MOVED BY COMM. DOUGAN, SUPPORTED BY COMM. NOLAN, TO APPROVE THE RESOLUTION TO AUTHORIZE ACCEPTANCE OF THE CHILD AND ADOLESCENT HEALTH CENTER AWARDS FROM THE MICHIGAN DEPARTMENT OF COMMUNITY HEALTH.

Dr. Sienko introduced Ms. Stacy Morris, a resident of Haslett, who is working on her Master’s Degree in Health Care Administration at A.T. Still University, School of Health Management.

There was a brief discussion of the IHP Program membership, enrollment issues, and economic sustainability. It was noted that membership will not likely reach the enrollment numbers before 2009.

Dr. Sienko was pleased to announce the County had received the Child and Adolescent Health Center Awards from the Michigan Department of Community Health. Comm. Dougan asked what will happen if a school closes. Ms. Brinson explained that school-based health centers have been available in the County for years and are highly recognized. She stated that they have been in conversations with the School Board and various schools to initiate a Health Center in a High School, as well as, plan for a transition to another school if there are school closings. She acknowledged that Otto is on the potential school closing list.

Ms. Brinson explained that the condition of the awards is to establish a local Community Advisory Committee. She felt that School-Community Health Alliance of Michigan was qualified to provide the support and assistance in parent and youth engagement to the Community Advisory Committee. She noted that the State of Michigan wants youth participation in the Advisory Committee.

Comm. Vickers asked what would happen to the employees if the grant runs out. Ms. Brinson stated they are integrated into other County positions or laid off. She noted that this grant has been in place for the last 25 years. Dr. Sienko explained the turnover of staff.

Ms. Brinson informed the Committee that last week the County received a grant to support capital improvements. The grant will be used to purchase new equipment, technology for medical records, computers and furniture. Additionally, she stated that she is hoping to receive grant funds in the next six months or so to purchase a County-wide bus to be used for dental, primary care and mental health services. Comm. Vickers asked if the bus would go to Leslie. Ms. Brinson answered yes.
Comm. Nolan stated that having a nurse and social worker in the school is wonderful to help the children and educate the staff. Dr. Sienko stated that they would like to also start working with childhood obesity issues.

Comm. McGrain stated he wanted this pulled from the agenda because he was pleased to talk about receiving the multi-million dollar award, and the seven new positions.

5. Board of Commissioners - Resolution to Re-Establish the Position of Health Officer Within the Health Department

MOVED BY COMM. NOLAN, SUPPORTED BY COMM. KOENIG, TO APPROVE THE RESOLUTION TO RE-ESTABLISH THE POSITION OF HEALTH OFFICER WITHIN THE HEALTH DEPARTMENT.
Comm. Tennis stated this resolution is to re-establish the Health Officer position as a separate position.

Comm. Tennis explained that it may not be possible to find an applicant that is capable of performing the tasks of Medical Director, Health Officer and Medical Examiner. Comm. McGrain asked if this is split what happens to the current position. Comm. Tennis explained the position will not be eliminated, and this sets up the structure to provide flexibility when hiring either one person or more.

Comm. McGrain asked if more than one person is hired what the chain of command is. Dr. Sienko stated Michigan Public Health Code directs Local Health Departments. He explained there are two options for local health departments, one option is a Physician Health Officer and the other is an Administrative Health Officer. Additionally, in a county the size of Ingham it is required that if an Administrative Health Officer is hired there must be 1 FTE Medical Director assigned. He further explained the Health Officer is at the top in the chain of command and reports to the Board of Commissioners. Comm. Nolan asked if the Medical Director will also be the Medical Examiner. Dr. Sienko stated that the Board appoints the Medical Examiner, and the Medical Examiner does not work for the Health Officer. He added the Health Officer hires the Medical Director. Dr. Sienko provided his professional opinion that there are certain personal and professional difficulties being the Medical Examiner. He stated that he is currently working on an alternative solution with Sparrow Hospital.

Dr. Sienko noted he is 1 of 2 Physician Health Officers in the State of Michigan and the remainder are Administrative Health Officers.

Comm. Koenig expressed concern regarding hiring an Administrative Health Officer, and the chain of command when hiring a Medical Examiner. Comm. Tennis stated that the Board of Commissioners can appoint someone or use a 3rd party source. There was a discussion of Medical Examiner support by Sparrow Hospital for several counties statewide.

Comm. McGrain asked for an update of the discussion and vote of the other liaison meetings. Mr. Cypher stated each Committee approved the resolution. Comm. Vickers explained the discussion of splitting the position. Comm. Dougan explained it was requested to re-evaluate the scope of work and re-classification of the wage.

MOTION CARRIED UNANIMOUSLY.

RE: Resolution to Authorize a Consulting Agreement with the Michigan Association for Local Public Health

Like many state and local health departments, the Michigan Department of Community Health (MDCH) intends to apply for national accreditation in the coming years. Under Public Health Accreditation Board rules, MDCH must first complete a statewide community health needs assessment before it applies.

MDCH has turned to the Michigan Association for Local Public Health (MALPH) for help with coordinating several regional health needs assessment meetings to gather input on the health priorities of Michiganders. MALPH is asking local health departments to facilitate these meetings.

The Ingham County Health Department facilitated such a meeting on July 26, 2011, for Region 1, which is comprised of eight local health departments. This work included advising MDCH on the structure of the meeting, arranging for the space and food, arranging for audio-visual equipment and inviting guests. Approximately 94 people from throughout Mid-Michigan attended the meeting held at Pattengill Middle School in Lansing. The meeting went well and MDCH received good data to support its needs assessment.

MALPH will reimburse the Health Department up to $10,000 for the expenses related to this meeting. Expenses incurred for the meeting were approximately $1,200. Additional costs will include travel expenses for attendees who came from outside the Lansing area. In addition, MALPH will also compensate the Health Department in the amount of $5,000 for facilitating the meeting. In order to receive these funds, and be reimbursed for our expenses, MALPH is requesting the Health Department to sign a consulting agreement.

I recommend that the Board approve this resolution authorizing a consulting agreement in order for the Health Department to be reimbursed and compensated for facilitating this meeting.
WHEREAS, the Michigan Association for Local Public Health (MALPH) is coordinating a series of community health needs assessment meetings across Michigan to gather input on the health priorities of Michiganders on behalf of the Michigan Department of Community Health; and

WHEREAS, MALPH is entering into consulting agreements with local governments to facilitate these meetings; and

WHEREAS, the Ingham County Health Department facilitated such a meeting on July 26, 2011, at Pattengill Middle School in Lansing; and

WHEREAS, MALPH will reimburse the Health Department up to $10,000 for expenses related to facilitating the meeting through a consulting agreement; and

WHEREAS, MALPH will compensate the Health Department $5,000 for its role in facilitating this meeting.

THEREFORE BE IT RESOLVED, that the Ingham County Board of Commissioners authorizes a consulting agreement with the Michigan Association for Local Public Health for facilitation of the July 26, 2011 community health needs assessment meeting at Pattengill Middle School in Lansing.

BE IT FURTHER RESOLVED, that the term of the agreement is July 25, 2011 through September 30, 2011.

BE IT FURTHER RESOLVED, that the Controller/Administrator is authorized to amend the Health Department’s 2011 Budget in order to implement this resolution.

BE IT FURTHER RESOLVED, that the Board Chairperson and County Clerk are authorized to sign any necessary documents consistent with this resolution after approval as to form by the County Attorney.

RE: Authorization for the Intergovernmental Transfer of Funds to Support Disproportionate Share Hospital payment to Ingham Regional Medical Center and Sparrow Health System

This is a recommendation to authorize the transfer of funds to the State of Michigan for the purpose of supporting Disproportionate Share Hospital (DHS) payments to Ingham Regional Medical Center and Sparrow Health System. The Federal government approved Michigan’s Medicaid State Plan Amendment TN No. 05-13, effective June 1, 2006, which created an “Indigent Care Agreements Pool” for hospitals which qualified for Medicaid Disproportionate Share (“DSH”) payments and allowed them to receive DSH payments under the Indigent Care Agreements Pool so long as: (a) the hospital had an Indigent Care Agreement with a local health care entity, such as Ingham Health Plan Corporation; and (b) the Indigent Care Agreement stipulated that direct or indirect health care services be provided to low-income patients with special needs who are not covered under other public or private health care programs. Both Ingham Regional Medical Center and Sparrow Health are qualified to receive these special payments.

The Ingham Health Plan Corporation (IHPC) was created in 1998 as a non-profit corporation for the purposes of promoting, arranging, and managing an effective system of health care in a manner which decreases the cost of health care services to the community at large and persons unable to pay for such care. The Corporation also supports certain public health services which are directed at low-income, uninsured persons, including services delivered by the Ingham County Health Department.

The attached resolution will authorize the County Controller and the County Treasurer to transfer to the State of Michigan up to $3.8 million annually from the Health Fund to support Disproportionate Share Hospital Payments to Ingham Regional Medical Center and Sparrow Health System. The transfers will be made after confirmation of the following conditions:

♦ Ingham Regional Medical Center and/or Sparrow Health System have signed Indigent Care Agreement(s) with the Ingham Health Plan Corporation for the time period of October 1, 2011 through September 30, 2012.

♦ The Ingham Health Plan Corporation has executed an agreement with Ingham County to purchase administrative support services and an agreement with Ingham County to provide primary care services and outreach services.

♦ The State has indicated that Ingham Regional Medical Center and/or Sparrow Health System are eligible to receive ICA-based DSH payments at the level supported by the intergovernmental transfer.

I recommend that the Board of Commissioners adopt the attached resolution and authorize the intergovernmental transfers.

Subject: CPBC Agreement Amendment #3 for 2010-2011

This is a recommendation to authorize Amendment #3 of the 2010-2011 Comprehensive Planning, Budgeting and Contracting (CPBC) Agreement with the Michigan Department of Community Health (MDCH). The CPBC Agreement is the annual process whereby the MDCH transmits State and Federal funds to Ingham County to support public health programs. The CPBC Agreement establishes the funding levels and the terms and conditions under which the funds are disbursed. The Board of Commissioners authorized the 2010-2011 Agreement in Resolution #10-334 and authorized amendments in resolutions #11-115, #11-149 and #11-184. We expect this to be the final amendment of the 2010-2011 fiscal year.

The CPBC Agreement is regularly amended to adjust funding levels and clarify terms and conditions. Amendment #3 will increase the budget for Comprehensive Local Health Services from $5,185,280 to $5,205,019 for a net increase of $19,739. The Amendment makes the following specific changes in the budget:

1. Bioterrorism, a decrease of $4,976 to $26,185.
2. Family Planning/BCCCP Joint Project, an increase of $715 to $13,695.
3. PRIME local learning collaborative, new funding of $24,000.

Regarding Item 1, reduction in funding to support bioterrorism activities under public health emergency preparedness: this adjustment is the result of differences between CDC and MDCH fiscal years. CDC support for bioterrorism preparedness has been reduced in the next fiscal year. However, the CDC fiscal year starts in August so the change is reflected in this year’s MDCH budget. This change is fully anticipated in our 2011-12 proposed budget.

Regarding Item 3, support for the PRIME local learning collaborative: these funds are for continuing the work that Ingham and Washtenaw Counties are doing on health equity and social justice first authorized by the Board of Commissioners in resolution #11-042.

I recommend that the Board of Commissioners adopt the attached resolution.

RE: Request to Authorize the Use of the County Logo on the 4D Medtipster Rx Discount Card

The Ingham County Health Department and the Ingham Health Plan request that the Ingham County Board of Commissioners endorse the use of the Medtipster Rx Discount Card through 4D Pharmacy, Inc. and allow the use of the County logo.

The Ingham Health Plan has operated the Capital Area Prescription Program through the 4D Pharmacy, Inc. since 1998. This program provides medications at a reduced rate to registered cardholders who have no other prescription coverage. The average savings is 30% off the retail price. This card is provided to County residents at no charge and is a no-cost community benefit of the Ingham Health Plan’s relationship with pharmacy benefit managers.

4D Pharmacy, Inc. has a new card available, the Medtipster Rx Discount Card. This new card is still available at no cost and provides pharmacy discounts and adds dental and vision discounts as well. Additionally, the Medtipster Rx Discount Card does not require card holders to register, which makes the card easier to distribute and use.

Ingham Health Plan requests that the Ingham County Board of Commissioners endorse the Medtipster Rx Discount Card and allow the County logo to be placed on the card. The County logo will add credibility to the card and will represent the partnership between Ingham County and Ingham Health Plan as they provide services to County residents. Medtipster Rx Discount Cards will be available at all Ingham County Health Department Community Health Centers as well as at community partner locations throughout the County.

The Medtipster Rx Discount Card will replace the Capital Area Prescription Program card at no cost. I recommend that the Ingham County Board of Commissioners endorse the Medtipster Rx Discount Card and approve the use of the County logo on the cards.

Attached is the job description for Veteran Benefits Counselor position. Supervisory responsibilities performed by the Deputy Director will be absorbed by the Director and other non supervisory tasks will be distributed among other staff members.

This will allow the department to continue to have three counselors (two veteran benefits counselors and Director) providing services to our veterans. I am requesting authorization for fill the Veteran Benefits Counselor position immediately after September 30, 2011 to avoid a 33% drop in the Department’s ability to provide services to our clients.
Delays in services would include the following:

- **Intake, assessment, and referral of combat veterans seeking services for post traumatic stress disorder.** This not only includes veterans from Afghanistan and Iraq but also Vietnam and Korea. Many veterans have difficulties working up the courage to seek treatment and it is this department’s responsibility to encourage and respond promptly to these requests. We do not want to become another part of the bureaucracy that more often than not has a “take a number and stand in line attitude”. Often times when a combat veteran is put off in their initial request to seek help they end up back “outside the wire” for a prolonged period of time. Often this results in encounters with local law enforcement, the judicial system and others. Currently at any one time there are approximately fifty veterans in 54B District Court in the Veteran Court Program. A significant number of these are combat veterans with untreated post traumatic stress disorder.

- **Intake and processing of applications for emergency financial assistance.** This Department has two programs that assist war era veterans and their dependents in meeting their basic needs in times of emergency. This would include requests for food, housing, and utilities. Since this Department has been receiving funding under PA 214 we have identified 75% of our clientele as indigent. 100% of veterans/surviving spouses requesting emergency assistance through these two programs are identified as indigent.

- **Intake and processing of applications for pension and death pension claims.** These are two programs that are income based and effect not only what would be considered “low income” clientele but also those that perhaps have “reasonable income” but have significant costs for nursing home care, assisted living care, adult foster care, in home attendant care etc. This would include our WWII veterans and their spouses, Korean War veterans and their spouses, and an ever increasing number of Vietnam Veterans and their spouses. These two programs help assist with the costs that are associated with ones inability to provide for their activities of daily living.

- **Intake and processing of disability compensation claims (military related disabilities), burial benefits, loan guaranty benefits, transportation services, outreach activities and others.**

The budget office has been consulted on this request for reorganization and waiver of the hiring freeze/delay and there are no negative financial implications for these actions.
