ACTION ITEMS:
The Deputy Controller is recommending approval of the following resolutions

3. **Facilities**
   
b. **Resolution Awarding a Contract to the Architectural and Engineering Firm of Hobbs and Black to Provide Architectural and Engineering Services for the Ingham County Health Department Renovation Project**

This resolution authorizes a contract with Hobbs & Black to provide architectural and engineering services for the renovation of the Human Services Building. This renovation is necessary because it is a part of the overall clinical site location plan that includes the purchase of the new health center at 2316 S. Cedar (McLaren Building). Hobbs & Black submitted the lowest responsive and responsible bid to provide architectural and engineering services for the Ingham County Health Department renovation project for a not to exceed cost of $32,300.

4. **Health Department**
   
a. **Resolution to Authorize Lease Agreement for 1115 South Pennsylvania Avenue, Lansing for a Health Center Site**

This resolution authorizes a lease agreement for a new community health center site. This agreement is necessary because the lease agreements for the Sparrow and St. Lawrence clinics are expiring and will not be renewed. Both of those clinical locations will be combined into this site. The terms of the proposed property lease agreement would be for five years commencing October 1, 2014, with a two-year option to renew. The lease would include 10,316 square feet, at a rental rate of $19.00 per square foot, which includes utilities and janitorial services. The rental rate would escalate 1.5% annually the first five years of the lease, and the two-year option would have a 2.5% annual escalation. The proposed site is an increase of 1,930 square feet currently from St. Lawrence and Sparrow combined. While the cost per square foot and the annual escalation rate for the proposed property are lower than the current cost per square foot and annual escalation rate for St. Lawrence and Sparrow leases, the cost for the proposed new property is an increase of 9% annually from the current St. Lawrence and Sparrow leases. This increase will be covered through an increase in 330(e) Base Funding through a PCMH Recognition Award through HRSA anticipated in FY 2015 funding.

   
b. **Resolution to Accept Health Center Capital Development Financial Assistance from the Michigan Primary Care Association**

This resolution will authorize the acceptance of up to $20,000 from the Michigan Primary Care Association (MPCA) Michigan Health Center Capital Development Program for professional pre-development services related to the renovation of the new Ingham Community Health Center site located at 2316 South Cedar Street, Lansing.

   
c. **Resolution to Authorize Amendment #2 to the 2013-2014 Comprehensive Agreement with the Michigan Department of Community Health**

This resolution authorizes Amendment #2 of the 2013-2014 Comprehensive Agreement with the Michigan Department of Community Health (MDCH). Amendment #2 will increase the budget for Comprehensive Local Health Services from $5,161,497 to $5,202,259, an increase of $40,762. The amendment makes the following specific changes in the budget:
1. Nurse Family Partnership Services, an increase of $300 to $485,300.
2. PRIME Local Learning Collaborative, an increase of $10,000 to $14,000.
3. Sexually Transmitted Disease (STD) Control, an increase of $25,672 to $34,230.
4. TB Control, an increase of $4,790 to $26,268.

Regarding Item #2, the State is providing funds to support MDCH directed training provided by the Health Department’s Access to Health unit. Item #3 extends the State’s grant support of the STD Control program until September 30, 2014.

d. Resolution to Amend the Collaborative Agreement with the Capital Area United Way
Ingham County has had a collaborative agreement with the Capital Area United Way (CAUW) under which the CAUW administers funds to support the Community Indicators Project which is a core component of the Health Department’s strategy for informing the community about health status. The County, along with several partners all contribute funds to the Community Indicators Project. A significant aspect of this project is the administration of the Behavioral Risk Factor & Social Capital Survey (BRF&SC Survey). This survey of the adult population of Ingham, Eaton, and Clinton counties, is an important source of data on health behaviors, outcomes, healthcare status and other matters of health and wellness. The current agreement expired on September 30, 2013. This resolution extends the agreement through September 30, 2014. The amount of the amendment is $38,051. Funds for this project are included in the 2014 budget.

e. Resolution to Update Authorized Signers of Forms 855A and 855B
The attached resolution will update the authorized signers of Forms 855A and 855B for enhanced Medicaid and Medicare reimbursements through Ingham County Health Department’s Community Health Centers. Therefore, this resolution will update the authorized signers of Forms 855A and 855B to align with current positions and indicate the percent of management control each position has over the Health Center providers.

5. Controller’s Office – Resolution Approving Criteria for Evaluating 2015 Applications for Community Agency Funding
This resolution establishes the criteria by which each agency’s application will be evaluated for the 2015 Community Agency funding process. If the resolution is approved as presented, the Controller/Administrator’s Office will accept applications for Community Agency funding in July. Applications will then be evaluated by the Controller/Administrator’s Office with priority given to proposals that directly contribute to addressing the County’s long-term priority of “Meeting Basic Needs”, such as food, clothing, and shelter. The recommendations made by the Controller/Administrator’s Office on funding levels for each applicant agency will then be presented to the Board of Commissioners for consideration and approval in November.

SUBJECT: RESOLUTION AWARDING A CONTRACT TO THE ARCHITECTURAL AND ENGINEERING FIRM OF HOBBS AND BLACK TO PROVIDE ARCHITECTURAL AND ENGINEERING SERVICES FOR THE INGHAM COUNTY HEALTH DEPARTMENT RENOVATION PROJECT

The resolution before you authorizes awarding a contract to the architectural and engineering firm of Hobbs and Black to provide architectural and engineering services for the Ingham County Health Department renovation project.

The Health Department’s Community Health Centers are consolidating so they are prepared to meet the increased demand for services in the coming years and provide economies of scale.

The intent of this project is to renovate portions of the Health Department with the least amount of demolition possible and to re-use the existing spaces to the greatest degree possible. The plan includes transitioning adult services to a separate building and realigning its woman’s and children’s services to the Human Services Building.

The Facilities Department is asking for authorization to allow the Controller to make changes and approve any unforeseen design costs.

The Purchasing Department submitted proposals and after careful review of the bids, it is the recommendation of both the Purchasing and Facilities Departments to award a contract to Hobbs and Black, a local company, who submitted the lowest responsive and responsible bid to provide architectural and engineering services for the Ingham County Health Department renovation project for a not to exceed cost of $32,300.00.

The funds for this project are available within the approved CIP Line Item 511-61553-976000-02011.

I recommend approval of this resolution.

Subject: Resolution to Authorize Lease Agreement for 1115 South Pennsylvania Avenue, Lansing for a Ingham Community Health Center Site

The attached resolution will authorize the Health Department to enter into a lease agreement with CAMAO, LLC for the property located at 1115 South Pennsylvania Avenue, Lansing (formerly Concentra Medical Center) for the operation of an Ingham Community Health Center.

The current lease agreements with Sparrow Health Systems for St. Lawrence Community Health Center and Sparrow Community Health Center will expire on September 30, 2014 and will not be renewed. Health Center operations at these two sites must be relocated and will be consolidated into a new location. This relocation and consolidation maintains compliance with the requirements of a HRSA 330(e) Federally Qualified Health Center (FQHC). The property at 1115 South Pennsylvania Avenue, Lansing suits the necessary requirements for maintaining FQHC status and recognition as a Patient Centered Medical Home (PCMH).

The terms of the proposed property lease agreement would be for five years commencing October 1, 2014, with a two-year option to renew. The lease would include 10,316 square feet, at a rental rate of $19.00 per square foot, which includes utilities and janitorial services. The rental rate would escalate 1.5% annually the first five years of the lease, and the two-year option would have a 2.5% annual escalation.

The proposed site is an increase of 1,930 square feet currently from St. Lawrence and Sparrow combined. While the cost per square foot and the annual escalation rate for the proposed property are lower than the current cost per square foot and annual escalation rate for St. Lawrence and Sparrow leases, the cost for the proposed new property is an increase of 9% annually from the current St. Lawrence and Sparrow leases. This increase will be covered through an increase in 330(e) Base Funding through a PCMH Recognition Award through HRSA anticipated in FY 2015 funding.

I recommend that the Board of Commissioners adopt this resolution to authorize the Health Department to enter into a lease agreement with CAMAO, LLC for the property located at 1115 South Pennsylvania Avenue, Lansing (formerly Concentra Medical Center) in order to sustain the combined operations of the St. Lawrence and Sparrow Community Health Centers as a single PCMH Federally Qualified Health Center.

This survey of the adult population of Ingham, Eaton, and Clinton counties, it is an important source of data on health behaviors, outcomes, healthcare status and other matters of health and wellness.

The current agreement expired on September 30, 2013. I am requesting authorization to amend the contract to extend the agreement through September 30, 2014. The amount of the amendment is $38,051. Funds for this project were anticipated in our 2014 budget. This amount is the same as the previous year.

Other funding partners on this initiative, BEDHD and MMDHD, have submitted their share of the funding for this project to the CAUW, but data collection will not resume until Ingham County Health Department has done the same.

The BRF&SC Survey allows us to continue monitoring the health and well-being of our residents and utilize the resources of our department more effectively.

I recommend that the Board of Commissioners adopt the resolution.

RE: Resolution to Update Authorized Signers of Forms 855A and 855B

The attached resolution will update the authorized signers of Forms 855A and 855B for enhanced Medicaid and Medicare reimbursements through Ingham County Health Department’s Community Health Centers. As Federally Qualified Health Centers and Federally Qualified Health Center Look-Alikes, the Public Health Services Act enables Ingham County Health Department’s Community Health Centers to obtain enhanced reimbursement through Medicaid and Medicare. The Health Department is required to complete Forms 855A and 855B each time it establishes, changes, or terminates a health center location or it will lose its ability to obtain enhanced reimbursements through Medicaid and Medicare.

Two of the positions previously authorized by the Ingham County Board of Commissioners to sign Forms 855A and 855B have changed: the vacant Community Health Center Chief Operating Officer position has been eliminated and the Community Health Center Deputy Health Officer/Chief Executive Officer position/title has been changed to Deputy Health Officer/Executive Director Community Health Services. Therefore, this resolution will update the authorized signers of Forms 855A and 855B to align with current positions and indicate the percent of management control each position has over the Health Center providers.

I recommend that the Ingham County Board of Commissioners authorize this resolution to update the authorized signers of Forms 855A and 855B.

This resolution establishes the criteria by which each agency’s application will be evaluated for the 2015 Community Agency funding process.

If the resolution is approved as presented, the Controller/Administrator’s Office will accept applications for Community Agency funding in July. Applications will then be evaluated by the Controller/Administrator’s Office with priority given to proposals that directly contribute to addressing the County’s long-term priority of “Meeting Basic Needs”, such as food, clothing, and shelter.

The recommendations made by the Controller/Administrator’s Office on funding levels for each applicant agency will then be presented to the Board of Commissioners for consideration and approval in November.

In FY 2014, $200,000 was made available for community agencies, and 30 agencies were awarded funding.
