, guardrail, and/or traffic signal construction is/will be budgeted in the 2019 and 2020 Road Fund Budgets; and

**WHEREAS,** the Ingham County Purchasing Department solicited and received sealed bids in accordance with Ingham County Purchasing policies for this project per Bid Packet #108-19, Items VII, VIII, and IX; and

**WHEREAS,** the bids were reviewed by the Ingham County Purchasing and Road Departments, and both Departments were in agreement that the low bidders’ proposals met all necessary qualifications, specifications and requirements; and

**WHEREAS,** the low bid for Item VII results in project costs significantly greater than anticipated costs typically encountered on similar projects, so as a result, it is recommended to reject all bids received for Item VII of Bid Packet #108-19; and

**WHEREAS,** no bids were received for Item VIII, so as a result, it is recommended to reject the award of a contract for Item VIII of Bid Packet #108-19; and

**WHEREAS,** Action Traffic Maintenance, Inc of Flint, MI, submitted the lowest responsive and responsible unit price bid for Item IX as follows:

**Item IX:** As-Needed Guardrail Contract
Unit Price Bids applied to example projects from bid packet:
Allen Road over Wolf Creek = $22,930.00
College Road over I-96 = $66,603.00

**THEREFORE BE IT RESOLVED,** that the Ingham County Board of Commissioners approves the rejection of all bids for Item VII for as-needed traffic signal construction and Item VIII for as-needed concrete construction as specified in the Ingham County Road Department’s Bid Packet #108-19.
BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners approves entering into a unit price contract with Action Traffic Maintenance, Inc for Item IX for as-needed guardrail construction services as specified in the Ingham County Road Department’s Bid Packet #108-19.

SUBJECT:  Purchase of Hydraulic components and equipment for building two new tandem axle dump truck chassis.

The purpose of this correspondence is to support the attached resolution to purchase hydraulic components and equipment from Heights Machinery per Request for Bid (RFB) #165-19. These components are required for building two new tandem axle dump trucks.

The Ingham County Road Department (ICRD) needs to replace two of its existing tandem axle dump trucks (1999 Volvo Autocar trucks), which have aged past the point of economical serviceability.

The Ingham County Road Department (ICRD) has purchased two new tandem axle truck chassis from the State of Michigan MiDEAL program. The required hydraulic components and equipment are purchased separately from the truck chassis. The ICRD Maintenance Shop will install all of these components on the two new tandem axle truck chassis.

The two new tandems axle trucks are designed to meet the needs for snow plowing and maintaining county roads.

The Purchasing and Road Departments have determined which products are most advantageous for building new tandem axle trucks. This decision was based on a combination of engineering, design of equipment, availability of equipment, inventory requirements, proven reliability, and cost of labor and materials to assemble on the tandem axle trucks.

The Road Department’s adopted 2019 budget includes in controllable expenditures, funds for this and other equipment purchases.

Bids for equipment required to complete the two new tandem axle truck chassis were solicited and evaluated by the Ingham County Purchasing Department per RFB #165-19, and it is their recommendation, with the concurrence of Road Department staff, to purchase equipment from;

Heights Machinery, Inc. 8434 East M-72 Williamsburg, Mi. 49690, 2 Hydraulic tanks, 2 Hydraulic pumps & valves, 2 Hydraulic controls, 2 Spreader controls and several other smaller hydraulic components, with a total cost of $41,109.02.

Therefore, approval of the attached resolution is recommended, to authorize purchasing of the Road Department’s 2019 hydraulic components and equipment required for building two new tandem axle trucks.

RE: Adoption and Implementation of State Required Pavement Warranty Program

BACKGROUND
As part of the Transportation Funding Package of 2015, the Michigan Legislature enacted a requirement per PA 175 of 2015 (MCL 247.662 (22)) for county road agencies that each local road agency in Michigan adopt a Local Pavement Warranty Program acceptable to the Michigan Department of Transportation (MDOT).

As a result, a uniform, statewide pavement warranty program was developed by the Local Agency Pavement Warranty Task Force, consisting of MDOT, Federal Highway Administration (FHWA) Michigan Office, the County Road Association of Michigan (CRA), the Michigan Municipal League (MML), Michigan’s Local Technical Assistance Program (LTAP), municipal road agency representatives, and legal counselors. The Program included input from industry representatives to assure that the contractors’ perspectives were considered.

The intent of the Local Agency Pavement Warranty Program is to provide a warranty program that all local agencies can use for larger road projects and to establish a common pavement warranty program for all local agencies in Michigan. The goals of this warranty program are to standardize the review, to provide oversight of pavement warranty projects, and to make this program more transparent and uniform for private sector contractors.

The resulting Michigan Local Agency Pavement Warranty Program is the statewide accepted format that local agencies can use if they opt to utilize a warranty on a particular project. This Warranty Program must be adopted by every county road agency, and every agency must consider a warranty on each project involving completely new road construction, complete reconstruction, and/or utilizing any state or federal funding that also includes $2 million or more in paving-related components—base, pavement, curb or shoulder, any sub-base, and/or any sub-drainage tiling. Agencies must annually report on status of all projects with warranties secured and on projects with $2 million or more in paving-related items, regardless of whether they implemented a warranty on such projects.

The Local Pavement Warranty Program consists of various MDOT approved standard contract provisions to be included in project contracts having warranties, standard warranty bonding documents, and local agency guidelines for implementation. Upon the acceptance of a completed project having a warranty, the prime contractor’s contract and performance bonds will be released and replaced by the warranty contract and bond for the warranted work during the warranty term.
The local road agency will administer the warranty contract, inspect warranted work during the warranty period, direct and approve any remediation work, seek resolution through the warranty bond if the contractor is unresponsive in performing corrective work, and declare acceptance of all warranted/corrective work at the end of the warranty period. The contractor is responsible for correcting any and all defects attributable to elements within the contractor’s control per the applicable specifications at no cost to the agency. Otherwise, the agency may use the warranty bond to fund correction of any and all defects attributable to the contractor by other means. The program also includes a dispute resolution process.

**CURRENT ISSUE**
The legislation indicated above requires each county road agency to adopt the Local Pavement Warranty Program by passing the attached resolution to Adopt and Implement the Local Pavement Warranty Program. This resolution defines the agency’s intent to apply the warranty program consistent with the Program Guidelines and report annually on each project that includes $2 million or more in paving-related components and includes any state or federal funds.

**FINANCIAL IMPACT**
Much like insurance policies and/or consumer extended warranty programs, pavement warranties will not be free. Increased project costs should be anticipated for pavement warranties, including for the contractor’s cost of warranty bonding and some assumed costs for possible warranty repairs, and program administration such as pavement monitoring, documentation, notifications, field inspections, dispute resolution, etc.

The existing pavement structure, drainage and planned improvements for each project will need to be evaluated on an individual basis to assess justification or for a pavement warranty. County road projects often involve short stretches of pavement resurfacing to address surface conditions or safety concerns, typically with very limited funding. In addition, often these types of projects do not address the subgrade, existing aggregate base, or drainage systems, all of which are major factors in determining the longevity of a pavement surface. Therefore, the Local Agency Pavement Warranty Program is not recommended for relatively thin surface maintenance type projects.

Also if the road segment may be subjected to a significant amount of heavy truck traffic during the anticipated warranty term, the road may not be a good candidate for pavement warranties unless the project improvement is designed for such traffic. Therefore, the Local Agency Pavement Warranty Program is recommended only for road segments designated as “all-season” which are designed for year-round normal legal truck loading. Most, but not all, of Ingham County’s primary roads are designated all-season, but very few of the local roads are “all season”.

**RECOMMENDATION**
Adopt the attached resolution to adopt and implement the Local Pavement Warranty Program required by Michigan PA 175 of 2015 (MCL 247.662(22)), and developed by the Local Agency Pavement Warranty Task Force as described above.
WHEREAS, the Michigan Legislature per PA 175 of 2015 (MCL 247.662(22)) requires each county road agency to adopt a Local Agency Pavement Warranty Program approved by the Michigan Department of Transportation (MDOT); and

WHEREAS, as a result, a uniform, statewide Local Agency Pavement Warranty Program was developed by the Local Agency Pavement Warranty Task Force, consisting of MDOT, Federal Highway Administration (FHWA) Michigan Office, the County Road Association of Michigan (CRA), the Michigan Municipal League (MML), Michigan’s Local Technical Assistance Program (LTAP), municipal road agency representatives, and legal counsels, with input from industry representatives; and

WHEREAS, the intent of the Local Agency Pavement Warranty Program is to provide a warranty program that all local agencies can use for larger road projects and to establish a common pavement warranty program for all local agencies in Michigan; and

WHEREAS, the goals of this warranty program are to standardize the review, to provide oversight of pavement warranty projects, and to make this program more transparent and uniform for private sector contractors; and

WHEREAS, MDOT has reviewed and approved the Michigan Local Agency Pavement Warranty Program, consisting of various standard contract provisions to be included in project contracts having warranties, warranty bonding documents, and local agency guidelines for implementation; and

WHEREAS, the Ingham County Road Department (ICRD) agrees to consider a local pavement warranty on each ICRD project that includes completely new road construction, complete reconstruction, and/or $2 million or more in paving-related items, and includes any state or federal funds; and

WHEREAS, the Local Agency Pavement Warranty Program law requires each county road agency to annually report project and warranty status to MDOT on each project that includes a warranty and/or $2 million or more in paving-related items and includes any state or federal funds, whether or not a warranty was utilized in the project; and

WHEREAS, ICRD agrees to implement the Michigan Local Agency Pavement Warranty Program consistent with the Guidelines for Local Agency Pavement Warranty Program document that was approved by the Michigan Department of Transportation.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners on behalf of the Ingham County Road Department hereby adopts the Michigan Local Agency Pavement Warranty Program and accompanying documents developed by the Local Agency Pavement Warranty Task Force as described above in accordance with the requirements of PA 175 of 2015 (MCL 247.662(22)).
BE IT FURTHER RESOLVED, that the Ingham County Board of Commissioners on behalf of the Ingham County Road Department hereby agrees to implement the Local Agency Pavement Warranty Program and annually report in accordance with the law as described above.
